1. DESCRIPTION OF PLAN

The following brief description of the Alliance Family of Companies Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all employees of Respiratory Sleep Solutions and any participating affiliates (the Plan Sponsor) who meet certain eligibility criteria. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The administration of the Plan is the responsibility of the Plan Sponsor. Reliance Trust Company serves as the trustee of the plan and is responsible for the custody of plan assets and execution of investment transactions. ADP, Inc. provides recordkeeping and administrative services for the Plan, including maintaining participant accounts and executing participant-initiated activity.

Participation

All employees of the plan sponsor who have completed one month of service are eligible to participate in the Plan. Employees receive credit for one month of service following the end of the first month in which they complete one hour of service.

Contributions

Participants may voluntarily contribute up to 80 percent of pre-tax annual compensation as defined in the Plan, subject to maximum contribution provisions imposed by the Internal Revenue Code (IRC). Unless employees affirmatively elect not to participate in the Plan, they will be automatically enrolled at an elective deferral rate of 5% upon reaching eligibility. Automatically enrolled participants' deferral rates will increase by 1% per year up to a maximum of 10%. The Plan Sponsor's matching contributions are equal to 50 percent of the first 5 percent of compensation contributed by the participant to the Plan through salary deferral. Participants direct the investment of both voluntary and matching contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contribution, an allocation of Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the Plan Sponsor's matching contributions at a rate of 20% for each year of service and are 100% vested after completing 5 years of service.

Payment of Benefits

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, disability, hardships, death and termination benefits for those participants who are eligible to receive such benefits. Upon termination of service, participants can elect to have a qualified rollover of their vested balance, receive an annuity, or a lump-sum distribution, as defined in the Plan document.

1. DESCRIPTION OF PLAN (Continued)

Hardship withdrawals
Hardship withdrawals from the Plan are permitted from participant accounts. All hardship withdrawals must comply with rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50 percent of their vested account balances reduced by any outstanding loan balance within the past 12 months ending on the day before the new loan is made, with a minimum loan amount of $1,000. Principal and interest is paid ratably through payroll deductions for a period not to exceed 5 years. The notes bear interest at a fixed rate of Prime plus 2% as determined by the Plan Administrator.

Forfeitures
In accordance with the Plan document, forfeitures of non-vested employer contributions may be used to reduce future Plan Sponsor contributions or to reduce administrative expenses of the plan. The amount of forfeitures used to reduce employer contributions was $15,455 for the year ended December 31, 2017.

Administrative Expenses
Administrative expenses of the Plan are to be paid from Plan assets or by The Plan Sponsor.

Plan Termination
Although the Plan Sponsor has not expressed any intent to do so, it has the right to terminate the Plan subject to provisions set forth by ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America.

Investments
The Plan's investments in registered investment companies are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments in Common/collective trusts (CCTs) are stated at net asset value (NAV) as a practical expedient to fair value as determined by the issuer of the fund. The primary investment objective of the CCTs is preservation of principal while providing interest income reasonably obtained under prevailing market conditions and rates.

Investments in the CCT are subject to various withdrawal restrictions. Generally, individual plan participants cannot make a withdrawal from the CCT and invest the proceeds of such withdrawal in a competing investment option unless such proceeds are first invested in a non-competing investment option for ninety days or more from the date of the initial withdrawal. The Plan is required to give twelve months' irrevocable written notice to the Trustee of an intention to with draw all or a portion of its participation in the fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Changes in the current value of investments held during the year, including realized gains and losses on assets bought and sold during the year, are reflected in the statements of changes in net assets available for benefits as net appreciation or depreciation in the fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Fair Value Measurements
The Plan uses various valuation techniques in determining fair value. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimate about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation does not entail a significant degree of judgment.

  Registered investment companies: Valued at fair value based on quoted market prices in active markets.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

  The Plan has no assets which are valued using Level 2 inputs.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

  The Plan has no assets which are valued using Level 3 inputs.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions in accordance with the terms of the Plan document.

Payment of Benefits
Benefit payments are recorded when paid.

Excess contributions payable
Amounts payable to participants for contributions to the Plan in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in participant contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

3. INVESTMENT INFORMATION

The following information was certified by Reliance Trust Company, the trustee of the Plan, as complete and accurate and is included in the financial statements and supplemental schedule:

	2017	2016
Investments	$ 3,932,197	$ 1,763,991

Net appreciation in fair value of investments	$ 349,583	$ 29,275

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31:

Investments, measured using net asset value as practical expedient				70,279
Total investments				$ 1,763,991

4. INCOME TAX STATUS

The plan adopted a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service, dated July 8, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the plan's financial statements.

5. PARTIES-IN-INTEREST

ADP, Inc. serves as the record keeper of the Plan's investment assets and Reliance Trust Company serves as the Trustee. Consequently, transactions between these parties and the Plan qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

6. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. The following table reconciles the Plan's net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:
