Vastec, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Vastec, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Summary Description for a more complete description of the Plan's provisions.

1. General

The Plan, adopted January 1, 2006 and subsequently amended and restated December 1, 2013, is a defined contribution plan and trust covering employees of Vastec, Inc., Able Force, Inc, Salem Law Group, P.A., Thermal Matrix USA, Inc, Salem Enterprise Solutions, LLC, and Enable America, Inc (collectively referred to as the “Company”). In order to be eligible to participate in the Plan, employees must have attained age 18 and completed one year of service during the year of entry to be eligible for employee salary deferrals. In addition to employee deferrals, the Company may make a discretionary matching contribution equal to a uniform percentage of each tier of employee salary deferrals. Each year, the Company will determine the amount of the discretionary percentage, if any. The Company may also make discretionary profit sharing contributions to employee accounts. In order to share in any profit sharing contribution for a plan year, the employee must be employed on the last day of the plan year and completed a year of service during the plan year. Furthermore, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Contributions

Participants shall be permitted to make elective deferrals in any amount up to the amount of the Internal Revenue Service limits, which was $18,000 for the year ended December 31, 2017. Participants are also permitted to make Roth deferrals. The Company may make matching contributions and/or profit sharing contributions at the discretion of the Company's management.

3. Participant Accounts

Each participant in the Plan has a separate account that is credited with (a) the Company's contributions, (b) the employee's elective contributions, and (c) the allocation of Plan's earnings or losses based on investment fund or account elections. Allocations are based on the prorated earnings of the employee compared to the total earnings of all participants in the same investment.

4. Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in their employer contribution account for profit sharing or matching contributions are on a sliding scale based on their number of years of service as follows:

NOTE A - DESCRIPTION OF THE PLAN - Continued

Years of Service	Vested Percentage
Less than One	0%
1	0%
2	25%
3	50%
4	75%
5	100%

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), meets the requirements for early retirement, dies, or becomes totally and permanently disabled. Any elective deferrals, qualified non-elective contributions, qualified matching contributions, rollover contributions, plus or minus any earnings or losses, are 100% vested and cannot be forfeited for any reason.

5. Payment of Benefits

Benefit payments are made in the form of a single lump-sum if the employee's vested balance is $1,000 or less; or the participant can elect a single lump-sum payment, installment payments, or a partial withdrawal for vested balances over $1,000. Plan participants will be entitled to 100% of their account balance upon normal retirement, death, or becoming permanently disabled. If employment is terminated for any reason other than those previously mentioned, the participants will only be entitled to that portion of the employer contributions for which they are vested. Participants are entitled to 100% of the account balance of any salary reduction or voluntary contributions made on their own behalf.

6. Forfeitures

Forfeitures consist of matching and profit sharing contributions and the Company may use forfeitures to reduce amounts otherwise required to be contributed to the Plan. The Plan had $9,703 in forfeitures from non-vested accounts during the year ended December 31, 2017.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are carried at the net asset (unit) value of trust funds as reported by the Trustee. This amount approximates fair value determined by quoted market prices of investments held in mutual funds. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis.

The Plan presents the net appreciation or depreciation in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits, which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable from Participants

Participants may borrow monies from the Plan at an amount that does not exceed the lesser of $50,000 or 50% of a participant's vested account balance. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant fails to make payments when they are due under the terms of the loan, the loan will be considered to be in default. The Plan will consider a loan to be in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due.

The Plan has the authority to take all reasonable actions to collect the balance owed on the loan. This could include filing a lawsuit or foreclosing on the security for the loan. Under certain circumstances, a loan that is in default may be considered a distribution from the Plan and could be considered taxable income to the participant. In any event, failure to repay a loan will reduce the benefit an employee would otherwise be entitled to receive from the Plan.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's Investments were held by Ascensus Trust Company during the years ended December 31, 2017 and 2016.

The Plan adheres to the provisions of Financial Accounting Standards Board, *Accounting Standards Codification* 820 ("FASB ASC 820). FASB ASC 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1 measurement), a middle priority to quoted prices for similar assets or liabilities (level 2 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017:

Money market and mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Investments in certain mutual funds are valued at quoted market prices of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present financial assets measured at fair value on a recurring basis as of December 31,:

2017	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Money market fund	$ 33,179	$ 33,179	$ -	$ -
Mutual funds	1,160,976	1,160,976	-	-
Total	$ 1,194,155	$ 1,194,155	$ -	$ -

NOTE C - FAIR VALUE MEASUREMENTS - Continued

2016	Fair Value	Inputs	Inputs	Inputs
Money market fund	$ 1,341	$ 1,341	$ -	$ -
Mutual funds	926,822	926,822	-	-
Total	$ 928,163	$ 928,163	$ -	$ -

NOTE D - INVESTMENTS

The net appreciation including realized gains and losses on investments, in fair value, for the year ended December 31, 2017 follows:

Mutual funds- net appreciation	$ 135,392

NOTE E - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and terminate the Plan pursuant to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE F - TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan’s investment trustee has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan sponsor’s management and Trustees do not believe any uncertain tax positions have been taken with respect to the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. All tax years since 2014 are subject to examination by the Internal Revenue Service.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Fees paid for administrative expenses amounted to $12,671 for the year ended December 31, 2017. Included in administrative fees were $12,191 for investment management fees for the year ended December 31, 2017.
