1. PLAN DESCRIPTION

The following description of Loewy Enterprises, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which became effective on January 1, 2000 to provide retirement benefits for eligible employees of Loewy Enterprises, Inc. (the "Company"). The Company is the Plan Administrator and Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees become eligible to participate in the Plan after three months of service, attaining the age of 21 and working a minimum of at least 1,000 hours. The Plan offers enrollment dates on the first day of the following month after the employee has met the age and service requirements.

Contributions

Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such deferrals shall not be less than 1% or exceed 100% of compensation as defined under the Plan, subject to limitation of the Internal Revenue Code ("IRC"), up to a maximum amount of $18,000 for the 2017 Plan year. Participants that are 50 years of age or older who have met the annual IRC deferral limit or the specified plan limit of the deferral, may contribute catch-up deferral contributions of up to $6,000 for 2017. Participants may also rollover amounts representing distributions from other qualified plans.

All contributions to each participant's account are self-directed by the participant into one or more of the investments offered under the plan.

The Plan permits the Company to make discretionary matching contributions to all participants' accounts, as defined by the Plan. For the year ended December 31, 2017, the Company made discretionary matching contributions of 100% of each participant's deferral, up to 3% of the participant's compensation, and 50% of the participant's deferral that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation, as defined by the Plan. For the year ended December 31, 2017, employer discretionary matching contributions totaled $86,186.

The Plan also permits the Company to make a discretionary profit sharing contribution to participants' accounts, as defined by the Plan. For the year ended December 31, 2017, there were no discretionary profit sharing contributions made to the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service according to the following schedule:

Years of Vesting Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through bi-weekly payroll deductions. The interest rate on borrowings was 4.50-5.25% and 4.25% - 4.50% as of December 31, 2017 and 2016, respectively. The repayment term is 54 months or less, or up to 20 years for the purchase of a primary residence, paid ratably through payroll deductions. Interest income on notes receivable from participants is recorded when it is earned. Interest income earned on notes receivable from participants was $650 for the year ended December 31, 2017.

Benefits Payment

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries are entitled to the entire account balance. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Benefits to which a participant is entitled under the Plan will be distributed in a lump sum, either as a cash payment or as a rollover to another retirement plan or in certain cases the participant can continue in the Plan with no further contributions made on their behalf.

1. DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or to reduce employer contributions. No forfeitures were used to reduce Plan expenses or employer matching contributions during the year ended December 31, 2017. As of December 31, 2017 and 2016, the Plan had $7,010 and $0, respectively, available for future use.

Plan Amendments

There were no amendments to the Plan during the year ended December 31, 2017.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on an accrual basis and in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income and Loss Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income on notes receivable from participants is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net realized and unrealized gains and losses are reflected in the statement of changes in net assets available for benefits as net appreciation in the fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain administrative expenses are paid by the Company and accordingly are not reflected in the accompanying financial statements of the Plan. For the year ended December 31, 2017, costs paid by the Plan totaled $880.

Corrective Distributions

The Plan is subject to certain compliance requirements of non-discrimination rules under ERISA and IRS guidelines. For the Plan year ended December 31, 2017, the Plan took corrective action by returning to participants an amount of excess contributions and related investment income and losses of $3,603. $3,603 and $6,000 were recorded as liabilities at December 31, 2017 and 2016, respectively.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 19, 2018, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent)* ("ASU 2015-07"). The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. ASU 2015-07 is effective for interim and annual reporting periods beginning after December 15, 2016 and early adoption is permitted. The Plan adopted this update as of January 1, 2017. The adoption of this update did not have a significant impact on the Plan's financial statements as the Plan currently does not hold any investments for which fair value is measured using NAV per share as a practical expedient.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncement (continued)

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans*, *Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. The following is a summary of the revised guidance contained in ASU 2015-12:

Part 1 amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The amendments in Part I and Part II should be applied retrospectively for all financial statements presented, and the amendments in Part III should be applied prospectively. This ASU should not change the Plan's total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. The Plan adopted Part II of this pronouncement effective December 31, 2016. Parts I and III of ASU 2015-12 are not applicable to the Plan.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding all investments at fair value, investment income, notes receivable from participants and interest income on notes receivable from participants as shown in the accompanying financial statements and supplemental schedules, has been certified by the Trustee as being complete and accurate.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified as complete and accurate by the Plan's Trustee need not be audited or reported on by an independent auditor. Pursuant to that regulation, the Plan administrator has instructed its independent auditors not to perform any auditing procedures with respect to information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, certified by the Trustee.

4. FAIR VALUE MEASUREMENTS

The Plan adopted the provisions of FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* or ASC 820, with respect to its investments. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs.

- ***Level 1*** – Quoted market prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- ***Level 2*** – Inputs other than level 1 that are observable for the assets or liability, either directly or indirectly.
- ***Level 3*** – Unobservable inputs used to measure fair value to the extent that observable inputs are not available.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end as listed on various trading exchanges and are classified as Level 1 investments.

Money market fund: Valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year-end and are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 3,730	$ –	$ –	$ 3,730
Mutual funds	742,856	–	–	742,856
Total	$ 746,586	$ –	$ –	$ 746,586

4. FAIR VALUE MEASUREMENTS (continued)

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 410,999	$ –	$ –	$ 410,999
Total	$ 410,999	$ –	$ –	$ 410,999

There have been no changes in the methodology used to measure fair value at December 31, 2017 and 2016.

5. PARTY-IN-INTEREST TRANSACTIONS

The Trustee is a party-in-interest as defined by ERISA. The Trustee invests certain Plan assets in its investment funds. Transactions between the Plan and the Trustee (including the payment of administrative expenses and issuance of loans to participants) qualify as party-in-interest transactions permitted by DOL regulations. For the year ended December 31, 2017, the Plan paid certain administrative expenses totaling $880 to the Trustee.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.
