Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by AXA Equitable Life Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2017 and for the year then ended, that the information provided to the Plan administrator by the Custodian is complete and accurate.

The following description of the NYCHSRO/MedReview, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General and Eligibility

The Plan is a defined contribution Northeast Professional Planning Group, Inc. volume submitter plan, established on January 1, 1995. The Plan was amended and restated on March 4, 2016, effective January 1, 2016. The Plan covers all full time employees of New York County Health Services Review Organization, Inc. and MedReview, Inc. (collectively, the "Company") who have completed one month of eligible service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees of the Company is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Trustees.

The Plan investments are administered and held in a trust by the Plan’s custodian, AXA Equitable Life Insurance Company (the “Custodian”), which also serves as the record-keeper of the Plan.

Contributions

Each year, participants may contribute to the Plan from 1 to 100 percent of their "pre-tax" earnings, as defined in the Plan and subject to the Internal Revenue Code (“IRC”) limits. The Company can also make discretionary contributions. Participants direct the investment of their contributions and the employer contributions into various investment options offered by the Plan. The Plan accepts Roth Elective Deferrals made on behalf of participants. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Company did not make any discretionary contributions in 2017 and 2016. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

The Plan administrator establishes and maintains a separate account for each participant, which is credited for rollover and voluntary contributions the participants make, Company discretionary contributions, and Plan earnings. Income earned and net appreciation or depreciation on Plan investments, are allocated in proportion to the participant’s account balance in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Plan Description *(continued)*

Vesting

Participants are immediately and fully vested in their voluntary contributions and employer discretionary contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.25% at December 31, 2017 and from 4.25% to 4.50% at December 31, 2016. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of services, including death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the life expectancy of the participant. For termination of services for other reasons, including hardship, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the plan agreement. A participant may receive in-service distributions if they have achieved the age of 59 1/2.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") using the accrual basis of accounting, which recognizes revenue when earned and expenses as they are incurred.

Use of Estimates

In conformity with US GAAP, the Plan's management makes estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the guaranteed investment contract, which is stated at contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in, less any withdrawals and transfers out. Registered investment companies are stated at fair value and classified as level 1 in the fair value hierarchy as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end and are registered with the Securities and Exchange Commission. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal amounts plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Deemed distributions which are included in benefits paid to participants on the accompanying statement of changes in net assets available amounted to $15,891 for the year ended December 31, 2017.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies *(continued)*

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2014.

3. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the related investment and participant interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

4. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with the Custodian totaling $1,772,163 for 2017 and $1,715,957 for 2016. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The average yield earned by the Plan and the average interest rate credit to participants is the same at December 31, 2017 and 2016. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This guaranteed investment contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under their terms of the Plan. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Investment Contract with Insurance Company *(continued)*

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management, do not believe that there are events that are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:

	2017	2016
Based on actual earnings	2.50%	2.50%
Based on interest rate credited to participants	2.50%	2.50%

The guaranteed investment contract represents approximately 34% and 37% of the Plan’s net assets available for benefits as of December 31, 2017 and 2016.

5. Tax Status

The IRS has issued an opinion letter to the prototype plan document preparer dated September 30, 2014 which states that the Plan is designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-in-Interest Transactions

Certain investments of the Plan are managed by the Custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

9. Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 12, 2018.
