Aromair Fine Fragrance Company 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2017 and 2016

1. Plan Description

The following description of the Aromair Fine Fragrance Company 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General and Participation

The Plan is a defined contribution plan established on January 1, 2003, as amended on May 23, 2017, covering eligible employees of Aromair Fine Fragrance Company (the "Company"). To be eligible to participate in the Plan, an individual must be an employee of the Company who has attained at least age 21, unless the employee is working under the terms of a collective bargaining agreement or is a nonresident alien. Entry into the Plan is on the first day of the following month upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code of 1986, as amended (the "Code").

Administration and Trustee

The Plan is administered by a committee (the "Committee") comprised principally of management. The Committee appointed Mid Atlantic Trust Company ("Mid Atlantic") as custodian of the Plan. Mid Atlantic invests and holds all contributions made by the Plan administrator and allocates the amounts among the funds as directed by participants. Paychex, Inc. ("Paychex") serves as recordkeeper for the Plan.

Contributions

Participants may contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions. Each participant may elect to have up to 90% of their compensation withheld from their wages and paid into the Plan as pre-tax contributions, subject to certain limitations imposed by the Plan and the Code. The Company makes matching contributions equal to 100% of the first 4% of each participant's deferred contributions. The Company may also make, at its discretion, non-elective employer profit sharing contributions determined on an annual basis based on the pro-rata or proportionate share of an employee's compensation compared to the total compensation for all Plan participants. Eligibility for such contributions is 500 hours or more service in the applicable Plan year. There were no such non-elective employer profit sharing contributions made for the years ended December 31, 2017 and 2016.

The Plan accepts direct rollovers from other plans and arrangements, and rollover contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions at an additional \$6,000 in 2017 and 2016 to the Plan.

Participant Accounts

A participant's account is credited with the contributions made to the Plan on behalf of the participant, including company matching and non-elective employer contributions, and adjusted for earnings and losses thereon. The benefit to which a participant is entitled is the vested amount that is in the participant's account at any given time.

Vesting

Participants are immediately 100% vested in their contributions, catch-up contributions, rollover contributions, employer matching contributions and profit sharing contributions, as adjusted for earnings and losses thereon.

**Aromair Fine Fragrance Company 401(k)
Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2017 and 2016**

Investments

The Plan allows participants to elect their contributions and the Company's matching and non-elective employer contributions to be directed among investment fund options based upon the individual investment objectives of the participants. Accordingly, all investment options are participant directed.

Benefits

Distributions may generally be made to a participant upon the participant's termination of employment with the Company. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance upon attaining age 59½ or becoming disabled. Termed employees with balances less than \$5,000 will have their vested balances auto distributed in a lump sum payout unless a rollover election has been made by the participant. Benefits shall be paid to participants in the form of lump sum.

Death Benefits

Upon death, a participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary.

Notes Receivable From Participants

Participants may borrow up to \$50,000 (reduced as required by the Code) or 50% of their vested account balance in the Plan, whichever is less. The maximum term of a loan is 5 years, unless the loan is used for the purchase of a principal residence. A participant may only have one loan outstanding. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant must generally repay any loan in full within 90 days of the participant's termination of employment with the Company. At December 31, 2017 and 2016, participant loan interest rates in effect were 4.75% to 5.25% with various maturity dates through 2022.

Forfeited Accounts

Forfeited matching contributions are used to reduce future matching contributions. At December 31, 2017 and 2016, there were no forfeited accounts. During the year ended December 31, 2017, the Plan did not use any forfeitures to reduce employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Aromair Fine Fragrance Company 401(k)
Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2017 and 2016**

Purchases and sales of funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Contributions

Employee contributions are made through regular payroll deductions and are paid into the Plan bi-monthly along with company and participating employer matching contributions.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets to identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Money Market Funds

Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated April 2, 2012, that the Plan is qualified and is tax-exempt, under the Internal Revenue Code of 1986. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's tax status. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Accordingly, a provision for Federal income taxes has not been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan is terminated, participants will become 100% vested in their accounts, to the extent they are not already vested.
