CO Architects Retirement Savings Plan
Notes to Financial Statements
December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following description of the CO Architects Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan covering all employees of CO Architects (the "Company") pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established on January 1, 1998. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

The Plan allows for predecessor service credit of former Anshen & Allen, Architects, Inc. employees for eligibility, vesting and plan allocations pursuant to the plan document.

The Plan was amended and restated effective January 1, 2017.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee and recordkeeping services are provided by Great-West Trust Company, LLC ("Great-West"). Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2017. Loan setup and maintenance fees are paid by the individual participants receiving a loan. Investment fees, which may vary according to the individual funds selected, are deducted directly from participants' investment returns. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Eligibility

Employees covered under the Plan include all employees except those who are nonresident aliens. Covered employees are eligible to participate in the Plan upon completing 500 hours and six months of service.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual eligible compensation as defined by the Plan, on a tax-deferred basis, and the maximum amount allowed by the IRC. Maximum allowed deferral amount was $18,000 for 2017. Participants over the age of 50 before the end of the plan year may also contribute an additional $6,000 catch-up contribution to the Plan for 2017. All eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation. The Plan allows for scheduled increases of the automatic deferral amount in plan years following the automatic deferral effective date, not to exceed 6% of pre-tax eligible compensation. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan or through a self-directed brokerage account.

Effective January 1, 2017, the Plan was amended and restated to elect a safe harbor matching contribution. The contribution is equal to 100% of the participant's elective deferrals not to exceed 3% of their eligible compensation, plus 50% of deferrals in excess of 3% but not in excess of 5% of eligible compensation.

The Company may make a nonelective profit sharing contribution for eligible employees, as defined, who are actively employed at the end of the plan year. There was no nonelective profit sharing contribution for 2017. During the year ended December 31, 2016, the Company made nonelective profit sharing contributions of $163,518. The Company may also make a matching contribution at its discretion. The Company did not make a discretionary matching contribution during 2017. During 2016, discretionary employer matching contributions totaled $30,302.

Participant accounts

Each participant's account is credited with the participant's contributions (including rollovers from the participant's previous plan), and an allocation of (a) the Company's contribution, if applicable, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of all funds in the Plan.

Vesting

Participants are immediately vested in their contributions and the nonelective safe harbor employer contribution plus actual earnings or losses thereon. Vesting in the Company's other contribution portion of their accounts is based on years of service. A participant is 100% vested after four years of credited service. Participants are immediately vested in the event of death, disability, or upon reaching age 65, with certain provisions for early retirement.

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $12,804 and $6,569, respectively. The Plan may elect to use forfeitures to reduce the Company's contributions and/or to pay administrative expenses.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's accounts and bear interest at a fixed rate equal to the prime rate at the time the loan is taken. The repayment of principal plus interest is generally required by the Plan to be made through semi-monthly payroll deductions over five years, unless the loan is used for the purchase of a primary residence. Loans outstanding during 2017 carried interest rates that ranged between 3.25% and 5.25%.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability, or death. If a participant's account balance is equal to or less than $5,000, the balance will be distributed immediately in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the Plan documents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses was recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through October 9, 2018, the date the financial statements were available to be issued. The Plan was amended and restated on September 28, 2018, effective January 1, 2019, to change the safe harbor matching contribution to 100% of the participant's elective deferrals, up to 1% of their eligible compensation, plus 50% of deferrals in excess of 1% but not in excess of 6% of eligible compensation. The Plan was also amended to allow amount- or period-certain installment distributions, as well as partial distributions. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the trustee certified information regarding the cost and fair value of all investments and notes receivable from participants held at December 31, 2017 and 2016 and all investments and notes receivable from participant transactions entered into during 2017, which was used in the preparation of the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date.

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets or liabilities; or
- *Level 3* - unobservable inputs for the asset or liability that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

4. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported on the active market on which these securities are traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts - Putnam Stable Value Fund: Valued using the daily NAV which is based on the fair value of the collective trust's underlying investments as reported by the audited financial statements of the trust at year end. The NAV is used as a practical expedient to estimate fair value. Plan management believes that the occurrence of events that would cause the fund to transact at less than contract value is not probable.

Self-directed brokerage accounts: Accounts primarily consist of common stocks, exchange-traded funds (ETF), mutual funds, and cash equivalents that are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 11,299,213	$ -	$ -	$ 11,299,213
Self-directed brokerage accounts	31,589	-	-	31,589
	$ 11,330,802	$ -	$ -	11,330,802
Investments measured at net asset value*				
Common collective trusts				2,485,241
				$ 13,816,043

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 8,919,448	$ -	$ -	$ 8,919,448
Self-directed brokerage accounts	338,218	-	-	338,218
	$ 9,257,666	$ -	$ -	9,257,666
Investments measured at net asset value*				
Common collective trusts				2,345,048
				$ 11,602,714

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

Type	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)
Putnam Stable Value Fund	$ 2,485,241	N/A	Daily

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

Type	Fair Value	Unfunded commitments	Redemption Frequency (if currently eligible)
Putnam Stable Value Fund	$ 2,345,048	N/A	Daily

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments offered under the Plan are managed by Great-West. Great-West is the Trustee and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from participants and the related interest income are also considered parties-in-interest transactions.

The records of the Plan indicate that there are no party-in-interest transactions which are prohibited by ERISA and for which no statutory or administration exemption exists.

6. INCOME TAX STATUS

The Plan has adopted a prototype defined contribution plan, the Great-West Trust Company Defined Contribution Prototype Plan and Trust, that has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The Plan has been amended since the date of the opinion letter and the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

6. INCOME TAX STATUS (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERlSA. In the event of Plan termination, participants would become 100% vested in their accounts.

To the Plan Sponsor
CO Architects Retirement Savings Plan
Los Angeles, California

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the CO Architects Retirement Savings Plan (the "Plan") as of and for the year ended December 31, 2017, and have issued our report thereon dated October 9, 2018. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 30, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimates were the estimates and assumptions used to calculate the fair value of investments at year-end. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- Note 2: Summary of Significant Accounting Policies
- Note 3: Information Prepared and Certified by Trustee
- Note 4: Fair Value Measurements

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no misstatements identified by us as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain written representations from management, which are included in the attached management representation letter.

Management's Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consulting accountant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplemental information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplemental information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan sponsor and management of CO Architects Retirement Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.
