GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

NOTE 1. DESCRIPTION OF PLAN

The following description of the Gemalto Retirement Savings Plan (“Plan”), sponsored by Gemalto, Inc. (“Plan Sponsor”), provides only general information. Participants should refer to the Plan agreement or Summary Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Plan Sponsor, as defined, who are not leased employees, not independent contractors, not covered by a collective bargaining agreement, not a resident of Puerto Rico, or a nonresident alien without U.S. source income from the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee of the Plan is Fidelity Management Trust Company (the “Trustee”). The Plan Sponsor acts as the administrator of the Plan.

Contributions

Each year, participants may contribute up to 75% of their eligible compensation subject to certain Internal Revenue Code (“IRC”) limitations or the maximum amount allowed by law (\$18,000 for 2017) of pretax annual compensation, as defined in the Plan. If no election is made within 30 days of becoming eligible, the participant is automatically enrolled in the Plan at a deferral rate of 3.0%. This Plan also allows for catch-up contributions for participants over 50 years of age, (\$6,000 for 2017) of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan Sponsor matches 100% of a participant’s elective deferrals up to 6.0% of the participant’s eligible earnings, as defined. Additionally, the Plan allows the Plan Sponsor to make a nonelective contribution although the Plan Sponsor is not required to do so. To be eligible for this contribution, participants must complete 1,000 hours of service, as defined, during the Plan year, and be employed on the last day of the Plan year. For the 2017 plan year, no nonelective contribution was made by the Plan Sponsor. In the event such a contribution is made, it will be allocated to each participant based on the ratio of an individual participant’s eligible compensation to the total eligible compensation of all eligible participants. Contributions are subject to certain limitations.

Investments

Participants direct the investment of their contributions and the Plan Sponsor contributions into various investment options offered by the Plan. The Plan currently offers approximately twenty-six mutual funds and one common collective trust (“CCTs”) as investment options for participants. Additionally, the Plan allows participants to invest outside of the standard Plan options through the use of a participant directed brokerage account, which enables a participant to invest in individual common stocks, preferred stocks, mutual funds, corporate bonds, and short-term investments as stipulated in the Plan document.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Plan Sponsor’s contribution and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less, subject to additional limitations if there was another loan outstanding during the twelve months prior to the new loan. The notes are secured by the balance in the participant's account and bear interest at rates which commensurate with local prevailing rates as determined quarterly by the Plan administrator. Participants may only have one loan outstanding at any given time. All notes must be repaid within a specified period of time, not to exceed 5 year, except those that are used for the purchase of a principal residence, in which case the note can be extended to a period of no more than 10 years. In most cases, repayment of the note will be made through after-tax payroll deductions.

Rollovers and Transfers

Participants who have a balance in another qualified employee benefit plan, as described in IRC Section 401(a), may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in the Plan Sponsor's contribution portion of their accounts plus actual earnings upon date of hire.

Payment of Benefits

Benefits become available to participants on occurrence of any of the following events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) upon the participant's retirement, (4) disability, or (5) minimum required distributions. Benefits are payable as lump sums, rollover distributions, installment distributions over a fixed period of time, or installment distributions over a period of time equal to a participant's life expectancy, as defined.

Individual Account (Including Rollovers)

Terminating employees with vested account balances (including rollovers) below \$1,000 will automatically be paid out.

If the participant is terminated and the vested balance exceeds \$1,000, but is less than \$5,000, the Plan Administrator will direct the balance to be paid. If the participant has not provided distribution instructions, the balance will be distributed to an individual retirement account established in the participant name. If the participants vested account balance exceeds \$5,000, the participants benefits will not be distributed until the participant requests payment from the Plan Administrator. The benefits can be left in the Plan until the participant retires. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70 ½ or terminates employment, whichever is later. In-service withdrawals are permitted after age 59 ½.

Eligible Rollover Distributions

Payments from the Plan that are eligible rollover distributions may be taken in three ways: (1) paid in a direct rollover to an individual retirement account or another eligible retirement plan, (2) paid to the participant, or (3) a combination of the two previous methods. If the participant elects to have plan benefits paid directly to the participant, only 80% is paid as the Plan Administrator is required to withhold 20% of the payment for income tax withholding.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(continued)

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participants principal residence,
- Payments for funeral services of immediate family members, or
- Expenses for repair to primary residence which qualify for the casualty deduction under the Internal Revenue Code ("IRC").

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are typically carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4). Common collective trusts are presented at fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their value.

Realized gains (losses) on investment transactions are recorded as the difference between proceeds received and cost. Net appreciation (depreciation) in fair value of investments includes the reversal of previously recognized appreciation (depreciation) related to investments sold during the period. Investment securities purchased and sold are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2017, \$101,879 was recorded as interest income on notes receivable from participants.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document.

Subsequent Events

The Plan has evaluated subsequent events through October 25, 2018, which is the date the financial statements were available to be issued.

Recently Issued Accounting Pronouncements

Plan management is not aware of any recently issued accounting pronouncements applicable to the Plan's financial statements.

Reclassification of Common Collective Trusts

Certain reclassifications have been made to the prior year's financial statements to enhance comparability with the current year's financial statements. Common collective trusts represent indirect investments in fully benefit-responsive investment contracts and should be presented at fair value. As a result, common collective trusts are now presented at fair value in the accompanying statements of net assets available for benefits. Comparative figures have been reclassified to conform to the current year's presentation. The reclassification had no impact on net assets available for benefits or changes in net assets available for benefits.

NOTE 3. INVESTMENTS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits, as of December 31, 2017 and 2016.
- b. Dividends and net appreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2017.
- c. The Schedule of Assets (Held at End of Year) as of December 31, 2017, as shown in the attached schedule at page 12.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework for measuring fair value provides a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs).

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(continued)

The hierarchy consists of three levels:

- Level one — Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date;
- Level two — Inputs other than quoted prices included with in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level three — Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual funds* are valued based on quoted market prices in active markets.
- *Brokerage link assets* consist almost entirely of common stock and mutual funds, which are valued based on quoted market prices in active markets. The remaining investments in the brokerage link accounts are not significant to the overall financial statements.
- *Common collective trusts* use net asset value as a practical expedient to determine the fair value of the common collective trust fund. Net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the common collective trust is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. The common collective trust fund measured at net asset value has not been classified in the fair value hierarchy. The fair value amounts presented in the table below are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

There have been no changes in the methodologies used as of December 31, 2017. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(continued)

The following tables present the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2017 and 2016:

Fair Value Measurements at December 31, 2017				
	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments:				
Mutual funds	\$ 202,143,388	\$ -	\$ -	\$ 202,143,388

Investments measured at net asset value				11,597,944
Investments at fair value				<u>\$ 221,344,372</u>

Fair Value Measurements at December 31, 2016				
	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments:				
Mutual funds	\$ 158,701,925	\$ -	\$ -	\$ 158,701,925
Self-directed brokerage accounts	7,056,358	-	-	7,056,358

Investments measured at net asset value				11,931,213
Investments at fair value				<u>\$ 177,689,496</u>

The Plan has no financial instruments which were valued using Level 2 or Level 3 inputs as of December 31, 2017. The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the period from inception through December 31, 2017.

NOTE 5. NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2017 and 2016.

NOTE 6. PARTY- IN- INTEREST TRANSACTIONS

The Plan Sponsor paid certain Plan expenses totaling approximately \$28,668 during 2017, for administrative fees and other charges from the plan advisor.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(continued)

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8. INCOME TAX STATUS

The Plan document is covered by the Internal Revenue Service ("IRS") determination letter dated March 31, 2014. The IRS made a favorable determination that the Plan document is in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2017 and 2016:
