1. DESCRIPTION OF PLAN

The following description of Trion Solutions, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Company is a "Professional Employer Organization" ("PEO"). As a PEO, the Company assumes the role of employer for other companies who wish to lease their workers (the "Participating Companies"). Therefore, the Plan includes multiple Participating Companies and is considered a multiple employer plan according to the Internal Revenue Code ("IRC"). The IRC requires that Plan discrimination testing be performed separately for each Participating Company as if its workers were not leased. The IRC thus also allows each Participating Company to have differing requirements for eligibility, matching contributions, and vesting. The Company determines the aggregate matching contribution, safe harbor contribution, and profit sharing contribution (if applicable) for all participants based on each Participating Company's matching provisions and remits such amount to the Plan's investment custodian. Participants should refer to their applicable participation agreement with the Plan for specific details on eligibility and matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan fiduciaries oversee the governance of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

PARTICIPANT CONTRIBUTIONS

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, participant directed brokerage accounts, and a guaranteed investment contract as investment options for participants. Contributions are subject to certain Internal Revenue Service limitations.

1. DESCRIPTION OF PLAN (continued)

PARTICIPATING COMPANY CONTRIBUTIONS

Aggregate Participating Company contributions (which vary by Participating Company as previously described) of \$759,126 and \$801,562 were made for the years ended December 31, 2017 and 2016, respectively. Participants direct the investment of such contributions as described above. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and Company safe harbor matching contributions, as well as allocations of the Company's additional matching and profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Contributions made by the Participating Companies, if any, vest at varying rates as noted above. Generally, Participating Company contributions vest under either "safe harbor" provisions of the Internal Revenue Code whereby such contributions are immediately vested to the participant or under a vesting schedule whereby the participant is 100% vested after five or six years of eligible service.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. No more than one loan may be outstanding at any time for any participant. Interest rates ranged from 3.25% to 6.77% per annum. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN (continued)

PAYMENT OF BENEFITS

Upon normal retirement, termination of employment, death, or disability, the entire vested balance of the participant's account becomes payable to the participant or the participant's beneficiary to be paid in a single lump sum payment. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the plan agreement.

FORFEITED ACCOUNTS

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$10,951 and \$10,077, respectively. Forfeited nonvested accounts are used to reduce administrative expenses. Any remaining forfeited nonvested accounts can be used to reduce employer contributions or be allocated to participants in accordance with the provisions of the Plan. During 2017 and 2016, administrative expenses were reduced by \$0 and \$10,077, respectively, from forfeited nonvested accounts.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements are presented on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)**

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. A corrective refund of duplicate remittances in the amount of \$20,470 is also included in this liability as of December 31, 2016.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation/(depreciation) of fair value of investments

DATE OF MANAGEMENT'S REVIEW

The Plan has evaluated subsequent events through October 22, 2018, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

MUTUAL FUNDS

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

BROKERAGE ACCOUNTS

Valued at the NAV of the securities underlying the accounts held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

**4. INFORMATION PREPARED AND CERTIFIED BY
INVESTMENT CUSTODIANS**

The investment and notes receivable from participants information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified to as complete and accurate by Nationwide in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**5. INVESTMENT CONTRACT WITH INSURANCE
COMPANY**

The Plan has an investment option in a fully benefit-responsive traditional guaranteed investment contract with Nationwide. Nationwide maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The crediting rate was 1.90% during the first three quarters of 2016; 1.85% during the fourth quarter of 2016 and the first two quarters of 2017; and 1.75% during the third and fourth quarters of 2017.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

**5. INVESTMENT CONTRACT WITH INSURANCE
COMPANY (continued)**

Certain events limit the Plan's ability to transact at contract value with Nationwide. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (a) An uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, (d) a material amendment to the agreements without the consent of the issuer.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide. Nationwide is the investment custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Direct fees paid by the Plan for recordkeeping and administrative services amounted to \$175,011 and \$133,795 for 2017 and 2016, respectively. In addition, fees paid by the Plan for investment management services are included in net appreciation/(depreciation) in fair value of investments.

Processing and administration fees were paid to The Benefit Advantage, Inc., which qualify as party-in-interest. Fees paid by the Plan for these services amounted to \$14,791 and \$10,541 for the years ended December 31, 2017 and 2016, respectively.

6. PARTY-IN-INTEREST TRANSACTIONS (continued)

Professional services were provided to the Plan by Fenner, Melstrom & Dooling, PLC ('FMD'). FMD is the Plan's auditor, and therefore qualifies as party-in-interest. Fees paid by the Plan for services amounted to \$8,750 for the year ended December 31, 2016.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in employer contributions.

8. TAX STATUS

The Company has adopted a prototype plan that relies on the opinion letter of the prototype document. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.
