RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1: DESCRIPTION OF PLAN

The following description of the CJ Logistics USA Retirement Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of CJ Logistics USA ("Company") who have completed 90 days of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective January 1, 2017, CJ America, Inc. (the Parent Company) elected to spin off CJ Logistics USA, formally known as CJ Korea Express from the CJ America, CJ Group, TMI 401k Retirement Plan. As a result, in February 2017 the accounts of all of CJ Logistics USA employees totaling \$1,739,248 were transferred to the Plan.

Contributions

Each year, participants may contribute up to 90% of their annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. The Plan also provides for transfers from other eligible plans. The Company contributes 100% of the first 3% of base compensation that a participant contributes to the Plan. In addition, the Company may elect to make discretionary profit sharing contributions which would be allocated to all eligible employees. Employees are eligible for profit sharing contributions after completion of one year of service. For the year ended December 31, 2017, the Company did not make a discretionary contribution to the Plan.

Participant Accounts

Each participant is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based upon years of continuous service. Participants vest 33% immediately, 66% after the first year of service, and are fully vested after the completion of three years of continual service. Company contributions are fully vested upon death, disability or the participant reaching normal retirement age.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments not to exceed the participant's (and beneficiary's, if applicable) life expectancy. If a participant's vested benefit in the Plan does not exceed \$5,000, then their distribution will be in a lump-sum payment. A participant may make a hardship withdrawal from the participant's account subject to certain ERISA provisions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account and bear interest at Prime rate plus 1%. As of December 31, 2017, interest rates ranged from 4.25% to .25%. Loans must be repaid within five years of the date of issuance, unless the loan proceeds are used for the purchase of a participant's principal residence, then the terms may be modified at the determination of the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

Forfeitures of terminated participant's non-vested accounts are used to pay administrative expenses of the Plan or reduce Company contributions. At December 31, 2017, forfeited nonvested accounts totaled \$694. There were \$1,410 of forfeitures applied to employer contributions during the year ended December 31, 2017.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Company pays all costs for administering the Plan, with the exception of loan processing and benefit payment fees which are specifically allocated and deducted from the participants' accounts.

RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 and Level 2 inputs were not available.

Level 1: The fair values of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3: The common collected trust funds are not actively traded and significant other observable inputs are not available. The fair value of common collected trust funds are determined by the fund's trustee based upon the current market values of the underlying assets of the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

NOTE 6: PLAN TERMINATION

The Company anticipates that the Plan will continue without interruption but reserves the right to discontinue the Plan at any time. In the event of discontinuance of the Plan, all participants will become 100% vested in their account balances and the net assets will be allocated among the participants and beneficiaries of the Plan.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in money market funds, mutual funds, and a collective investment trust. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and amounts reported in the financial statements.

**CJ LOGISTICS USA CORP
RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017**

NOTE 8: TAX STATUS

On January 1, 2017, the Plan adopted ADP Defined Contribution Plan prototype non-standardized 401(k) profit sharing plan and trust. The Internal Revenue Service has determined and informed the Company by letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:
