The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Year – The plan year begins February 1 and ends January 31.

Eligibility – Employees of the Plan Sponsor are eligible to participate in the Plan upon employment provided the employee has attained age 21.

Contributions – Participants may elect to defer a portion of their salary, wages and/or bonuses each year rather than receiving that amount in cash. Participants may elect to make tax deferred and/or Roth contributions. However, total deferred compensation may not exceed the limits set by ERISA in any one year. The Plan Sponsor may, at its discretion, contribute on an annual basis. If employer contributions are made, they are calculated as matching participant contributions on the first 6% of compensation deposited. Amounts deferred over 6% are not matched. No discretionary contributions were made in 2018 or 2017. Employer match eligibility requires employee to attain age 21, have 1,000 hours of work and be employed on the last day of the Plan year.

Participant Accounts – Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Plan Sponsor's contribution and (b) investment income (less expenses). Each participant selects investments from several investment options offered by the Plan. Income for each of the investment choices is allocated to the participant's account on a daily basis and is based on the relative units of participation.

Participant Loans – Participants may borrow up to 50% of the vested balance of their account, subject to a maximum of $50,000. Notes receivable bear interest at reasonable interest rates and are secured by the participant's vested account balance. Principal and interest is paid ratably through payroll deductions.

Plan Expenses – Expenses paid by the Plan are allocated among Participants in proportion to their account balances.

1. Description of Plan (continued)

Vesting – Participants are immediately vested in their rollover, voluntary and salary reduction contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service and is as follows:

Year(s) of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become 100% vested at normal retirement, if disabled, or at death.

Payment of Benefits – Distributions are allowed in the event of termination of employment, disability or death, retirement, or financial hardship.

Disability or Death – The participant's combined account shall be paid to the participant or his or her beneficiary following disability or death, after receipt of written request for distribution.

2. Summary of Significant Accounting Policies

Basis of Presentation – The financial statements of the plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Risks and Uncertainties – The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. The Plan does not obtain or require collateral for these investment securities.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses for the year then ended. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation – The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies utilizing information provided by the custodians, see Note 3 for discussion of fair value measurements.

3. Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

1) Quoted prices for similar assets or liabilities in active markets
2) Quoted prices for identical or similar assets or liabilities in inactive markets
3) Inputs other than quoted prices that are observable for the asset or liability
4) Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value on a recurring basis and recognized in the accompanying 2018 and 2017 statement of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in methodologies used at January 31, 2018 and 2017:

3. Fair Value Measurements (continued)

Money Market accounts -Valued at the quoted market value of shares held by the Plan at year-end. Accordingly, the fair value of these assets is established using Level 1 inputs.

Mutual funds -Valued at the quoted market value of shares held by the Plan at year-end. Accordingly, the fair value of these assets is established using Level 1 inputs.

Common collective trust - The fair value of the collective trust funds consists of valuations based on quoted prices in markets that are not active. Accordingly the fair value of these assets is established using Level 2 inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets recognized in the accompanying statement of net assets available for benefits measured at fair value on recurring basis as of January 31, 2018 and 2017:

January 31, 2018	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market accounts	$ 3,159,209	$ 3,159,209	$ -	$ -
Mutual funds	24,341,869	24,341,869	-	-

Total	$50,279,133$	$27,501,078$	$22,778,055	$ -

January 31, 2017	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market accounts	$ 3,980,162	$ 3,980,162	$ -	$ -
Mutual funds	19,723,748	19,723,748	-	-
Interest in common collective trusts	18,567,279	-	18,567,279	-
Total	$42,271,189	$23,703,910	$18,567,279	$ -

4. Plan Termination

Although it has not expressed the intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account becomes fully vested.

5. Federal Income Taxes

The Plan restated its plan document and adopted a revised defined contribution prototype plan and trust agreement on November 1, 2007 that previously received a favorable opinion letter regarding the tax-exempt status of the Plan. The Plan has been subsequently amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

6. Related Party and Party in Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, trustee, custodian and third party administrator qualify as party-in-interest transactions.

The Plan invests in certain funds managed by the plan custodian which qualify as party-in-interest transactions.
