To the Board of Directors and Management of the
Publishing Concepts, LP 401(k) Profit Sharing Plan

We have conducted a DOL limited-scope audit of the financial statements of Publishing Concepts, LP 401(k) Profit Sharing Plan (the "Plan") for the year ended December 31, 2017 and have issued our report thereon dated October 15, 2018. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by State Street Bank & Trust Company and Reliance Trust Company, (the "Trustees"), in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employment retirement Income Security Act of 1974 ("ERISA"). Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 20, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

> In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement. This ASU amends Accounting Standards Codification ("ASC") Topic 820 and removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. This ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The guidance in this

ASU is effective for fiscal years beginning after December 15, 2015 for public entities and after December 15, 2016 for all nonpublic entities, with early adoption permitted. Plan management adopted ASU 2015-07 with no material impact to the Plan.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of fair value measurements in Note 3 to the financial statements describes management's understanding of the valuation methodologies of the Plan's investments. Furthermore, it discloses management's assessment of the investments into a leveling hierarchy established by FASB ASC 820.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that will be included in the management representation letter, signed and dated October 15, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Company's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention. No other matters came to our attention during the course of the audit, except as noted below.

Forfeitures

The Plan did not timely utilize forfeitures to offset Plan expenses or reduce employer match. We recommend that the Plan use the forfeiture balance within the following year of occurrence, in accordance with Plan document terms.

Personnel Files and Documentation

During the audit, we noted several employee files and/or loan and distribution documentation could not be provided. We recommend the Company enhance its existing processes to maintain and retain employee personnel files from each employee. The files should be retained in a secure location and filed centrally, if necessary. Additionally, we suggest that throughout the year, management conduct audits of the employee personnel files to ensure they can be located and are filed in the proper location.

Committee Meeting Minutes

We noted that the company did not maintain formal meeting minutes during 2017 or 2018. We recommend the company maintain meetings for future review of the plan investments and performance.

Incorrect and Late Participant Deferrals

We found two instances in which the Plan Sponsor calculated participant deferrals based on deferral rates that could not be supported by participant election forms. It is best practice for Plan Sponsors to retain such documentation. Going forward, we recommend that Plan management retain participant elections, to support actual participant deferrals.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Internal Control

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies.

\

Hardship Withdrawal Requirements

While testing distributions, MCG notes that a participant had requested and been approved for a hardship distribution without exhausting all other options (including obtaining a loan) prior to receiving a hardship distribution. The Plan document requires all options be exhausted prior to obtaining a hardship distribution. MCG recommends the Company follow all guidelines of the Plan document regarding such distributions.

This information is intended solely for the use of the Board of Directors and Management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Montgomery Coscia Greilich LLP

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. 1 – DESCRIPTION OF PLAN

GENERAL

The Publishing Concepts, LP 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1998 and was amended and restated as of March 1, 2016 due to a change in Trustees. The Plan is sponsored by Publishing Concepts, LP (the "Company" or "Plan Sponsor"). Reliance Trust Company (the "Trustee") serves as the trustee and Automatic Data Processing, Inc. Retirement Services is the record-keeper ("Record-keeper") for the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation at the age of 18 on the first day of the month following one year of eligible service, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with the participant's contributions, company contributions, and earnings thereon. Investment income or loss is allocated based on the ratio of each participant's account balance. Contributions and earnings are allocated among investment options as selected by the participant. Participants may change their investment allocation at any time.

CONTRIBUTIONS

Participants may elect to contribute a portion of his or her pretax compensation as defined by the Plan document, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Employees who are eligible to make elective deferrals under the Plan and who attain the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted.

The Plan allows Company matching contributions of 10% of participant elective deferrals up to 5% of a participant's eligible wages. The Plan also allows participant Roth contributions. The Plan has an automatic enrollment feature. Unless participants otherwise enroll or specifically decline to contribute, participants are automatically enrolled at 5% of employee compensation and are increased by 1% for each additional year of service, up to a maximum of 10%.

DISTRIBUTIONS TO PARTICIPANTS

Participants withdrawal amounts from their account during the year for reasons of disability, retirement, death, or terminations, and are entitled to their vested account balance. Participants are permitted to make hardship withdrawals on the balance of their account related to their elective deferral contributions. Upon termination, for vested account balances greater than $5,000, participants may elect a distribution in the form of a single lump sum payment. For vested account balances less than $5,000, amounts are distributed as elected by the applicable terminated participant as soon as administratively feasible after terminating employment or are rolled over to an individual retirement account selected by the Plan Sponsor.

1 – DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of mutual funds of registered investment companies and common collective trusts in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in elective deferrals, rollover contributions, and qualified non-elective contributions plus actual earnings, thereon. Vesting in the Company's matching contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest 20% every year and are 100% vested after 5 years of qualified service.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to reduce future employer contributions or pay administrative expenses. At December 31, 2017 and 2016, there were available forfeitures of $39,559 and $40,777, respectively. During 2017, $3,287 in forfeitures were used to reduce employer contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants borrow from their fund accounts a minimum of $500 up to a maximum equal to 50% of their vested account balance, not to exceed $50,000. Note terms range from one to five years but may be extended, in the case of a loan to acquire or construct the primary residence of a participant. The notes receivable from participants are secured by the balance in the participant's account and bare interest based on a rate determined reasonable by the Plan Administrator. At December 31, 2017, maturity dates on existing notes receivable from participants ranged from March 2018 through January 2023 and had interest rates of 3.50% to 6.25%. At December 31, 2016, maturity dates on existing notes receivable from participants ranged from January 2017 through December 2020 and had interest rates of 3.25% to 5.50%.

ADMINISTRATIVE EXPENSES

Certain transaction based fees were charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee are paid by the Company.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See "Note 3 – Fair Value Measurements"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as the practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as the practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and 2016 for all other entities with early adoption permitted. The Plan adopted ASU 2015-7 with no material impact to the Plan.

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the plan at year end.

Common collective trusts: Valued at NAV of units of a bank collective trust. The NAV, as provided by the Trustees, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded capital commitments as of December 31, 2017 and 2016.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 3,282,376	$ -	$ -	$ 3,282,376
Common collective trusts	-	81,916	-	81,916
Total investments, at fair value	$ 3,282,376	$ 81,916	$ -	$ 3,364,292

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 2,597,799	$ -	$ -	$ 2,597,799
Common collective trusts	-	68,427	-	68,427
Total investments, at fair value	$ 2,597,799	$ 68,427	$ -	$ 2,666,226

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (UNAUDITED)

The Company elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2017	2016
Investments, at fair value:		
Mutual funds of registered investment companies	$ 3,282,376	$ 2,597,799
Common collective trust	81,916	68,427
Total investments	$ 3,364,292	$ 2,666,226
Notes receivable from participants	$ 76,360	$ 102,251
Interest and dividends	$ 128,392	
Interest on notes receivable from participants	$ 3,212	
Net appreciation in fair value of investments	$ 353,304	

5 – PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company acted in capacity as Trustee to the Plan; therefore, these investments qualify as party-in-interest investments.

6 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and common collective trusts. Investment securities are exposed to various risks, such as interest rate, market risk, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Automatic Data Processing, Inc. Retirement Services which received a favorable opinion letter dated July 8, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

7 – TAX STATUS OF THE PLAN, CONTINUED

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2014.

8 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

To: Internal Revenue Service
Penalty Abatement Department

Date: October 19, 2018

To Whom It May Concern:

I am writing to respectfully request the abatement of penalties that may be assessed due to the unsuccessful submission of Publishing Concepts form 5500. The primary reason our form was rejected and therefore not submitted on time is because we submitted on October 15, 2018 and did not find out until after deadline date that our form was rejected due to credentials.

ADP's 401k sponsor site - www.mykplan.com – had our Benefits Manager, Lindsey McNulty, listed with a primary and secondary contact card with two different emails, her maiden and married. ADP said this is the reason the form was rejected. Form was submitted with accurate username and password.

Please accept this petition for abatement of penalties due to reasonable cause. I can be reached at 972.728.3699 with questions or if you need additional information.

Sincerely,

Francis Eyeson
