Curae Health 401(k) Savings Plan

Notes to Financial Statements

December 31, 2017

1. Description of the Plan

The following description of the Curae Health 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Curae Health, Inc. (the Plan Sponsor) who have completed one month of service and are not PRN (as needed) employees, leased employees or the Chief Executive Officer of Strategic Healthcare Resources, LLC. Effective September 15, 2017, employees of Strategic Healthcare Resources, LLC who meet the eligibility requirements are allowed to enter the Plan. PRN employees hired prior to August 1, 2016, are also allowed to participate in the Plan. Participation in the Plan is strictly voluntary, and employees can elect to participate on the first day of the month following satisfaction of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to Milliman, Inc. (Milliman) who processes transactions through Charles Schwab Bank (the Trustee).

Contributions

Participating employees may defer 401(k) contributions up to 50% of their pre-tax or Roth after-tax annual compensation, as defined in the Plan, up to the Internal Revenue Service (IRS) limitations. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enroll provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation until changed by the participant. Participants may direct both Plan Sponsor and participant contributions to any of the various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants can change the investment options previously elected at any time.

The Plan Sponsor makes a matching contribution equal to 25% of the participant's contributions up to 6% of the participant's compensation. Participants are eligible to begin receiving matching contributions at the same time they are eligible for participation in the Plan. The Plan Sponsor may also make discretionary profit sharing contributions; no discretionary profit sharing contributions were made in 2017 or 2016.

1. Description of the Plan (continued)

Contributions (continued)

Participant contributions to the Plan are made through periodic payroll deductions. The participant contributions and the Plan Sponsor's matching contributions are remitted to the Trustee after each payroll throughout the year. Profit sharing contributions, if any, are remitted annually. Receivables, if any, from the Plan Sponsor for contributions are unsecured.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contributions, discretionary profit sharing contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings on these contributions. Vesting in the Plan Sponsor's matching contribution and discretionary profit sharing contributions portion of their accounts plus related earnings thereon is based on years of vesting service in which participants complete 1,000 hours of service, as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 or more	100%

In the event of death, normal retirement (age 65) or disability, a participant becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The notes are required to bear interest and to be repaid over period not exceeding five years, except a note for the purchase of a participant's residence may be repaid over a period not exceeding ten years. Principal and interest is paid ratably through payroll deductions.

1. Description of the Plan (continued)

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$5,000 at the time of termination of employment, the participant's benefit is distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may first be used to pay administrative expenses or to reduce future Plan Sponsor contributions. Forfeitures of terminated participants' non-vested accounts totaled \$8,156 in 2017 and \$3,459 in 2016. The Plan has a forfeiture balance of \$11,632 and \$3,459 as of December 31, 2017 and 2016, respectively.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the period.

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the Internal Revenue Code (IRC), has occurred, the note receivable will be foreclosed on and offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution, whether or not a distribution event has occurred.

Benefit Payments

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the excess contributions payable of \$11,208 as of December 31, 2016, to the applicable participants in 2017.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

In preparation of the accompanying financial statements, the Plan Sponsor has evaluated subsequent events through October 25, 2018, the date the financial statements were available for issuance.

Reclassifications

Certain amounts in the prior year have been reclassified to conform to the current year financial statement presentations.

3. Certified Information (Unaudited)

The Trustee holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based on information provided to the Plan administrator and certified as complete and accurate by the Trustee. That information, which has not been audited by independent auditors, is summarized below.

The value of investments is as follows as of December 31:

	<u>2017</u>	<u>2016</u>
Investments at fair value	\$14,943,201	\$ 9,601,816
Investments at contract value	1,379,936	1,344,271
Total investments	<u>\$16,323,137</u>	<u>\$10,946,087</u>

Dividends earned from these investments totaled \$324,328 in 2017 and \$262,935 in 2016. Interest income from the stable government fund totaled \$17,945 in 2017 and \$5,064 in 2016. These investments experienced net appreciation of \$1,662,318 in 2017 and \$384,014 in 2016.

As of December 31, 2017 and 2016, participant notes receivable total \$515,708 and \$417,514, respectively. Interest earned on these notes receivable totaled \$19,590 in 2017 and \$15,845 in 2016. Cash totals \$991,025 and \$68,068 as of December 31, 2017 and 2016, respectively.

Fees paid by the Plan to parties-in-interest totaled \$108,899 in 2017 and \$83,401 in 2016.

The Plan has one investment (Vanguard Total Stock Market Index Fund) representing greater than 20% of net assets available for benefits as of December 31, 2017 and 2016.

Curae Health 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.
- Level 2 Inputs to the methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31:

	Level 1	Level 2	Level 3	Total
2017:				
Mutual funds	\$14,943,201	\$ —	\$ —	\$14,943,201
2016:				
Mutual funds	\$ 9,601,816	\$ —	\$ —	\$ 9,601,816

Curae Health 401(k) Savings Plan

Notes to Financial Statements (continued)

5. Stable Government Fund

The Plan invests in a collective investment trust of fully benefit-responsive investment contracts held in the Columbia Trust Stable Government Fund (Stable Government Fund). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Trustee. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Curae Health 401(k) Savings Plan
Notes to Financial Statements (continued)

7. Income Tax Status

The Plan adopted a volume submitter plan which had received an advisory letter dated March 31, 2014, from the IRS which stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 as of December 31:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits per the financial statements	\$17,873,205	\$11,420,461
Less contributions receivable	(43,335)	-
Plus excess contributions payable	-	11,208
Net assets available for benefits per Schedule H of Form 5500	<u>\$17,829,870</u>	<u>\$11,431,669</u>

The following is a reconciliation of net increase per the financial statements to Schedule H of the Form 5500 for the year ended December 31, 2017:

Net increase per the financial statements	\$6,452,744
Less current year contributions receivable	(43,335)
Less prior year excess contributions payable	(11,208)
Net increase per Schedule H of Form 5500	<u>\$6,398,201</u>

Notes to Financial Statements (continued)

10. Going Concern and Subsequent Events

The Plan Sponsor sold one of their facilities in March 2018 and another in May 2018. The Plan Sponsor was unable to meet their debt obligations in 2018 and as a result filed for bankruptcy protection in August 2018. Management plans to sell their remaining facilities and, as such, substantial doubt exists related to the Plan's ability to continue as a going concern.

These events resulted in a partial plan termination for the 2018 plan year and affected employees became fully vested.

Subsequent to December 31, 2017, through September 30, 2018, benefit payments totaling approximately \$5,800,000 have been distributed from the Plan.
