NOTES TO FINANCIAL STATEMENTS

**AS OF DECEMBER 31, 2017 AND 2016
AND FOR THE YEAR ENDED DECEMBER 31, 2017**

1. Description of the Plan

The following description of the Ultimate Precision Metal Products, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended May 3, 2017, is a participant-directed defined contribution plan covering all employees of Ultimate Precision Metal Products, Inc. (the "Company," "Employer" or "Plan Sponsor") who have completed at least 500 hours during a six month period and have reached 21 years of age, except for members of a collective bargaining unit, leased employees and non-resident aliens. On December 31, 2017, the Plan merged with the Legrand Savings Plan (the "Legrand Plan"), and all assets, with the exception of investment contracts as discussed in footnote 6, employee contributions receivables, and excess contribution payable were transferred to the Legrand Plan. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability, or other termination of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). John Hancock Life Insurance Company of New York ("Hancock", the "Trustee") is the Plan's Trustee.

Contributions

Each year, participants may contribute to the Plan from 1% to 100% of compensation on a pre-tax basis, with dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations. The Plan provides for discretionary employer matching contributions and discretionary profit sharing contributions for all eligible participants. For 2017, the employer matching contribution totaled \$4,377. The Company did not make a profit sharing contribution for 2017.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and (ii) the participant's share of earnings or losses on contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AND FOR THE YEAR ENDED DECEMBER 31, 2017**

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions, profit sharing contributions and earnings thereon after six years of credited service.

<u>Years of Service</u>	<u>Vesting %</u>

2	20
3	40

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their contribution investment options daily and may transfer part or all of past investments to other investment options daily. Participants may also elect to change their salary deferral elections as of each payroll period.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested interest of the participant in the Plan. A participant may have no more than one loan outstanding at any time. All loans are required to be repaid within five (5) years from the date of the loan except loans for the purchase of a primary residence where the balance must be paid within 30 years. The loans are secured by the balance in the participant's account and, unless otherwise determined by the plan administrator, bear interest at a fixed rate using the prevailing prime rate plus 1% that is set at the date of the loan. Principal and interest is paid ratably through weekly payroll deductions. Loans mature through July 2021 with interest rates ranging from 4.25% to 6.25%. At December 31, 2017, all loans have been transferred out of the Plan.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined by the Plan, the participant's account will be reinstated. Unused forfeitures may be used to reduce administrative costs of the Plan. Any remaining amounts may then be used to reduce future employer matching contributions.

1. Description of the Plan (Continued)

In-Service Withdrawals

The Plan Administrator may establish uniform procedures that include, but are not limited to, prescribing limitations on the frequency and minimum amount of withdrawals. All distributions will be made in the form of a single sum as soon as practicable following the valuation date as of which such withdrawal is made. Such distributions will be paid in cash or in kind. Only employees are eligible to receive in-service distributions.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded in the calendar quarter following the calendar quarter during which the loan was defaulted and totaled \$230 for the year ended December 31, 2017.

Payments of Benefits

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. As of December 31, 2017, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses are paid by the Plan Sponsor. The Plan Sponsor is under no obligation to pay such expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

AND FOR THE YEAR ENDED DECEMBER 31, 2017**

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are reported at fair value except for the investments in fully benefit-responsive common collective trusts which are recorded at contract value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements). Interest income is recorded on the accrual basis. Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. All notes receivable were transferred as of December 31, 2017.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Recent Accounting Pronouncements

In January 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which makes targeted improvements in the recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted for fiscal years beginning after December 15, 2017. The Plan does not expect this new guidance to have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, November 15, 2018. On January 2, 2018, the Plan effectively merged with the Legrand Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**AS OF DECEMBER 31, 2017 AND 2016
AND FOR THE YEAR ENDED DECEMBER 31, 2017**

3. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hancock, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016;
- Net appreciation in the fair value of the investments and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017;
- Investments reflected on the schedule of assets (held at end of year).

4. Fair Value Measurements

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**AS OF DECEMBER 31, 2017 AND 2016
AND FOR THE YEAR ENDED DECEMBER 31, 2017**

4. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value of shares or units held by the Plan.

Common collective trust: Valued at the sum of the market value of all of the trust's investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

- (a) The John Hancock Stable Value Fund (the "Fund") is a collective investment trust fund established, operated, and maintained by Investors Bank & Trust Company under a declaration of trust. The Fund has a strategy to provide stability of principal funds while earning income that exceeds the rates of money markets over the long term. The Fund invests primarily in a synthetic GIC contract issued by The Prudential Insurance Company of America, a Group Annuity Contract issued by John Hancock Life Insurance Company, a separate account group annuity contract issued by Metropolitan Life Insurance Company, and units in the Prudential Conservative Intermediate Bond Fund of the Prudential Trust Company Collective Trust.

5. Exempt Party-in-Interest

At December 31, 2017 and 2016 all Plan investments were managed by Hancock and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were \$1,071 for the year ended December 31, 2017. Participant loans also qualify as party-in-interest transactions.

6. Plan Termination

The Company had the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions. Any unallocated assets of the Plan are then allocated to participant accounts and distributed in such a manner as the Company may determine. Effective January 2, 2018, the Plan merged with the Legrand Plan, transferring net assets totaling \$1,845,727 to the Legrand Savings Plan. The plan still retains \$114,233 in assets subsequent to year related to the John Hancock Stable Value Fund, which will transfer upon expiration of the investment contract on December 29, 2018.

7. Tax Status

Effective January 1, 2016, the Company adopted a volume submitter profit sharing plan with CODA which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan does not believe that there are uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2014.
