Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note D, which was certified by Ascensus, the record keeper, on behalf of Ascensus Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements (in liquidation). We have been informed by the plan administrator that the trustee holds the Plan’s investment assets and executes investment transactions. The plan administrator has obtained a certification from the record keeper on behalf of the trustee as of April 26, 2018 and December 31, 2017, and for the period from January 1, 2018 to April 26, 2018, and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements (in liquidation).

Plan Termination and Liquidation Basis of Accounting

As further discussed in Note A, B and G to the financial statements, the Board of Directors of United Copper Industries, Inc., the Plan's sponsor, voted on September 19, 2016 to terminate the Plan. The Plan was liquidated on April 26, 2018. In accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements have been prepared using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements (in liquidation), other than that derived from the information certified by the record keeper on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note receivable terms range up to five years or longer for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1%. As of December 31, 2017, interest rates ranged from 4.25% to 5.25%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements. No participant loans were outstanding as of April 26, 2018.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Participants are not permitted to receive a hardship distribution from the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

In accordance with Plan provisions, administrative expenses are paid by the Company with the exception of transaction processing fees, which are charged upon a participant's execution of certain transactions and also record keeping fees, which the Company approves to be paid by the Plan.

B. Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note A, on September 19, 2016, the Company's Board of Directors adopted a resolution to terminate the Plan, subject to provisions set forth in ERISA. As a result, the Plan's financial statements have been prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

In November 2017, Plan management received a determination letter from the Internal Revenue Service ("IRS") approving the Plan as terminated. As of April 26, 2018, all of the Plan's investments had been liquidated at fair value and distributed to participants of the Plan in accordance with ERISA rules and regulations.

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the Plan year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at period end or year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the assets or liabilities.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires the financial statements describe the methodologies used to measure the fair value of assets and liabilities. Management has described below the methodology used to measure each major category of investments.

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end based on published prices and are classified within Level 1 of the valuation hierarchy.
- The common collective trust is valued based on the net asset value (“NAV”) of units held by the Plan at year-end, as calculated by the issuer, as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

C. Fair Value Measurements – continued

The Plan held no investments as of April 26, 2018. The following table presents the investments carried at fair value as of December 31, 2017, by caption in the statement of net assets available for benefits and by the GAAP valuation hierarchy (as described on the prior page). The Plan has no investments classified within Level 2 or Level 3 of the valuation hierarchy.

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 3,883,114	\$ 3,883,114
Total investment in the fair value hierarchy	<u>\$ 3,883,114</u>	<u>3,883,114</u>
Investments measured at net asset value ^(a)		<u>491,760</u>
Total investments at fair value		<u>\$ 4,374,874</u>

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available in liquidation.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

D. Information Certified by the Record keeper on Behalf of the Trustee

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investment information certified by the record keeper on behalf of the trustee, which included total investments as of April 26, 2018 and December 31, 2017, and the total investment income (loss) for the period from January 1, 2018 to April 26, 2018 and the year ended December 31, 2017.

E. Tax Status

The Plan Sponsor has adopted a non-standardized prototype plan and trust document on which the IRS has issued an opinion letter stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

In connection with the Plan termination discussed in Note G, the Plan obtained approval for the termination of the Plan through an IRS determination letter dated November 8, 2017.

E. Tax Status – continued

The Plan identified certain operational errors, and Plan management submitted a voluntary correction program (“VCP”) filing with the IRS in February 2017. In June 2017, the IRS issued a signed compliance statement, agreeing with the results of the submission and approving the corrective methods and revised administrative procedures. Plan management does not believe the VCP had an impact on the Plan’s financial statements or the Plan’s qualified status.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of April 26, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan allows for notes receivable from participants. These transactions qualify as party-in-interest transactions and are exempt from prohibited transaction rules.

G. Plan Termination

On September 20, 2016, the Board of Directors of the Company approved its intent to terminate the Plan effective September 19, 2016. Participants had until April 6, 2018 to transfer their funds to another employee-sponsored retirement plan or an individual retirement account (“IRA”) or to take a lump sum distribution. If a participant did not move his or her funds by this date, an IRA was established with the broker of the Plan in the participant’s name to accept the rollover of the participant’s funds. Active participants with outstanding loans had the option of transferring their loans to another plan or having their loans discharged. Transferred loans are presented as transfer of Plan assets to another plan on the accompanying statement of changes in net assets (in liquidation). All assets of the Plan were liquidated as of April 26, 2018.

H. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through November 14, 2018, the date the financial statements were available for issuance.
