General

The Plan is a defined contribution plan covering substantially all full-time employees of **Rob's Automotive & Collision Center, Inc. and LRA Enterprise, LLC** (the Company or Plan Sponsor) who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum deferral limits set by the federal government. The maximum deferral was not to exceed \$18,000 (\$24,000 for participants fifty years of age and older) for the plan year beginning January 1, 2017. Participants may also contribute amounts representing disbursements from other qualified defined benefit or contribution plans. The Company contributes \$0.25 for each \$1.00 of a participant's contribution, up to 4% of the participant's base compensation. Contributions are subject to certain limitations. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual fund accounts as investment options for the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of (a) the Company's matching and discretionary contribution and, (b) Plan earnings, net of investment expenses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching of their accounts plus actual earnings thereon is based on years of continuous service. A participant's matching and discretionary contributions vest on a graded schedule and are 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their non-forfeitable account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime plus one percent (ranging from 3.25% to 5.5% at December 31, 2017) fixed for the duration of the loan at the time of origination. Loan repayment period is not to exceed 60 months, unless the loan qualifies as a home loan, at which point terms are established by the plan administrator. Principal and interest are paid through weekly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest of his or her account, or annual installments over a fixed period. Qualified joint and survivor requirements also apply. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2017 and 2016, there were \$8,197 and \$6,973 unused forfeited amounts, respectively. Forfeited accounts are first used to pay administrative costs and reduce future employer contributions. During the Plan year ended December 31, 2017, \$5,128 of forfeitures were used to pay administrative costs and employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan in default, the participant's loan balance is reduced and a benefit payment is recorded.

As of December 31, 2017 and 2016, there were no delinquent notes receivable outstanding.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan Sponsor and are not included in the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued and none were identified.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The plan trustees have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the custodian of the Plan for the period from January 1, 2017 through September 30, 2017, and by Reliance Trust Company, the custodian of the Plan for the period from October 1, 2017 through December 31, 2017, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to the following:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Supplemental schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Rob's Automotive and Collision Center
401(k) Plan**

Notes to Financial Statements
December 31, 2017

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Common Collective Trust

Valued at the NAV of units of a bank's collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities' liquidations will be carried out in an orderly business manner.

The Plan's investments consist of the following at December 31:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy				
Mutual Funds	\$ 2,803,826	\$ -	\$ -	\$ 2,803,826

Common collective trust				\$ 8,252
Total investments at fair value				\$ 2,812,078

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants were \$43,143 and \$24,525 as of December 31, 2017 and 2016, respectively.

Fees paid by the Plan to ADP, LLC, the plan's third-party administrator, amounted to \$821 for the year ended December 31, 2017.

Fees paid by the Plan to Ascensus Trust Company, the custodian and record keeper, amounted to \$2,811 the year ended December 31, 2017.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7 - AMOUNTS ALLOCATED TO TERMINATED PARTICIPANTS

At December 31, 2017 and 2016, there are no amounts allocated to persons who have elected to withdraw from the Plan, but who have not been paid.

NOTE 8 - TAX STATUS

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed Reliance trust of such in a letter dated July 16, 2014. Although the Plan has been amended since receiving the opinion letter, the Committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
