TRINITY PACKAGING CORPORATION 401(k) RETIREMENT BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS
JANUARY 18, 2018 AND DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following description of the Trinity Packaging Corporation 401(k) Retirement Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1993, available to all full-time employees of Trinity Packaging Corporation (the "Plan Sponsor"). Principal Life Insurance Company ("Principal Life") and Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) ("Principal Trust") (collectively, the "Custodians") serve as the custodians of the Plan. Principal Life certified the common collective trust, pooled separate and guaranteed interest accounts, and Principal Trust certified the mutual funds held by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 ("IRC"), as amended.

Plan Merger

During April 2017, the Plan Sponsor entered into an agreement with ProAmpac Intermediate Inc. ("ProAmpac") to sell all the assets of the Plan Sponsor (the "Agreement"). As a result, the board of trustees approved a resolution to merge the assets of the Plan into the ProAmpac retirement plan (the "ProAmpac Plan"). Effective January 2, 2018 (the "Freeze Date"), any accrued benefits were frozen and any participant who was accruing benefits became fully vested. As such, activities such as contributions, changes in investment direction choices for new contributions, transfers of existing investment retirement funds between investment options and requests for plan loan payouts, distributions and withdrawals were paused during the period from January 2, 2018 to January 18, 2018 (the "Freeze Period"). In addition, the Plan ceased to accept new participants to the Plan after the Freeze Date. Effective January 18, 2018, the Plan merged into the ProAmpac Plan and all assets that were held were transferred to the ProAmpac Plan. The Plan filed the final Form 5500 on November 19, 2018.

Eligibility

Employees who have attained the age of 21 or older and have completed at least one year of service, as defined in the SPD, are eligible to participate in the Plan.

Contributions

Participants may contribute a minimum of 2% of their salary up to the maximum percentage of compensation or dollar amount permissible under Section 402(g) of the IRC, not to exceed limits of IRC Sections 401(k), 404 and 415, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are invested in various investment options as directed by the participants.

The Plan Sponsor matches 50% of the first 4% of the participants' contributions to the Plan. The Plan Sponsor may also contribute an additional discretionary amount to the Plan as its board of trustees deems appropriate. Such contributions are credited to the participants' accounts based on their annual pay. For the period from January 1, 2018 to January 18, 2018, the Plan Sponsor's board of trustees did not authorize any discretionary contribution to the Plan.

1. DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with their contribution, the Plan Sponsor's matching and discretionary contributions, and Plan earnings on such contributions and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled to is represented by the vested balance in the participant's account.

Administrative Expenses

Administrative expenses consist of investment and transaction fees. Investment fees are charged to participant accounts based on the underlying funds that participants are invested in. Transaction fees are assessed and allocated directly to the participants initiating the transaction. For the period from January 1, 2018 to January 18, 2018, such expenses amounted to \$105.

Participants are immediately vested in their contributions, the Plan Sponsor's matching contributions and actual earnings thereon. Participants are not vested in the Plan Sponsor's discretionary contributions or earnings thereon until they have completed three years of service with the Plan Sponsor, at which time they become 100% vested in such amounts. Notwithstanding the foregoing, participants become 100% vested upon attainment of retirement age, as defined in the SPD, or upon death or disability prior to termination of employment.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of a) \$50,000 or b) 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans. Participant loans generally must be fully repaid within five years. Loans for a primary residence may be repaid within a reasonable time based on the discretion of the loan administrator, but no longer than 30 years. Participants can have no more than one loan outstanding at any given time and may only take out one loan in any 12-month period.

If a participant fails to make a payment under the terms of the note, that participant will be considered in default. In the event of default, the note receivable shall become due and payable immediately and interest will continue to accrue until the entire note receivable balance is repaid. The Plan will take all reasonable actions to collect the balance owed. Under certain circumstances, the defaulted note could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a note will reduce the benefit a participant would otherwise be entitled to receive from the Plan.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or participant's beneficiary may elect to receive 100% of the participant's vested interest in his or her account balance in either a lump-sum amount or in annual installments over a period of years in accordance with the Plan document. For termination of service due to other reasons, a participant may choose to have all or any part of their vested account balance distributed to them or leave their account under the Plan if their vested account is more than \$5,000. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of January 18, 2018 or December 31, 2017.

1. DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

The portion of a participant's account balance which is not vested upon termination of employment is forfeited and remains in the Plan. Forfeitures of participant accounts can be used to pay administrative expenses or be applied to reduce employer contributions to the Plan. There was no unapplied balance at January 18, 2018 or December 31, 2017.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the SPD.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion on fair value measurements.

The investments in pooled separate accounts and the common collective trust are valued at the net asset value (the "NAV") per unit, as determined by the Custodians at year end. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan assets were transferred to ProAmpac's Plan on January 18, 2018.

JANUARY 18, 2018 AND DECEMBER 31, 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under the standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Payment of Benefits

Benefits are recorded when paid to the Plan participants.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through November 19, 2018, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
JANUARY 18, 2018 AND DECEMBER 31, 2017

4. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by a letter dated June 24, 2015, that the Plan is designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 18, 2018 and December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

5. FAIR VALUE MEASUREMENTS

There were no assets held by the Plan as of January 18, 2018.

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2017:

Description	Fair Value at December 31, 2017	Level 1	Level 2	Level 3
Investments in fair value hierarchy:				
Mutual funds	\$ 2,919,519	\$ 2,919,519	\$ -	\$ -
Total investments in fair value hierarchy	2,919,519	\$ 2,919,519	\$ -	\$ -
Investments measured at net asset value ⁽¹⁾	17,350,912			
Investments at fair value	\$ 20,270,431			

⁽¹⁾ Includes pooled separate accounts and a common collective trust which are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statement of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds are valued at quoted market prices, which represent the net asset value of the securities held in such funds.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. EXCESS CONTRIBUTIONS PAYABLE

During the year ended December 31, 2017, excess participant-directed contributions owed to participants amount to \$47,802, as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is included in the Plan's statement of net assets available for benefits as "Excess contributions payable" at December 31, 2017. Additionally, as the excess contributions were not paid as of January 18, 2018, the asset is included in the Plan's statement of net assets available for benefits in "Net assets transferred to other qualified plan" for the period from January 1, 2018 to January 18, 2018.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of January 18, 2018 and December 31, 2017:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per the financial statements	\$ -	\$ 20,893,698
Excess contributions payable	<u>-</u>	<u>47,802</u>
Net assets available for benefits per Form 5500	<u>\$ -</u>	<u>\$ 20,941,500</u>

For financial statement purposes, excess contributions are included in benefits paid to participants in the year in which the contributions are made. For tax return reporting purposes, such amounts are only reported when repaid to participants.

8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Plan Sponsor.

Certain Plan investments are invested in pooled separate and guaranteed interest accounts managed by Principal Life. Accordingly, these transactions qualify as party-in-interest transactions. During the period January 1, 2018 to January 18, 2018, fees were paid to Principal Life amounting to \$105.
