INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
the Life Line Hospital 401(k) Plan
Wintersville, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Life Line Hospital 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

The CPA. Never Underestimate The Value.®

Emphasis-of-Matter

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 8 to the financial statements, the Board of Directors of Life Line Hospital, the Plan's sponsor, voted in June 2018 to terminate the Plan, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LIFE LINE HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1—DESCRIPTION OF PLAN

The following description of the Life Line Hospital (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all full-time employees of the Company. An employee will be eligible to participate in the plan on the first day of the calendar quarter following his or her date of hire and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for oversight of the Plan.

Contributions – Participants may elect to contribute up to a maximum of 80% of his or her compensation subject to IRS dollar limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A deferral election may not be made retroactively, and a participant’s election to commence elective deferrals shall remain in effect until modified or terminated.

Company matching and additional profit sharing contributions are at the discretion of the Board of Directors. For 2017 and 2016, the Company matched participant contributions dollar-for-dollar, up to a maximum of \$700. Contributions are subject to certain limitations. The contribution is allocated in the same ratio as each participant’s compensation bears to the total of such compensation of all participants. Participants must complete a year of service and be employed on the last day of the plan year in order to share in the employer matching contribution. However, these requirements are waived for participants who terminate due to death, disability, or retirement.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their elective, rollover, and transfer contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of a participant’s account is based upon years of continuous service, defined as 900 hours of service in a Plan year. Participants are 50% vested in Company contributions after two years of service and 100% vested after three years of service. Participants who terminate due to death, disability, or retirement will become 100% vested.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loan is secured by the balance in the participant’s account with interest rates that are commensurate with local prevailing rates as determined by the Plan Administrator at the date of issuance (Prime plus 2% at December 31, 2017). Participants are limited to one outstanding loan at a time. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value in the participant’s vested interest in his or her account, as defined. Effective April 26, 2017, hardship distributions are allowed under the Plan.

LIFE LINE HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts – At December 31, 2017 and 2016, forfeited non-vested accounts totaled approximately \$122 and \$0, respectively. The amounts are forfeited upon the earlier of (a) the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or (b) upon distribution of the entire vested portion of the participant's account. These accounts were used to reduce employer matching contributions to the Plan.

Investment Options – The Plan allows participants to make their investments under a self-directed program. Under this program, participants invest their account balances in anyone of approximately forty investment options offered by the Plan. Participants may transfer funds between investments and make changes in the allocation of future contributions among funds at any time by either calling or by accessing their accounts with the custodian of the Plan assets.

Plan Expenses and Costs – Certain administrative expenses are paid for by the Company, while others are paid for by the Plan. Fees related to the administration of participant accounts and benefit payments are charged directly to the participants' accounts and are included in administrative expenses.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year as well as the current year change in unrealized appreciation and depreciation of investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

All investments are considered to be participant-directed.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced, and a benefit payment is recorded.

LIFE LINE HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The IRS has determined and informed the company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which, if incurred, would be recognized as a current expense. No such tax has been recognized as of December 31, 2017 and 2016.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Reclassifications

Certain reclassifications have been made to amounts or balances in the 2016 financial statements to conform to the 2017 presentation. These reclassifications did not have a material impact on the Plan's previously reported financial statements.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and is to be applied retrospectively, with early adoption permitted.

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value.

LIFE LINE HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

The Plan elected to early adopt ASU 2015-07 and adopted the applicable parts of ASU 2015-12 during the year ended December 31, 2016.

NOTE 3—INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The custodian of the Plan has certified that certain information disclosed in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2017 and 2016 in accordance with Section 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information includes the composition, cost and current value of all investments held as of December 31, 2017 and 2016, and the interest, dividends, and net appreciation (depreciation) in fair value of investments for the years then ended.

NOTE 4—FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted Prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LIFE LINE HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at net asset value (NAV), the values of the pooled separate accounts are expressed in units as determined by valuing the underlying assets owned by the fund, minus its liabilities, and then dividing the value of the entire account by the total number of units in the plan account. The investments underlying the Plan's pooled separate accounts are mutual funds. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments, and the redemption frequency is daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2017 and 2016:

December 31, 2017

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 5 – AMENDMENT AND TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such manner as the Company may determine. Notwithstanding any other provision of this Plan, no action to amend or terminate the Plan may have the effect of decreasing, denying or otherwise adversely affecting any benefit to a participant that is a “protected benefit” within the meaning of Code Section 411(d)(6) and the Treasury Regulations thereunder.

The Plan was last amended effective June 20, 2018 (see Note 8).

NOTE 6—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others.

Certain funds of the Plan are invested in pooled separate accounts managed by John Hancock, which is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Plan paid administrative fees to John Hancock of \$1,935 and \$1,280 during the years ended December 31, 2017 and 2016, respectively. The plan sponsor pays directly any other fees related to the Plan’s operations.

NOTES TO FINANCIAL STATEMENTS

NOTE 8—SUBSEQUENT EVENTS

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through November 20, 2018, the date the financial statements were available to be issued.

On June 20, 2018, the Company elected to terminate the Plan effective June 25, 2018. No Participants were permitted to enter the Plan, and no contributions were permitted to be made, after that date. The Plan administrator directed that distributions be made to all participants and beneficiaries within a reasonable period of time after the effective date of Plan termination. All assets had been transferred out of the Plan by September 4, 2018.
