MARIETTA CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

1. Description of Plan

The following brief description of the Marietta Corporation Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all employees of Marietta in the United States who have attained at least age 18 and have been employed for at least one year full time. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. The Plan sponsor and administrator is Marietta Corporation and its wholly owned subsidiary, Marietta American, Inc. (the "Company").

b. Contributions

Additions to the Plan consist of contributions made by the Company and voluntary participant contributions within limitations of the Plan, and income generated by Plan assets. Contributions by the Company are based on matching a portion of each employee contribution. The employee may contribute from between 1 percent up to 100 percent of their compensation (subject to Federal tax law limits), with 50 percent of the first 2 percent and 25 percent of the next 8 percent being matched by the employer. These matching contributions are discretionary and subject to change at any time as per certain statutory limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

c. Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Company's matching contributions, any employer discretionary profit-sharing contribution, and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund. Investments are participant directed.

d. Vesting

Vesting of benefits in the employers' contributions is determined by credited years of service, as defined in the Plan. Vesting in employer contributions begins partially after completion of one year of service, and graduates equally annually until completion of five years of service, at which time participants become fully vested. Upon death or disability, employer contributions are fully vested. Participant contributions are fully vested at the time the contributions are made.

MARIETTA CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

1. Description of Plan (continued)

e. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates ranging from 4.25% to 5.25%.

f. Payment of Benefits

The Plan provides for benefits to be paid upon termination of service or retirement. The participant may elect to receive a lump sum distribution of benefits or require the Plan to purchase an annuity or retirement investment contract that begins distributions upon retirement.

g. Forfeited Accounts

Non-vested portions of a participant's account balance will be forfeited when the participant receives a distribution of the entire vested benefits. The forfeited amounts are transferred to a holding account until they are used to reduce participating employers' matching contributions. During the years ended December 31, 2015 and 2014, there was \$93,034 and \$116,879 of forfeitures used to reduce the participating employers' matching contribution, respectively.

2. Summary of Accounting Policies

a. Date of Management's Review

Subsequent events were evaluated through October 7, 2016, which is the date the financial statements were available to be issued.

b. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America, requires the custodian of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expense during the reported period. Actual results could differ from those estimates.

c. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

MARIETTA CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

2. Summary of Accounting Policies (continued)

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

e. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

f. Payment of Benefits

Benefits are recorded when paid.

g. Operating Expenses

All operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements.

h. Reclassifications

Certain amounts and accounts in the prior year's financial statements have been reclassified for comparative purposes to conform with the presentation in the current year's financial statement. The reclassifications have no effect on the previously reported results of investment performance.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investments in general are exposed to various risks such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

MARIETTA CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of an input that is significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

5. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Marietta Corporation was acquired by KIK Custom Products Inc. during 2015. At the time of acquisition, management discussed merging the Plan with KIK Custom Products Inc. retirement plan.

6. Tax Status

The Plan has been designed to qualify as a tax-exempt defined contribution plan under applicable sections of the Internal Revenue Code and, therefore, is not subject to Federal income taxes. The Plan is utilizing a prototype plan document, which in its prototype form has received a favorable determination of such qualification from the Internal Revenue Service. The Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that therefore, the Plan qualifies under Section 401(k) and the related trust is tax exempt as of December 31, 2015.

7. Subsequent Event

Effective January 2016, Marietta Corporation terminated the Plan as part of the acquisition by KIK Custom Products Inc. All assets held with Fidelity Investments Institutional were transferred to The Principal Financial Group under the KIK Custom Products Inc. Retirement Plan.
