Filtration Group 401(k) Plan for Hourly Employees

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Filtration Group 401(k) Plan for Hourly Employees (formerly known as the Essentra Porous Technologies Corp. 401(k) Plan for Hourly Employees) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by Porex Technologies Corporation (formerly known as Essentra Porous Technologies Corp.) (the Company). Effective June 1, 2007, the Plan was closed to new entrants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers all hourly employees of the Company, excluding non-resident aliens, leased employees, and those employees who are not members of Bakery, Confectionary, Tobacco Worker and Grain Millers International Union AFL-CIO-CLC-Local Union 358. Employees were eligible for participation on the first day of the month subsequent to completing 2 consecutive months of service.

Contributions

Participants may elect to contribute up to the maximum amount subject to Internal Revenue Service (IRS) limitations. Eligible employees who have attained age 50 before the close of the Plan year are allowed to make catch-up contributions up to the maximum allowed by the IRS. Contributions are subject to certain limitations. Newly hired employees who became eligible to participate in the Plan were automatically enrolled at 3% of their compensation, unless another option was selected by them.

The Company provides for fixed matching contributions of 100% of participant deferrals up to 3% and 50% of the next 2% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes to Financial Statements

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note receivable transactions are treated as a transfer between the investment fund(s) and the participant note receivable fund. The notes receivable from participants are secured by the balance in the participant's account and bear a reasonable rate of interest as defined by the Plan. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years.

Vesting

Participants are immediately vested in their voluntary contributions, all employer contributions, and actual earnings thereon.

Payment of Benefits

A participant's contributions and employer contributions may be withdrawn upon retirement (on or after the attainment of normal retirement age), termination of employment, disability, death, or after attaining age 59½. Participants may elect to have distributions paid in a lump-sum or partial withdrawal. Under certain qualifying circumstances, hardship withdrawals are permitted under the Plan. If a participant terminates employment, the participant's account balance will be distributed as soon as practicable after termination.

Investment Options

Participants may direct their contributions and their allocated portion of Company contributions to investment options in 1% increments. Participants may change their investment options daily.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan. Certain other administrative expenses of the Plan are paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment fees are paid by the Plan in the form of administrative fees.

Forfeitures

There are no forfeiture balances as of December 31, 2017 and 2016 and no forfeitures were used during the Plan year ended December 31, 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Subsequent Events

Management has evaluated subsequent events through November 28, 2018, which is the date the financial statements were available to be issued. On November 1, 2018, the Plan was merged into the Porex Corporation 401(k) Savings Plan.

3. Summary of Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Newport Trust Company (Newport), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2017 and 2016, and for the year ended December 31, 2017 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2017 and 2016, and for the year ended December 31, 2017 are covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund - Valued at the NAV using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust was based on information using the audited financial statements of the collective trust at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (cont.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

<i>December 31, 2017</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,604,358	\$ -	\$ -	\$ 4,604,358
Common collective trust measured at NAV*				1,540,575
Total investments at fair value				\$ 6,144,933

<i>December 31, 2016</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,880,082	\$ -	\$ -	\$ 3,880,082
Common collective trust measured at NAV*				1,972,613
Total investments at fair value				\$ 5,852,695

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV (or its equivalent) follows:

Investment	Fair value at 2017	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 1,540,575	N/A	Immediate	60 days

Investment	Fair value at December 31, 2016	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 1,972,613	N/A	Immediate	60 days

The collective trust fund participates in a stable value fund that invests primarily in benefit-responsive investment contracts issued by insurance companies and other financial institutions (contracts), fixed income securities, and money market funds. Under the terms of the contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements.

5. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan of Newport Retirement Services Inc. which received a favorable opinion letter from the IRS dated March 31, 2014, stating that the Volume Submitter Profit Sharing Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their Company contributions.

7. Related Parties and Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are managed by Newport and qualify as party-in-interest transactions. Notes receivable from participants reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

During 2017 and 2016, employee withholdings of \$274,873 and \$10,445, respectively, were not remitted within the appropriate time-period by the Company. The Company remitted the delinquent contributions to the Plan during the respective Plan year. The Company plans to remit the related lost earnings in 2018. This transaction constituted a prohibited transaction as defined by ERISA.
