Report of Independent Auditors

To the Administrator of the
Bosch Security Systems Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bosch Security Systems Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mercer Trust Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2017 and for the period from January 1, 2017 to December 31, 2017, and that Mercer Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2016. The plan administrator has obtained certifications from the trustees as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2017 and 2016

1. Description of the Plan

The following description of the Bosch Security Systems Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Bosch Security Systems, Inc. (the “Company”) is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

General

The Plan was adopted on October 28, 2002, as a profit-sharing plan covering all nonunion employees of the Company located at the Lancaster, Pennsylvania facility. A 401(k) component with employer matching contributions was later introduced to this Plan and employees of the Company located in Fairport, New York became eligible participants of this Plan. Full-time employees of the Company are eligible to participate in the Plan on their date of hire if they are 21 years of age. Effective November 1, 2017, the age-21 eligibility requirement was eliminated. Part-time employees are eligible to participate after one year of service with 1,000 hours of service, as defined in the Plan document. Prior to November 1, 2017, participants were eligible for Company matching contributions after completing one year of employment. Effective November 1, 2017, the one-year waiting period was eliminated. Employees of Telex Communications, Inc., a subsidiary of the Company, are also eligible to participate in the Plan, but are not eligible for profit sharing contributions.

Effective January 1, 2017, Fidelity Workplace Services LLC and Fidelity Management Trust Company (the “Trustee”) became the Plan’s recordkeeper and trustee, respectively. Plan assets were transferred to the Trustee on January 3, 2017. Prior to this, Mercer Trust Company and Mercer HR Services, LLC were the trustee and recordkeeper of the Plan, respectively. In conjunction with the change in trustee, the Plan, along with several other plans sponsored by the Company and its affiliates, became part of the Robert Bosch Defined Contribution Retirement Plan Trust (the “Master Trust”).

Effective January 1, 2017, the Bosch Security Systems, Inc. Hourly Savings Plan merged into the Plan and net assets approximating \$1,374,234 were transferred to the Plan on that date.

Contributions

The Plan provides for participant contributions to be made on both a pre-tax and an after-tax basis. Each pay period in which participants receive wages, they may contribute between 1% and 85% of their eligible compensation, as defined in the Plan document, subject to maximum amounts established by the Internal Revenue Code (the “Code”), pursuant to Section 401(k) of the Code. Participants may also contribute amounts representing catch-up contributions (if age 50 or older), and distributions from other qualified defined-benefit or defined-contribution plans.

Eligible new associates are automatically enrolled in the Plan with a 5% pre-tax deferral after approximately 30 days of employment with the Company unless the associate elects otherwise. Participants can also elect to withdraw from the Plan after the auto-enrollment. The automatic enrollment contribution percentage for associates who are auto-enrolled at 5% will increase by 1% on the anniversary of the auto-enrollment date, until the percentage reaches 9%, unless the participant elects otherwise.

The Company contributes 50% of the first 6% of eligible compensation contributed by the participant.

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2017 and 2016

The Company also contributes a profit-sharing contribution on behalf of each eligible Lancaster and Fairport employee hired prior to February 1, 2012, based on their eligible compensation for the Plan year as follows:

- (i) 3% of eligible compensation earned up to the fifth anniversary of the active participant's profit-sharing start date.
- (ii) 4.5% of eligible compensation earned between the fifth anniversary and the tenth anniversary of the active participant's profit-sharing start date.
- (iii) 6% of eligible compensation earned after the tenth anniversary of the active participant's profit-sharing start date.

For the Plan year in which the fifth or tenth anniversary of the participant's profit-sharing start date occurs, the contribution shall be prorated.

The profit-sharing start date for Fairport employees is defined as the later of their date of hire or January 1, 2004.

An adjustment may be made to the profit-sharing contribution, based on year-end Company financial performance, such that the adjusted profit-sharing contribution is equivalent to between 50% and 150% of the original base amounts described above. For 2017, the base profit-sharing amounts were adjusted by 110%.

Vesting

Participants are immediately vested in their voluntary contributions and profit sharing contributions plus actual earnings thereon. After 3 years of service with the Company, a participant will become 100% vested in Company matching contributions on the date they are contributed. Forfeited balances of terminated participants' nonvested accounts are used to pay expenses of the Plan or to reduce Company contributions. Forfeited nonvested accounts totaled \$4,021 and \$66,729 at December 31, 2017 and 2016, respectively. Forfeitures of \$153,806 for Plan year 2017 were used to reduce employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings and administrative expenses. Allocations of Plan earnings are based on participant account balances in the respective investment options. The benefit to which a participant is entitled is equal to the vested balance that can be provided from the participant's account.

Investment Options

Participants may direct contributions in any of the investment options offered, which include mutual funds and collective trusts. Participants may also utilize a brokerage account, which permits the participant to invest in other securities. Changes in allocations of future contributions and transfers among funds of presently invested contributions are permitted pursuant to Plan provisions. The Plan's investments, other than the brokerage account, are held by the Trustee. The self-directed brokerage account is administered by Fidelity Brokerage Services LLC (administered by TD Ameritrade Inc. prior to January 3, 2017).

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2017 and 2016

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 (subject to certain limitations as defined in the Plan document) or 50% of their vested account balance. All notes receivable from participants are amortized over a reasonable period of time, generally not to exceed five years (25 years if used to purchase a primary residence.) Upon termination, notes receivable are either payable immediately, or by making payments via monthly coupons administered by the recordkeeper. In accordance with Plan policy, participants who do not make regular loan payments will be considered in default. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at inception. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are generally to be paid through payroll deductions.

Distributions to Participants

In the event of retirement, termination of service, death, or disability, the participant may receive a lump sum or installment payments equal to the vested value of his or her account. Prior to termination of service, participants may also obtain withdrawals of any portion of their participant contributions after attaining the age of 59 - 1/2 or for certain financial hardship situations. Hardship withdrawals will be authorized only upon satisfaction of criteria as enumerated in the Plan document.

If the payment is for retirement, termination of service, death or disability, the amount may be transferred directly to an Individual Retirement Account or another qualified plan. If the participant does not elect a direct plan-to-plan transfer, the Internal Revenue Service ("IRS") requires the Plan to withhold applicable taxes from the final distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants shall immediately be fully vested and distributed to the participants.

Administrative Expenses

Effective January 1, 2017, the annual recordkeeping fee changed to \$37 per participant (\$9.25 per quarter). This amount is reflected in administrative expenses in the accompanying 2017 financial statements. Administrative expenses also include financial advisory fees, audit fees, and charges for overnight mail.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2017 and 2016

New Accounting Pronouncement

In February 2017, the Financial Accounting Standards Board issued ASU 2017-06 *Employee Benefit Plan Master Trust Reporting* to improve the usefulness of information reported to users of employee benefit plan financial statements by clarifying presentation requirements for a plan's interest in a master trust and requiring more detailed disclosures of the plan's interest in the master trust. The new guidance requires that a plan's interest in a master trust and changes in that interest be reported in separate line items in the statement of net assets available for benefits and statement of changes in net assets available for benefits, respectively. The new guidance also removes the requirement to disclose the percentage interest for plans with a divided interest in a master trust, requires all plans to disclose the dollar amount of their interest in each general investment type of the master trust, and requires plans to disclose the master trust's other asset and liability balances and the dollar amount of the plan's interest in each of those balances. This guidance is effective for the plan year ending December 31, 2019, with retrospective application required. Early adoption is permitted. The Plan's management has early-adopted the new guidance for the 2017 financial statements. The adoption did not have a material impact on the financial statements.

Investment Valuation and Income Recognition

The Plan's investments (through the Master Trust in 2017) are stated at fair value. Mutual funds are valued at quoted market prices based on the net asset value of shares held by the Plan at year-end. The fair value of collective trusts is determined using the net asset value of units held by the Plan at year-end as a practical expedient, based on information reported by the investment advisor using the financial statements of the collective trusts. In addition to these investments, stocks within the Plan's self directed brokerage accounts are valued at the closing price at year-end reported on the active market on which the individual securities are traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net investment income from the Plan's interest in the Master Trust, which consists primarily of the realized gains or losses on the fair value of the Master Trust investments and the unrealized appreciation (depreciation) on those investments, is included in the statement of changes in net assets available for benefits.

Distributions to Participants

Distributions to participants are recorded when paid.

3. Certification of Investment Information

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Fidelity Management Trust Company and Mercer Trust Company have certified as complete and accurate certain investment information included in the accompanying financial statements, Note 4, and supplemental schedule as of December 31, 2017 and 2016, and for the year ended December 31, 2017. The following list and table present a summary of the certified amounts.

- Note 4 – Investment balances in the Master Trust and the Plan's interest in those investment balances as of December 31, 2017; net appreciation in fair value of investments and other investment income, and the Plan's interest therein, of the Master Trust for the year ended December 31, 2017

Net investment income from plan interest in Robert Bosch Defined Contribution Retirement Plan Trust	18,084,318	
Interest income on notes receivable from participants	65,892	

4. Investment in Master Trust

In addition to the Plan, the Master Trust includes the following retirement plans sponsored by the Company and its affiliates:

- 1) Bosch Savings Incentive Plan;
- 2) Robert Bosch Defined Contribution Retirement Plan; and
- 3) Bosch Braking Systems Thrift Plan

Each participating plan has a divided interest in the Master Trust. Each plan's allocated share of the Master Trust's net assets and investment income is based upon the value of the investment fund options chosen by participants of that plan, and the individual contribution and benefit payment transactions directed by those participants along with related expenses. Investment income is allocated daily, based upon the proportion of a participant's balance in each fund option to the fund option as a whole for each participating plan.

5. Fair Value Measurements

The FASB established a framework to increase consistency and comparability in fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

**Bosch Security Systems
Retirement Savings Plan
Notes to Financial Statements
December 31, 2017 and 2016**

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

For a description of the valuation methodologies used for assets measured at fair value, see Investment Valuation and Income Recognition under Note 2. There have been no changes in the methodologies used at December 31, 2017 and 2016. In determining the reasonableness of the methodology, the Plan's Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the year ended December 31, 2017, there were no significant transfers in or out of levels 1, 2 or 3.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2017:

Investment Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 424,421,449	\$ -	\$ -	\$ 424,421,449

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Common collective trusts consist of pools of investments used by institutional investors to obtain equity and fixed income market exposures by investing in funds which are intended to mirror market indices. They are valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common collective trusts. The funds are valued using the net asset value as provided by the investment account manager as a practical expedient. Certain of these investments require a notice period subsequent to exchange out of a fund before purchasing units of that same fund or a competing fund. Further, while fund redemptions are unlimited for participants, there may be restrictions on the total divestiture of a fund by the Plan.

The Master Trust's common collective trusts include:

6. Tax Status

The IRS has determined and informed the Company in a letter dated March 16, 2017, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since the period covered by the determination letter, the plan administrator and the Plan's ERISA counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations for plan years beginning prior to January 1, 2014.

7. Party-in-Interest Transactions

The Plan (through the Master Trust) invests in a money market mutual fund as of December 31, 2017 that is managed by the Trustee or its affiliates. Transactions in this fund, as well as notes receivable from participants, qualify as exempt party-in-interest transactions.

Less: Transfer of assets relating to plan mergers	<u>(1,374,234)</u>
Transfer of assets relating to plan mergers per Form 5500	\$ -

The Form 5500 was prepared as if the merger of the Bosch Security Systems, Inc. Hourly Savings Plan occurred on December 31, 2016. See Note 1.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Subsequent Events

Effective February 14, 2018, the Plan's investment in the JP Morgan Stable Asset Income Fund (a collective trust) was replaced with the Bosch Stable Value Fund investment option (which holds several synthetic guaranteed investment contracts, along with a collective trust and mutual fund for liquidity).

The Plan has evaluated the events and transactions that have occurred through November 30, 2018, the date the financial statements were available to be issued, and concluded there were no other subsequent events to recognize or disclose.
