1. DESCRIPTION OF PLAN:

The following description of the Lighthouse Youth Services 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Lighthouse Youth Services, Inc. (the "Organization" or "Employer") who have attained the age of 21 and completed 30 days of service. Effective July 3, 2017, the Plan was amended to reduce the eligibility requirement to the age of 18. Part-time and PRN (as needed) employees who work more than 1,000 hours per year are permitted to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants can contribute a percentage of their pretax annual compensation, subject to certain limitations, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Organization may make discretionary non-elective employer contributions and discretionary employer match contributions. Participants are eligible for employer contributions after completing 30 days of service. For the year ended June 30, 2018, the employer match was 100% of the first 6% of eligible compensation that a participant contributed to the Plan on a per pay basis. There was no discretionary non-elective employer match contribution for the year-ended June 30, 2018.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Automatic deferral contributions are increased by 1% annually.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Organization's contributions and Plan earnings. Each account may be charged with an allocation of administrative expenses based on investment values to total Plan investment values. Allocations of Plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, catch-up contributions and rollover contributions as adjusted for earnings and losses thereon. Employer discretionary contributions, matching contributions and earnings thereon will be vested in accordance with the following schedule:

<u>Years of Credited Service</u>	<u>Percentage Vested Interest</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Benefit payments

Distributions may generally be made to a participant upon the participant's retirement (including early retirement), death, disability or termination of employment with the Organization, or upon incurring a financial hardship. Distributions may be made to the participant or beneficiary in either a single lump sum or in installments. A participant who has attained age 59 ½ may elect to make a cash withdrawal, subject to Plan provisions, of up to 100% of the participant's vested account balance. Normal retirement age is 65. The Plan provides for an early retirement if a participant has reached age 55 and is 100% vested in his or her Plan accounts.

Forfeited accounts

As of June 30, 2018 and 2017, the amount of forfeited non-vested accounts was approximately \$18,000 and \$59,000, respectively. Forfeitures may be used to pay Plan expenses or to reduce the Employer's required contribution. Forfeitures used in 2018 to reduce Employer contributions were approximately \$152,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses are paid directly by the Organization and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Organization evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through November 27, 2018, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE:

All investments, investment income and the net appreciation in fair value of investments included in the accompanying financial statements and supplemental schedule of assets (held at end of year) were obtained from data that was prepared and certified as complete and accurate by the trustee, Fidelity Management Trust Company.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: 1. Quoted prices for similar assets or liabilities in active markets; 2. Quoted prices for identical or similar assets or liabilities in inactive markets; 3. Inputs other than quoted prices that are observable for the asset or liability; 4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017.

Mutual funds: Valued at the quoted daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust: The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2018 and 2017.

Investments at fair value as of June 30, 2018

Fair Value of Investments in Entities that use Net Asset Value (NAV) as a Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of June 30, 2018 and 2017, respectively.

<u>June 30, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

<u>June 30, 2017</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust	\$ 197,658	N/A	Daily	N/A

5. RISKS AND UNCERTAINTIES:

Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and supplemental schedule.

6. INCOME TAX STATUS:

The Organization adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Services (IRS) dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended. While the Organization has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Certain employees of the Organization provide administrative services to the Plan, for which the Plan is not charged.
