Independent Auditors' Report

Plan Administrator
Wabash Electric Supply, Inc. Employee Stock Ownership Plan
Wabash, Indiana

We have audited the accompanying financial statements of Wabash Electric Supply, Inc. Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of March 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended March 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Wabash Electric Supply, Inc. Employee Stock Ownership Plan as of March 31, 2018 and 2017, and the changes in its net assets available for benefits for the year ended March 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 4, the financial statements include Wabash Electric Supply, Inc. company stock valued at approximately \$2,177,788 at March 31, 2018, and \$1,972,754 at March 31, 2017. The fair value of this investment has been estimated by management in the absence of readily determinable fair values based on valuation reports prepared by an independent appraisal firm. Our report is not modified with respect to this matter.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of March 31, 2018, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Plan Description

Overview

Wabash Electric Supply, Inc. (the Company and Administrator) established Wabash Electric Supply, Inc. Employee Stock Ownership Plan (the Plan), effective as of April 1, 1989. The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The provisions of the Plan are included in the official Plan document which legally governs the operations of the Plan and is available for more detailed information.

Contributions

Company contributions to the Plan may be in cash, shares of Company stock or other property as approved by the Company's Board of Directors. Employee contributions to the Plan are not allowed. Maximum contributions are limited to applicable IRS regulations.

Participant Accounts

The Plan is a noncontributory defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by First Merchants Trust Company, the Trustee of the Plan (the Trustee), from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after attaining age 21 and one year of service providing they worked at least 1,000 hours during the Plan year and were employed for twelve consecutive months. Participants who have not worked the minimum hours during such Plan year or are not employed on the last working day of a Plan year are not eligible for an allocation of Company contributions for such year. If participants meet the requirements during the first six months of the Plan year, the entry date is October 1 of such Plan year. If participants satisfy the requirements in the last six months of the Plan year, they enter the Plan on April 1 of the following Plan year.

Vesting

If a participant's employment with the Company ends for any reason, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants become vested in the ESOP on a graded basis with 20% vested after two years of service, increasing 20% for each additional year of service, up to 100% vesting occurring after six full Plan years of service.

Note 1. Plan Description (Continued)

Put Option

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, and includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the Company stock as of the valuation date immediately preceding the date that the written notice of intent to exercise the put option is delivered to the Plan Administrator. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Benefit Payments

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are made in cash or Company stock. Normal distributions are paid in equal installments over five years; however, the Plan Administrator has the option to make lump-sum distributions.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Forfeitures

Forfeitures occur when a participant does not become fully vested. Forfeitures will be allocated and credited to the ESOP stock accounts of participants who met the eligibility requirements during the Plan year and were employed on the last day of the Plan year. The allocation will be based on each participant's eligible compensation, relative to total eligible compensation.

For the Plan year ending March 31, 2018, forfeitures consisting of 5,675 shares of Company stock with a value of \$5,781 were reallocated to participants.

Note 1. Plan Description (Continued)

Termination of the Plan

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will become 100% vested and will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Plan Administrator shall direct the Trustee to pay all liabilities and expenses of the trust fund.

Voting Rights

The Trustee shall vote the shares of the Company common stock held in the trust fund. As to certain matters, as defined by the IRC, each participant will be entitled to direct the Trustee as to how to vote the shares allocated to his or her account. The Trustee shall determine in its discretion how to vote the shares of the Company common stock which are not allocated to any participant account and the allocated shares of common stock with respect to which no directions are received from the participants.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Valuation of Investment

The common stock of the Company is valued at fair value on March 31, 2018 and 2017, as determined by an independent appraiser. It is reasonably possible that the estimate will change in the near term. Stock dividends on Company stock held in the participant's Company stock account are credited to the participant's account when paid. The Plan presents, in the statement of changes in net assets available for Plan benefits, the net appreciation or depreciation in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. See Note 4 for discussion of fair value measurements.

Income Tax Status

The Plan obtained its latest determination letter on June 20, 2012, stating that the Plan is a qualified plan under Section 401 of the Internal Revenue Code. The Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor and Plan Administrator believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 2. Significant Accounting Policies (Continued)

Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Risks and Uncertainties

All assets of the Plan are invested in Wabash Electric Supply, Inc. stock. Due to the level of risk associated with investing in only one investment, it is at least reasonably possible that changes in the value of the investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Management of the Plan has evaluated events and transactions for possible recognition or disclosure through November 21, 2018, the date the financial statements were available to be issued.

WABASH ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements (Continued)
March 31, 2018

Note 3. Administration of the Plan

The Plan's assets, which consist of Wabash Electric Supply, Inc. common shares, are held by the Trustee. The Plan is maintained by a OneAmerica Company, McCready and Keene, Inc., a non-fiduciary independent third-party administrator (the TPA) appointed by the Company's Board of Directors. Company contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the TPA's fees are paid directly by the Company.

Note 4. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at March 31, 2018 and 2017.

Company Common stock: Valued at fair value, as calculated annually by an independent third party appraiser using generally accepted valuation approaches.

WABASH ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements (Continued)
March 31, 2018

Note 4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of March 31, 2018 and 2017.

Assets at Fair Value as of March 31, 2018			
Level 1	Level 2	Level 3	Total
Company stock in the fair value hierarchy	\$ <u> -</u>	\$ <u> -</u>	\$ <u>2,177,788</u>
			\$ <u>2,177,788</u>
Assets at Fair Value as of March 31, 2017			
Level 1	Level 2	Level 3	Total
Company stock in the fair value hierarchy	\$ <u> -</u>	\$ <u> -</u>	\$ <u>1,972,754</u>
			\$ <u>1,972,754</u>

The Plan's Policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during the years ended March 31, 2018 and 2017, respectively.

Changes in Level 3 assets measured at fair value on a recurring basis for the years ended March 31, 2018 and 2017, are as follows:

	Company Common Stock
Balance at March 30, 2017	\$ 1,972,754
Unrealized gain	<u>205,034</u>
Balance at March 31, 2018	\$ <u>2,177,788</u>

WABASH ELECTRIC SUPPLY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements (Continued)
March 31, 2018

Note 4. Fair Value Measurements (Continued)

Balance at March 30, 2016	\$ 1,974,678
Unrealized loss	<u>(1,924)</u>
Balance at March 30, 2017	<u>\$ 1,972,754</u>

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains for these assets presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report, which Plan management, along with the ESOP trustee, reviews in detail, discusses, and approves.

Note 5. Related Party Transactions

The Company pays all administrative expenses of the Plan which amounted to approximately \$27,000 for the 2018 Plan year.

Note 6. Subsequent Events

In November 2018, the ESOP entered into a stock purchase agreement. Subject to the terms of the agreement, the ESOP will sell its shares for approximately \$10,400,000 to a third party. Upon completion of the sale, participants accounts will become 100% vested and no further Company contributions will be made to the Plan.
