NOTE 1 – DESCRIPTION OF PLAN

The following description of the Slakey Brothers Employee Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: Slakey Brothers, Inc. established the Plan effective March 1, 1985. The Plan is a defined contribution pension plan established for the benefit of employees of Slakey Brothers, Inc. (the "Company"). The plan administrator of the Company is responsible for administration and management of the Plan. All investments in the Plan are participant-directed. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) serves as trustee for the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: Employees of the Company are auto-enrolled in the employee deferral portion of the Plan on the 1st day of the month following the employee's hire date at a 3% deferral rate. Participants are eligible to receive an employer matching contribution on the March 1 or September 1 after completing of one year of service (1,000 hours).

Vesting: Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon. All discretionary and matching employer contributions vest over a 6 year period at the rate of 20% per year starting at the completion of the second year of continuous service and are 100% vested after completion of 6 years of service.

A participant's account will become 100% vested upon termination of employment at 65 years of age, disability, or death.

Contributions: Each year, participants may make salary deferral contributions up to 50% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. The Company may make matching contributions equal to a discretionary percentage and may also make discretionary profit sharing contributions. There were no matching or discretionary profit sharing contributions made by the Company for the year ended February 28, 2018. Company contributions are subject to certain IRC limitations.

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocation of the Company's discretionary matching and profit sharing contributions, allocation of Plan earnings, and charged with withdrawals, allocations of Plan losses and administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time directly through Principal.

Notes Receivable from Participants: Participants may borrow up to 50% of their vested accounts in the form of a loan with a minimum amount of $1,000 and maximum amount of $50,000. Loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 3.50%, which are commensurate with prevailing market rates at the time the funds are borrowed. Principal and interest is paid ratably through payroll deductions.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, retirement, or early retirement, a participant shall receive a distribution equal to the value of the participant's vested interest in his or her account in one of the following forms: (a) an installment distribution consisting of approximately equal annual or more frequent installments over a designated term, or (b) a lump-sum distribution of vested accrued benefits. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or rolled over into an eligible retirement plan. Participants may also receive in-service distributions after attaining age 59-1/2. A participant reaches Early Retirement Age on the date the participant reaches age 55 and has 6 years of vesting service. Participants with a vested account balance of $1,000 or less may be paid as a single lump sum without the participant's consent. Mandatory distributions greater than $1,000 and not exceeding $5,000 are rolled over to an individual retirement plan if the participant does not elect otherwise.

Forfeitures: Discretionary matching and profit sharing forfeitures from the nonvested portion of terminated employees' account balances are used to reduce the Company's matching contribution or pay Plan expenses. During the year ended February 28, 2018 there were no forfeitures reallocated to participants. The remaining balances of forfeitures available to offset future contributions and administrative expenses as of February 28, 2018 and 2017 were not significant.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Administrative and Investment Management Expenses: Plan administrative expenses may be paid by the Plan Sponsor or the Plan. Investment management fees charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees are reflected as a reduction of investment return for such investments. Loan fees associated with notes receivable from participants and the Plan’s trustee and recordkeeping fees are paid by the Plan and reflected in the financial statements as administrative expenses. The Company provides bookkeeping and other administrative services for the Plan at no charge.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through December 4, 2018, which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments, including a guaranteed investment contract. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value as further described in Note 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid. There were no distributions requested but not paid at February 28, 2018 and 2017.

NOTE 3 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds fully benefit-responsive investment contracts that are reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contracts, by general type, are presented below:

	2018	2017
Principal Fixed Income 401(a)/(k)	$ 3,581,997	$ 3,989,398

The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company ("PLIC"; Issuer). PLIC maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated semi-annually based upon a formula agreed upon with the issuer. PLIC's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

(Continued)

NOTE 3 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at February 28, 2018, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 26,086,882	$ 26,086,882	$ -	$ -

		Fair Value Measurements at February 28, 2017, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 22,150,754	$ 22,150,754	$ -	$ -

NOTE 6 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 28, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for year prior to 2014.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds investments in Principal Fixed Income Option (PFIO), a group annuity contract, available through Principal Life Insurance Company (PLIC), an affiliate of Delaware Charter and Trust Company d/b/a Principal Trust Company. PLIC is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to PLIC qualify as party-in-interest transactions. The Plan also invests mutual funds that are issued by Principal Funds, Inc., an affiliate of the trustee. Notes receivable from participants also reflect party-in-interest transactions.
