Report of Independent Auditors

To the Administrator of the Intercom Federal Systems
Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Intercom Federal Systems Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Principal Trust Company, the custodian of the Plan, and Principal Life Insurance Company, the insurance company of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and the insurance company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian and insurance company as of December 31, 2017 and 2016 and for the years then ended, that the information provided to the plan administrator by the custodian and insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule Assets (Held at End of Year) at December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Intercom Federal Systems Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

1. Plan Description

The following description of the Intercom Federal Systems Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General and Participation

The Plan is a defined contribution plan established on November 1, 2000 covering eligible employees of Intercom Federal Systems Corporation (the "Company"). The Company is owned by Intercom Communications Corporation which was acquired by Tandel Holdings, Inc. on July 26, 2016. Tandel Holdings, Inc. is owned by Belcan, LLC. To be eligible to participate in the Plan, an individual must be an employee of the Company who has completed at least three months of service and attained at least age 18. Entry into the Plan is on the first day of the month coinciding with or next following the date on which an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code of 1986, as amended (the "Code").

On December 31, 2017, the Plan was merged with the Belcan Retirement Savings Plan and participant accounts were transferred to the Belcan Retirement Savings Plan in January 2018. As such, a payable to the Belcan Retirement Savings Plan of \$4,670,806 existed as of December 31, 2017.

Administration and Trustee

The Plan is administered by a committee (the "Committee") comprised principally of management. The Committee appointed Principal Trust Company ("Principal Trust") as custodian and Principal Life Insurance Company ("Principal Life") as insurance company of the Plan (collectively, "Principal"). Principal invests and holds all contributions made by the Plan administrator and allocate the amounts among the funds as directed by participants. Principal Trust serves as recordkeeper for the Plan.

Contributions

Participants may contribute to the Plan, on a pre-tax or after-tax (Roth) basis, 401(k) contributions and catch-up contributions (up to limits set by the Plan and the Code). The Company may, at its discretion, match participants' 401(k) contributions, up to the limit determined by the Company. For the years ended December 31, 2017 and 2016, the match was established at a rate of 50% of the first 6% of eligible compensation. The Company may also make, at its discretion, non-elective employer contributions determined on an annual basis based on the pro-rata or proportionate share of an employee's compensation compared to the total compensation for all Plan participants. Eligibility for such contributions is 500 hours or more service in the applicable Plan year. There were no such non-elective employer contributions made for the years ended December 31, 2017 and 2016.

The Plan accepts direct rollovers from other plans and arrangements, and rollover contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions at an additional \$6,000 in 2017 and 2016 to the Plan.

Participant Accounts

A participant's account is credited with the contributions made to the Plan on behalf of the participant, including company matching and non-elective employer contributions, and adjusted for earnings and losses thereon. The benefit to which a participant is entitled is the vested amount that is in the participant's account at any given time.

Intercom Federal Systems Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Vesting

Participants are immediately 100% vested in their contributions, catch-up contributions and rollover contributions, as adjusted for earnings and losses thereon. Vesting in matching contributions is generally based on years of service, which is defined as completion of 1,000 hours or more during the Plan year. A participant becomes vested at a rate of 25% per year and is 100% vested after being credited with 5 years of service. Also, if while employed by the Company, the participant reaches normal retirement age, become disabled, or dies, the participant becomes fully vested.

Investments

The Plan allows participants to elect their contributions and the Company's matching and non-elective employer contributions to be directed among investment fund options based upon the individual investment objectives of the participants. Accordingly, all investment options are participant directed.

Benefits

Distributions may generally be made to a participant upon the participant's termination of employment with the Company. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance upon attaining age 59½, incurring a financial hardship (if certain requirements are satisfied) or disability. Termed employees with balances less than \$1,000 will have their vested balances auto distributed in a lump sum payout unless a rollover election has been made by the participant. Benefits shall be paid to participants in the form of lump sum.

Death Benefits

Upon death, a participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary.

Notes Receivable From Participants

Participants may borrow up to \$50,000 (reduced as required by the Code) or 50% of their vested account balance in the Plan, whichever is less. The maximum term of a loan is 5 years, unless the loan is used for the purchase of a primary residence. A participant may only have one loan outstanding. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant must generally repay any loan in full within 90 days of the participant's termination of employment with the Company. At December 31, 2017 and 2016, participant loan interest rates in effect were 4.25% to 4.50% with various maturity dates through 2022.

Forfeited Accounts

Forfeited matching contributions are used to pay the Plan's administrative expenses or to reduce future matching contributions. As of December 31, 2017 and 2016, forfeited non-vested accounts total \$0 and \$10,558, respectively. During the years ended December 31, 2017 and 2016, approximately \$15,302 and \$10,151 were used to reduce matching contributions, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Contributions

Employee contributions are made through regular payroll deductions and are paid into the Plan bi-monthly along with company and participating employer matching contributions.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Intercom Federal Systems Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets to identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Pooled Separate Accounts ("PSA"): Valued based on the net asset value (NAV) of the underlying investments in each pooled separate account based on the applicable portion of assets and gains/losses allocated to the Plan by the insurance company. The redemption frequency and notice period of the PSAs is daily and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investments in PSAs.

Common/Collective Trust Funds: Valued based on the net asset value (NAV) of units held by the Plan at year end. The net asset value of units held by the Plan is based on the fair value of the underlying investments held by the fund less its liabilities. There are no restrictions on Participant redemptions (redemption frequency and notice period are daily) and there are no unfunded commitments for investments in common/collective trust funds. Were the Plan to initiate a full

Intercom Federal Systems Corporation 401(k) Plan

Notes to Financial Statements

redemption of its interest in a common/collective trust fund, however, the trustee of the common/collective trust fund could impose restrictions to the extent that it is determined a full redemption could disrupt the liquidity or management of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

As of December 31, 2017

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Guaranteed Investment Contract with Insurance Company

The Plan and Company entered into a fully benefit-responsive guaranteed investment contract with Principle Life Insurance Company ("Principal Life") through the Principal Fixed Income Guaranteed Option Fund. This fund is primarily invested in fixed income securities and may invest in such securities directly or indirectly through commingled investment vehicles. The guaranteed investment contract issuer is obligated to repay the principal and specified interest rate that is guaranteed in the Plan's investment contract with Principal Life, which is at least 1% and no more than 3%, for the year ended December 31, 2017 and 2016.

As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The total value of the investment contracts at December 31, 2017 and 2016 were \$12,681 and \$4,654, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate for the year ended December 31, 2017 was 1.05% and 1.10%, respectively, after the deduction of Plan administrative expenses. The average yield and crediting interest rate for the year ended December 31, 2016 was 1.10% and 1.30%, respectively, after the deduction of Plan and administrative expenses.

5. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated December 10, 2009, that the Plan is qualified and is tax-exempt, under the Internal Revenue Code of 1986. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's tax status. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Accordingly, a provision for Federal income taxes has not been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of

Intercom Federal Systems Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan is terminated, participants will become 100% vested in their accounts, to the extent they are not already vested. As described in Note 1, the Plan merged with the Belcan Retirement Savings Plan on December 31, 2017.

7. Trustee Certification

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which were certified by the custodian and insurance company as of December 31, 2017 and 2016 and for the years then ended as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	2017	2016
Statements of Net Assets Available for Benefits		
Investments, at fair value	\$ 4,584,153	\$ 3,614,363
Fully benefit-responsive investment contracts, at contract value	12,681	4,654
Statements of Changes in Net Assets Available for Benefits		
Net appreciation in fair value of investments	573,187	232,809
Interest and dividends	54,617	46,989

8. Related Party Transactions

Certain Plan investments are managed by Principal Trust and Principal Life. Principal Trust is the custodian of the Plan and Principal Life is the insurance company of the Plan, therefore, these transactions and fees earned by them qualify as party-in-interest transactions. The Plan maintains notes receivable from participants which are exempt from prohibited transaction rules. The Company also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

9. Subsequent Events

The Plan sponsor has evaluated subsequent events through October 11, 2018, which is the date the financial statements were available for issuance. No matters were identified that would materially impact the financial statements or require disclosure other than the transfer of assets as a result of the Plan merger with the Belcan Retirement Savings Plan as described in Note 1.
