LSEGH, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2017

1. Plan Description

The following description of the LSEGH, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of LSEGH, Inc. and adopting employers (FTSE Americas, Inc., MTS Markets International, Inc. (formerly Bonds.com Inc.), Frank Russell Company, LCH Clearnet Limited and LCG Clearnet, LLC) (the "Company" or "Employer") except for employees who: (1) are included in a unit of employees covered by a collective bargaining agreement; (2) are a nonresident alien or (3) leased employees. All participants must be 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In April of 2017, assets amounting to \$18,388,148 were transferred into the Plan from the Mergent, Inc. 401(k) Plan.

Contributions

Each year, participants may contribute up to 100% of their eligible annual compensation, in a pre-tax or Roth basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Upon completing the eligibility requirements, employees are automatically enrolled into the Plan at a rate of 3% for pre-tax deferrals unless they affirmatively opt out. The automatic enrollment amount will increase by 1% each year not to exceed 10% of eligible compensation. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution in an amount equal to 100% of a participant's elective deferrals up to 5% of their eligible compensation. The Company may also make discretionary matching contributions to the Plan. For the 2017 plan year, no discretionary matching contributions were made to the Plan.

Vesting

A participant is 100% vested in their contributions and safe harbor matching contributions including allocated earnings thereon at all times. A participant will vest in discretionary Employer matching contributions as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

1. Plan Description (*continued*)

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$0 and \$233,649. These accounts may be used to reduce administrative expenses or Employer contributions. In 2017, Employer contributions were reduced by \$255,886.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of 50% of a participant's vested account balance or \$50,000, subject to the approval of a loan application. Participants may not have more than one loan outstanding at any time. The interest rate is based on the prime interest rate plus 1% that is determined at the time of the loan. Loans are repaid through payroll deductions within a five year period, unless the loan was made to acquire a primary residence, in which case the loan can be repaid over a thirty year period.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

LSEGH, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2017

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the investment in the group annuity contract, which is valued at contract value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The group annuity contract is valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (*continued*)

Expenses

Certain expenses of maintaining the Plan may be paid by the Company and are excluded from these financial statements. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. The plan administrator has analyzed the tax positions and determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The plan administrator believes that the Plan is no longer subject to examination by the applicable taxing jurisdictions for periods prior to December 31, 2014.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is December 13, 2018.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The group annuity contract is stated at contract value, which amounted to \$2,638,008 and \$582,907 at December 31, 2017 and 2016.

5. Group Annuity Contract

The Principal Fixed Income Guaranteed Option (the “PFIGO”) is a guaranteed general account backed group annuity contract issued by Principal Life Insurance Company. Because the PFIGO is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PFIGO.

A rate of interest is contractually guaranteed by Principal Life Insurance Company and is credited to participant’s account balances. This net crediting rate is after the deduction of 0.20% for fees for administrative and record-keeping services provided to the Plan. The rate is reset on a semiannual basis.

Benefit payments are made at contract value (i.e. no market value adjustments or surrender charge adjustments) for plan benefit events including: retirement, death, disability, termination of employment, loans, withdrawals, or Plan termination. An employer level liquidation or employer initiated transfer of the Plan’s interest in the PFIGO will be subject to either a 12 month advance notice or a 5% surrender charge, whichever the Employer chooses. Notification of a Plan’s intent to terminate its interest may be revoked within 90 days of the receipt of such notice, after which time, the notice becomes irrevocable. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the PFIGO exceeds 20% of the Plan’s interest in the contract during the 12 month period immediately preceding the employer-level surrender of the Plan’s interest in the contract. If this scenario occurs, the surrender charge will be billed to the Employer.

The credit risk of the issuer, Principal Life Insurance Company, was evaluated by nationally recognized statistical rating agencies as follows: Moody’s Investors Service (A1 as of November 2016), Standard and Poor’s (A+ as of April 2018), A.M. Best Company (A+ as of February 2018), and Fitch (AA- as of August 2018).

6. Common/Collective Trusts

The Plan offers 12 non benefit-responsive common/collective trusts called the Principal LifeTime Hybrid Collective Investment Funds ("LifeTime Funds"). These LifeTime Funds include: the Principal LifeTime Hybrid 2010 Fund; the Principal LifeTime Hybrid 2015 Fund; the Principal LifeTime Hybrid 2020 Fund; the Principal LifeTime Hybrid 2025 Fund; the Principal LifeTime Hybrid 2030 Fund; the Principal LifeTime Hybrid 2035 Fund; the Principal LifeTime Hybrid 2040 Fund; the Principal LifeTime Hybrid 2045 Fund; the Principal LifeTime Hybrid 2050 Fund; the Principal LifeTime Hybrid 2055 Fund; the Principal LifeTime Hybrid 2060 Fund; and the Principal LifeTime Hybrid Income Fund. The unit value of each of these LifeTime Funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value.

7. Party-In-Interest Transactions

Certain investments of the Plan are managed by Principal Life Insurance Company and Principal Trust Company, both of whom are members of Principal Financial Group. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

8. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

10. Prohibited Transactions

During the 2015, 2016 and 2017 plan years, the Employer failed to transmit to the Plan certain participants' contributions and loan repayments totaling \$47,033 within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. Plan management has calculated the lost earnings related to these amounts. During the 2017 plan year, \$1,694 of this amount was corrected outside of the Voluntary Fiduciary Correction Program and management is in the process of correcting the remaining amounts in 2018.

11. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
