VERITAS MANAGEMENT GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of Veritas Management Group 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General — The Plan is a defined contribution pension plan covering eligible employees of Veritas Management Group, LLC; The Center at Centennial, LLC; The Center at Cordera, LLC; The Center at Lincoln, LLC; The Center at Arrowhead, LLC; The Center at Northridge, LLC; The Center at Lowery, LLC; The Center at Val Vista, LLC; The Center at Foresight, LLC; The Center at Park West, LLC and The Center at Parkview, LLC (collectively, the Company). Employees who are at least 21 years old and have completed 166 hours, if employed prior to December 1, 2016, or 240 hours, if employed subsequent to December 1, 2016, within their first two months of employment are eligible to participate in the Plan. Employees who do not meet this requirement are eligible to participate in the Plan upon completion of one year of 1,000 service hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — A participant may elect to have a percentage of his/her compensation withheld by the Company and contributed to the Plan on his/her behalf as an elective contribution in lieu of receiving such amount as compensation. Such contributions may not exceed the limits established in the Internal Revenue Code.

The Company makes contributions matching 100% of the first 3% and 50% of the next 2% of employee’s contributions.

Participants' Accounts — Each participant shall have one account and such account will be credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of the Plan's earnings and losses.

The Plan's earnings or losses, excluding that related to participants' loans, are allocated to the participant's account based upon the proportion that each participant's account bears to the total participants' account balances related to that fund. Earnings resulting from loans to participants are credited to the respective participant's account.

Notes Receivable from Participants — Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of their vested account balance, excluding the account balances attributable to designated Roth contributions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest is paid ratably through regular payroll deductions.

Vesting — Participants are 100% vested in the amounts they contribute plus the earnings or losses thereon. Participants vest in the Company's matching contributions and allocation of earnings or losses thereon as follows:

Years of Service	Vested Percentage
Less than one year	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five or more years	100%

Payment of Benefits — Upon separation of service, the Plan will distribute vested account balances not exceeding $5,000 in a lump-sum as soon as administratively practicable. Upon separation of service, a participant with a vested account balance greater than $5,000 may elect to receive a lump-sum payment or installment payments, or maintain the vested balance in the Plan. A participant may also elect to receive an account distribution if the participant has attained the age 59½ or incurred a hardship in accordance with the Plan provisions.

Forfeitures — Forfeitures may be used to reduce employer contributions or pay Plan expenses. Forfeitures used to reduce employer contributions were $15,272 for the period from March 1, 2016 (date of inception) to December 31, 2016. The Plan held forfeited balances of $5,006 as of December 31, 2016.

Administrative Expenses — The Company pays a substantial amount of the administrative costs of the Plan.

Plan Termination — Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participant accounts would become fully vested.

Plan Tax Status — The Plan is a volume submitter plan of Professional Capital Services, LLC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has concluded that as of December 31, 2016, the Plan has no material uncertain tax positions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accounts of the Plan and the accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan administrator determines the Plan's valuation policies utilizing information provided by the asset trustee. See Note 3 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Use of Estimates — The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments — Benefits are recorded when paid.

Subsequent Events — The Company has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

3. INVESTMENTS

Fair Value Measurements — Generally accepted accounting principles require the Plan to use a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2: Prices determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Prices determined using significant unobservable inputs.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds, Exchange-Traded Funds, and Money Market – Valued at the price of shares held by the Plan at period-end. The share prices are quoted in active markets.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 :

	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Exchange-traded funds	$ 2,095,733			$ 2,095,733
Mutual funds	978,862			978,862
Money market	35,645			35,645
Total investments	$ 3,110,240	$ —	$ —	$ 3,110,240

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by AdvisorTrust, Inc., the trustee of the Plan, and furnished to the plan administrator. In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under ERISA, the plan administrator has obtained a certification from the trustee that such information is complete and accurate.

- Investments
- Investment income
  - Interest and dividend income
  - Net appreciation in fair value of investments
- Supplemental schedule of assets held at end of period

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include money market accounts of Schwab Funds, a sub-custodian of the investments on AdvisorTrust, Inc.'s platform as of December 31, 2017 and 2016, and therefore, these transactions qualify as party-in-interest transactions.
