Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SHS 403(b) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, Inc., the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodians is complete and accurate to the best of their knowledge and belief.

As described in *Note 10*, the Plan has excluded from net assets in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodians, were included, net assets available for benefits would increase by \$6,341,647 and \$6,108,467 as of December 31, 2017 and 2016, respectively. Further, investment income of \$541,621 and \$276,160, and benefit payments and administrative expenses of \$310,024 and \$348,591 related to such accounts, as identified by the custodians, have also been excluded from the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016, respectively. Accounting principles generally accepted in the United States of America require that these custodial accounts and the related income and distributions be included in the accompanying 2017 and 2016 financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

SHS 403(b) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of SHS 403(b) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Susquehanna Health System (System) for the benefit of its employees. Effective October 1, 2016, the System joined the University of Pittsburgh Medical Center (UPMC) system, with UPMC as the sole corporate member of the System, and was renamed UPMC Susquehanna. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company (State Street) and Transamerica Financial Life Insurance Company, Inc. (TFLIC), serve as custodians of the Plan and Transamerica Retirement Solutions Corporation (Transamerica) serves as the record keeper.

Contributions

The Plan permits eligible employees through a salary deferral election to have the System make annual contributions of up to 100% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted through December 31, 2017. Contributions are subject to certain limitations.

The System may make a discretionary contribution of no less than 3% of each participant's compensation for the plan year, provided the participant has worked at least 1,000 hours and was employed on the last day of the plan year (with certain exceptions as provided by the Plan). For 2017 and 2016, the System made a discretionary contribution of 3% of participant's compensation. Moreover, if a participant was employed as of June 22, 1994, and attained at least age 30 as of January 1, 1996, an additional contribution is made to the Plan. This additional contribution is calculated using a percentage of the participant's compensation based upon a sliding scale determined by the age of the participant as of January 1, 1996.

In addition, the System makes matching contributions of up to the lesser of \$2,000 or 100% of the participant's deferrals on the first 3% of the participant's compensation, provided that a participant of the Plan has worked at least 1,000 hours and was employed on the last day of the plan year (with certain exceptions as provided by the Plan).

Effective December 31, 2017, a freeze was put on all employee elective contributions, employer matching and employer retirement income contributions.

	2017	2016
Employer Contributions		
Matching contributions	\$ 4,608,133	\$ 4,396,918

Total	<u><u>\$ 11,429,428</u></u>	<u><u>\$ 10,801,373</u></u>

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise. If an employee was hired before April 15, 2010, however, they were enrolled automatically only if they were hired to work a 0.5 full-time equivalent (FTE) schedule or more.

The Plan also provides for an auto-escalation of employee deferrals by 1% per year up to a maximum of 10% of compensation, while allowing participants to opt out. This increase will occur on the first pay period beginning in January of each plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the System's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participant

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at 1% over the prime rate as published in the *Wall Street Journal* and are payable over a term not to exceed five years unless the loan is for the purchase of a primary residence, in which case, it is payable over a term not to exceed 20 years. Loan payments are due quarterly by money order, certified check or bank check. Effective December 31, 2017, no new loans are allowed.

SHS 403(b) Plan
Notes to Financial Statements
December 31, 2017 and 2016

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the System's contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is fully vested after three years of credited service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, participants with account balances that do not exceed \$1,000 will receive a lump-sum distribution. Participants with account balances equal to or greater than \$1,000 but not exceeding \$5,000 will have their balance directly rolled over to an individual retirement account as designated by the plan administrator, unless the participant elects a direct distribution or other eligible direct rollover. Participants with account balances exceeding \$5,000 may elect to receive either a lump-sum amount equal to the value of his account or periodic installments, not to exceed the life expectancy of the participant or the participant's beneficiary.

Withdrawals other than for termination are permitted under certain circumstances as defined by the Plan.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$236,771 and \$369,677, respectively. This account will be used to reduce future employer contributions. For 2017 and 2016, employer contributions were reduced by \$236,771 and \$369,677, respectively, from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

SHS 403(b) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Fully benefit-responsive investment contracts are valued at contract value. The contract value of guaranteed investment contracts are calculated by the sum of the deposits made plus interest, less any withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Loans are considered in default and treated as a deemed taxable distribution if the borrower does not make a loan payment by the end of the calendar quarter following the quarter in which such payment was due. A participant who terminates employment with the System is still permitted to continue making loan payments, however, no distribution shall be made to a participant or their beneficiary unless and until all unpaid loans, including accrued interest thereon, have been paid.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the System or the Plan, at the System's discretion.

The Plan has a nonallocated expense budget account. The purpose of this account is to pay necessary and reasonable plan related expenses in accordance with the Department of Labor's guidance. The System is responsible for determining what expenses the third-party administrator will reimburse from the account. All funds utilized from this account are treated as administrative expenses on the statement of changes in net assets available for benefits. Additions to the expense budget account were \$298,583 and \$257,984 for 2017 and 2016, respectively, and are included in

SHS 403(b) Plan

Notes to Financial Statements

December 31, 2017 and 2016

net appreciation in the fair value of investments. Expense budget account funds utilized amounted to \$261,321 and \$260,330 during 2017 and 2016, respectively. The account's balance at December 31, 2017 and 2016, was \$247,056 and \$209,794, respectively.

Note 3: Certification of Plan Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, Inc., the custodians of the Plan, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2017 and 2016.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value and Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

SHS 403(b) Plan
Notes to Financial Statements
December 31, 2017 and 2016

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2017 and 2016:

	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
December 31, 2017				
Mutual funds	<u>\$ 288,706,043</u>	<u>\$ 288,706,043</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2016				
Mutual funds	<u>\$ 239,623,663</u>	<u>\$ 239,623,663</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

SHS 403(b) Plan
Notes to Financial Statements
December 31, 2017 and 2016

Note 6: Investment Contracts with Insurance Companies

Insurance Company/General Account

The Plan entered into an investment contract with Transamerica Financial Life Insurance Company, Inc. (TFLIC), in which advance employer contributions to the Plan and forfeitures from participant accounts as well as additions into the employer expense budget account are credited to an unallocated fund established under a group annuity contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The Plan may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) deposits required under the terms of the contract are not received by TFLIC or (2) TFLIC determines it can no longer provide benefits under the contract because of a change in the Plan. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value, is probable.

Standard Stable Asset Fund I

In 2015, the Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

SHS 403(b) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The following represents the contract value by investment contract held by the Plan:

	2017	2016
Insurance Company/General Account	\$ 483,827	\$ 579,471
Standard Stable Asset Fund I	32,639,333	33,004,261
	<u>\$ 33,123,160</u>	<u>\$ 33,583,732</u>

Note 7: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

State Street Bank and Trust Company is the custodian of certain plan assets. Transamerica is the record keeper and affiliated with TFLIC, the issuer of the insurance company/general account group annuity contract. The System provides certain administrative services at no cost to the Plan.

Note 8: Plan Amendments

Effective December 31, 2017 the following plan amendments were put into effect: (1) the Plan was amended to recognize service credits with Lock Haven Hospital and Sunbury Community Hospital for eligible employees, (2) for all eligible compensation paid after December 31, 2017, a freeze was put on all elective contributions, matching contribution, and retirement income contributions, and (3) no new loans to participants or transfers to the Plan are allowed.

Effective April 1, 2018 fully-vested individuals who are actively employed by the Corporation, UPMC or one of the UPMC affiliates who participate in the UPMC 403(b) Plan can elect to transfer from the Plan to the UPMC 403(b) Retirement Savings Plan and/or UPMC 401(a) Retirement Savings Plan, as applicable, provided that, for any individual who elects such a transfer, there are no active loans maintained under the Plan for them.

Notes to Financial Statements
December 31, 2017 and 2016

Note 10: Custodial Accounts Excluded from Financial Statements

As permitted by the Department of Labor's Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02), the plan administrator has elected to exclude certain contracts and custodial accounts from the Plan's financial statements. These contracts and custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The excluded contracts and custodial accounts consisted of the following as of December 31, 2017 and 2016, and for the years then ended:

	2017	2016
Investments, at fair value	\$ 6,287,347	\$ 6,054,062
Notes receivable from participants	54,301	54,405
Investment income	541,621	276,160
Benefit payments and administrative expenses	310,024	348,591

The plan administrator has concluded that the contracts and custodial accounts have met the criteria required under FAB 2009-02 and as such, have been excluded for the Plan's financial statements.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12: Plan Termination

Although it has not expressed any intent to do so, the System has the right under the Plan to no longer allow contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

December 31, 2017 and 2016

Note 13: Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Note 14: Subsequent Events

Subsequent events have been evaluated through October 8, 2018, which is the date the financial statements were available to be issued.
