TRIM PARTS HOLDINGS CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF PLAN

The following description of Trim Parts Holdings Corp. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Trim Parts Holdings Corp. and its four participating affiliates (the Sponsor or Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan is entirely voluntary. An eligible employee is any person employed by the Sponsor who has completed three consecutive months of service, is age 18 or older and is employed on the next entry date.

Contributions - Participants may elect to contribute up to 100% of pre-tax or after-tax compensation, as defined in the Plan. Any eligible employees who do not make an elective deferral election are automatically enrolled in the Plan. Under the automatic enrollment provision, employees will be deemed to have made an elective deferral contribution election in the amount of 3% of their eligible compensation. The amount of such automatic enrollment will increase by 1% in years two through eight to a maximum of 10%. The Sponsor may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan. The Sponsor currently matches elective deferrals equal to 50% of the first 6% of plan compensation. Sponsor discretionary matching contributions were \$212,166 in 2017 and \$201,878 in 2016. Participants direct the investment of their contributions and sponsor contributions into one or more funds currently available through the Plan.

Excess Contributions - Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. Excess deferral contributions payable were \$6,132 and \$2,390 at December 31, 2017 and 2016, respectively.

Participants' Accounts - Each participant's account is credited with its proportionate share of employee elective deferrals, the Sponsor's discretionary matching contributions and discretionary profit sharing contributions, and the Plan's earnings. Allocations of contributions and Plan earnings are based on participants' elective deferrals, compensation, or account balances, as provided in the Plan agreement. Each participant is entitled only to the benefits that can be provided from that participant's account.

Vesting - Participants are immediately vested in their contributions plus earnings thereon. Participants' vested interests in Sponsor discretionary matching contributions and profit sharing contributions increase from 20% after the second year of service to 100% after the sixth year.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not exceeding beyond the participant's life expectancy (or the life expectancy of the participant and his designated beneficiary). There were no benefits payable to terminated participants at December 31, 2017 and 2016.

Forfeiture Accounts - Forfeitures may be used to reduce the amount of any legally permitted expenses incurred in connection with the administration of the Plan which are not otherwise paid by the Sponsor or reduce the Sponsor's future matching contributions. Forfeitures used to reduce administrative fees were \$-0- in 2017 and \$3,441 in 2016. Forfeitures used to reduce employer match were \$1,668 in 2017 and \$-0- in 2016. Forfeited nonvested accounts were \$20,590 and \$7,298 at December 31, 2017 and 2016, respectively.

Notes Receivable from Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum of 50% of their total vested account balance, not to exceed \$50,000, reduced by their highest outstanding note balance during the preceding twelve months. Transactions are treated as transfers between an investment fund and notes receivable. Notes receivable must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the balance in the participant's account and bears a rate of interest of prime plus one percent. Interest rates range from 4.25% to 5.5% at December 31, 2017 and 2016. Note payments are made by automatic payroll deduction.

Tax Status - The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC), and, accordingly, the trust's net investment income is exempt from income taxes. The Internal Revenue Service has determined and informed the Sponsor by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving its acceptance under section 401 of the IRC, the plan administrator and sponsor believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2014 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through December 21, 2018, the date the financial statements were approved and authorized by the Plan administrator.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan has an investment in the AUL Stable Value Account, which is a contract issued by American United Life Insurance Company (AUL), a OneAmerica company, at December 31, 2017 and 2016. This contract is a fully benefit-responsive investment contract.

Investment Valuation and Income Recognition - The Plan's investments in securities are stated at fair value determined using year-end market prices which represent the net asset value of shares held by the Plan. American United Life Insurance Company provides market prices to the Plan. Unrealized gains or losses are allocated to participants' accounts. Security transactions are recorded on trade dates; the specific-identification method is used in computing gains or losses. Investment income is stated net of investment fees.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - The Sponsor has elected to pay certain administrative expenses of the Plan and provides administrative services at no cost to the Plan. If not paid by the Sponsor, administrative expenses become a liability and are paid out of the Plan. Administrative expenses paid from the Plan are fees charged to each participant for notes receivable and distribution processing.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of December 31, 2017 and 2016 and for the years then ended was obtained from data prepared by American United Life Insurance Company, a OneAmerica company, the custodian of the Plan. The plan administrator has obtained certification from the custodian that such information is complete and accurate.

The following represents the fair values of the investments in the separate identifiable funds administered by the custodian:

	2017	2016
Investments, at fair value	\$ 5,446,238	\$ 4,414,387
Investments, at contract value	190,518	167,189
Net appreciation in fair value of investments	793,879	234,940
Net appreciation in contract value of investments	1,344	3,063

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

- Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at the net asset value ('NAV') based on market value of the underlying investments. While the underlying asset values are quoted prices, the NAV of a separate account is not publicly quoted.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017:

	Level 2	Total
Pooled separate accounts	<u>\$ 5,446,238</u>	<u>\$ 5,446,238</u>
Total investment assets at fair value	<u>\$ 5,446,238</u>	<u>\$ 5,446,238</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016:

	Level 2	Total
Pooled separate accounts	<u>\$ 4,414,387</u>	<u>\$ 4,414,387</u>
Total investment assets at fair value	<u>\$ 4,414,387</u>	<u>\$ 4,414,387</u>

5. INVESTMENT CONTRACT

The Plan offers the option to invest in a group fixed annuity, AUL Stable Value Fund, issued by American United Life Insurance Company (AUL). Contributions are maintained in the insurance company's general account which is credited with earnings based on a guaranteed rate of return. This contract is a fully benefit-responsive investment contract.

Because the AUL Stable Value Fund is considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the AUL Stable Value Fund. The AUL Stable Value Fund is presented on the statement of net assets available for benefits at contract value which equals fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Prior to each January 1, the effective annual rate of interest is established for the following year. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the year. There is no stated minimum or maximum interest rate for the AUL Stable Value Fund.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain transfers, withdrawals for purposes other than benefits, or termination of the contract. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The AUL Stable Value Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date, unless the annual guaranteed rate is rejected by the plan. As of August 2017, American United Life Insurance Company credit ratings were as follows: A+ by A.M. Best Company and AA- by Standard & Poor's. These high credit ratings of AUL as of the measurement date substantiate the AUL Stable Value Fund's ability to meet obligations set forth in the contract.

The average yields earned by the Guaranteed Portfolio Fund are as follows at December 31, 2017:

Average Yields:	
Based on actual earnings	1.50%
Based on interest rate credited to participants	1.50%

Net increase in net assets	<u>\$ 13,292</u>	<u>\$ 954</u>

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the custodian (or affiliates of the custodian) of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

In addition to recordkeeping and administrative fees paid to AUL, mutual funds selected by the Plan fiduciary as investment options available under the Plan pay AUL other asset based fees, including shareholder servicing fees, sub-transfer agent fees, and distribution 12b-1 fees, (collectively, "Revenue Sharing"). The compensation received by AUL is computed by each open-end management investment company and ranges from an annual percentage of .25% to .50% during 2017. This indirect compensation is not charged to the plan or participant accounts, but is paid directly by the investment company.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
