Because of the matter described in the *Basis for Disclaimer* of *Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Principal Life Insurance Company and Principal Trust Company, both members of the Principal Financial Group and collectively referred to as the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

(1) Description of Plan

The following brief description of the SI Group, Inc. Retirement and Savings Plan (the Plan, and formerly known as the SI Group, Inc. 401(k) Retirement Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

(a) Organization and Membership

The Plan is a defined contribution plan for the exclusive benefit of substantially all employees of SI Group, Inc. (the Company). Established in 1987, the Plan provides for retirement, disability, and death benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2017, the Company merged The Defined Contribution Retirement Plan of SI Group, Inc. (Defined Contribution Plan) with and into the Plan. Effective January 14, 2016, the Company merged the SI Group, Inc. Independent Union of Chemical Workers 401(k) Retirement Plan (the Union Plan) with and into the Plan. These mergers resulted in the transfer of participant accounts from the Defined Contribution Plan and the Union Plan into the Plan as of the respective effective dates of each merger. The mergers did not adversely affect the participants in these plans.

(b) Eligibility and Plan Benefits

Under the Plan, employees who have completed one month of eligible service are entitled to participate in the Plan. Benefits are payable when the participant terminates, retires, or becomes disabled. In the case of death, the benefits will be paid to the participant's designated beneficiary. A participant may request withdrawal of all or a portion of their contributed account balance in the event of undue financial hardship. A participant may elect to receive benefits in the form of an annuity, lump-sum payment, or equal installments over a period not to exceed the participant's assumed life expectancy at the time of distribution.

(c) Contributions

Participants may contribute a portion of their compensation not exceeding the lesser of 50% of compensation or the limits set forth by the Internal Revenue Code of 1986, as amended, to the Plan. Participants have an automatic elective deferral of 2%. Catch-up contributions and after-tax Roth contributions are also permitted. Contributions and earnings thereon are fully (100%) vested and nonforfeitable. Each participant directs the account or accounts in which their contributions are to be invested.

The Company currently makes a matching contribution for eligible participants. The amount of this matching contribution is 100% of each participant contribution up to 3% and an additional 50% matching contribution for the next 2% up to a maximum of 4% of each participant's gross pay. Employer contributions are 100% vested when made, including those contributions that were merged from the SI Group, Inc. Defined Contribution Plan.

(d) Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms may range from one to five years and are secured by the balance in the participant's account. The loans bear interest at a rate commensurate

with local prevailing rates at the time the loan is made, as determined by the plan administrator. Participant notes receivable are reported at their unpaid principal balance plus any accrued interest thereon.

(2) Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis and present the assets available for benefits and changes in those assets of the Plan.

(b) Accounting for Fully Benefit-Responsive Investment Contracts

The Plan has entered into fully benefit-responsive investment contracts with Principal Financial Group referred to as guaranteed interest accounts. Contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

(c) Investment Valuation and Income Recognition

Excluding the guaranteed interest accounts, the Plan accounts for and discloses investments in accordance with the provisions of Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*. ASC Topic 820 establishes a three-level hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels are defined as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement (i.e., supported by little or no market activity).

Investments in the pooled separate accounts are reported based on the net asset value per unit reported by the trustee, multiplied by the number of units held by the Plan on the last day of the Plan year. Mutual funds are stated at fair value based on quoted prices as of the last day of the Plan year. The guaranteed interest accounts are reported at contract value as described in note 2(b).

Security transactions are recognized on a trade-date basis. Interest and dividend income is recorded on the accrual basis as earned.

(d) Participant Notes Receivable

Loan transactions are treated as a transfer to (from) the investment account from (to) the participant notes account. Interest is recorded on the accrual basis. Principal and interest is generally paid ratably through payroll deductions.

(e) Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or by the Company, as provided by the Plan agreement.

(g) Risks and Uncertainties

The Plan may invest in various types of investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits and the statements of changes in assets available for benefits.

(h) Use of Estimates

The plan administrator has made certain estimates and assumptions relating to the reporting of assets available for plan benefits and changes in those assets to prepare these financial statements in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

(3) Information Certified by Plan Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company (Principal Life) and Principal Trust Company, both members of the Principal Financial Group and collectively referred to as the trustee of the Plan, have certified the completeness and accuracy of all investments reflected on the accompanying statements of assets available for benefits as of December 31, 2017 and 2016; all information included in notes 4 and 5 to the financial statements; the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017; and the related investment activity reflected in the statements of changes in assets available for benefits for the years ended December 31, 2017 and 2016.

(Continued)

(4) Investments Recorded at Fair Value

The following tables present the financial instruments recorded at fair value by the Plan as of December 31, 2017 and 2016:

	2017			
Description	**Total**	**Level 1**	**Level 2**	**Level 3**
Pooled separate accounts	$ 20,071,005	20,071,005	—	—
Mutual funds	82,775,271	82,775,271	—	—
Total	$ 102,846,276	102,846,276	—	—

	2016			
Description	**Total**	**Level 1**	**Level 2**	**Level 3**
Pooled separate accounts	$ 51,529,083	51,529,083	—	—
Mutual funds	22,321,109	22,321,109	—	—
Total	$ 73,850,192	73,850,192	—	—

Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year-end as valued by the respective custodian. These NAVs are generally determined using values obtained from independent pricing sources, which are based on the fair values of the underlying securities, and are considered to represent readily determinable fair values. Therefore, pooled separate investment accounts are considered to be Level 1-measured investments.

Mutual funds are valued at the NAV of shares held by the Plan at year end based on readily available quoted market prices. Therefore, mutual funds are considered to be Level 1-measured investments.

There were no Level 2 or Level 3 financial instruments in the Plan, nor were there any transfers between levels, as of December 31, 2017 or 2016, or for the years then ended.

(5) Investment Contracts with Insurance Company

The Plan has entered into fully benefit-responsive investment contracts with Principal Life that provide for a guarantee of principal and interest. Principal Life maintains the related contributions in a general account known as the Guaranteed Interest Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by Principal Life. Contract value represents contributions made, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The credited interest rate is based on a formula agreed upon with the issuer and is reviewed on an annual basis for resetting. This rate ranged between 0.39% and 1.89% during the year ended December 31, 2017 and between 0.39% and 2.39% during the year ended December 31, 2016.

(6) Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. If the Plan is terminated, the assets of the Plan shall be distributed to the participants based upon the participants' respective accumulated account balances.

(7) Related Party Transactions

Certain Plan investments are shares of investment accounts managed by the trustee. Any transactions involving these investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $39,094 and $23,436 for the years ended December 31, 2017 and 2016, respectively.

(8) Income Tax Status of Plan

The Plan is based on a prototype plan. The Internal Revenue Service (IRS) informed the prototype plan sponsor, in an opinion letter dated March 31, 2014, that the form of the plan is acceptable under the requirements of the Internal Revenue Code. An employer may rely on a favorable opinion letter issued to a prototype sponsor as evidence that the plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2015-36.

Effective December 31, 2017, the Plan sponsor has adopted a volume submitter plan. The Internal Revenue Service (IRS) informed the volume submitter plan sponsor, in an opinion letter dated August 8, 2014, that the form of the plan is acceptable under the requirements of the Internal Revenue Code. An employer may rely on a favorable opinion letter issued to a volume submitter plan sponsor as evidence that the plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2015-36. The Plan administrator believes that the Plan is designed and being operated in compliance with applicable requirements of the IRC so that the Plan is qualified and the related trust is tax-exempt.

In line with U.S. GAAP, Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2107, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2014.

(9) Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of assets available for benefits through October 15, 2018, the date at which the financial statements were available to be issued. On June 1, 2018, the Company announced an agreement to be acquired by SK Capital Partners. The plan administrator is unaware of any adverse effects of the merger on the benefits accrued by participants of the Plan. There are no other items to disclose.
