INDEPENDENT AUDITOR'S REPORT

To the Participants and the Administrator of
Able Health Care Services, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Able Health Care Services, Inc.401 (k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the year then ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Empower, the trustee of the plan, except for comparing such information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter- Supplemental Schedule

The supplemental schedule listed in the Table of Contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2016 Financial Statements

The financial statements of Able Health Care Services, Inc. 401(k) Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 27,2017 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As required by AU-C Section 510, a successor auditor must either review the documentation of a predecessor's prior-period audit or perform appropriate auditing procedures for opening balances. We made several attempts to communicate with the predecessor auditor and requested access to their audit working papers for the year then ended December 31, 2016, and wanted to know their understanding about the integrity of the management and reason for the change of an auditor. We couldn't get any response from the predecessor auditor regarding the requested matters. As a result, as per AICPA guidance, we performed alternative auditing procedures on financial statement assertions for the opening balances and found out that opening balances were appropriate and reasonable, and the accounting policies and procedures were consistent with those applied in the current period.

1. Description of Plan:

The following brief description of the Able Health Care Services, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the provisions of the plan.

General

The Plan is a defined contribution plan covering all non-union employees of the company who have completed at 1,000 hours of service in twelve consecutive months and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustee of the company also serves as the Board of Trustees of the plan. The plan's effective date is January 1, 2009.

Employee Contributions:

Each year, participants may contribute an amount equal to percentage of the contributing participant's compensation, as defined in the plan. The plan permits employees who are 50 years and over to make catch-up contributions. Participants may also contribute amount representing distributions from other-qualified defined benefit or defined contribution plans (roller). Participants direct the investment of their contributions and employer contributions into various investment options offered by the plan.

Employer Contributions:

The Company may match up to 50% of employee's deferrals or 1% of total compensation, whichever is less. The company made matching contributions of approximately $49,861 for the year ended December 31, 2017. The employer may also elect to make non-elective annual profit sharing contributions which are allocated to all eligible participants in the plan.

Limitations:

Congress limits the annual dollar amount of Elective Deferrals that a participant may contribute. For 2017, the limit was $18,000. The amount of catch-up contributions allowed in 2017 was $6,000. Congress also limits the annual eligible earnings to be considered for the purpose of qualified plan contributions and testing. For 2017, this limit was $270,000.

Participants' Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions and company matching contributions plus actual earnings thereon. Vesting in the company's profit sharing contributions is based on years of continuous service. A participant is fully vested after six years of continuous service.

Participant Loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to 50% of their vested account balance to a maximum of $50,000. Loans may not be funded from Roth designated accounts. The loans are secured by the balance in the participant's account and bear a reasonable interest rate. Principal and Interest is paid ratably through payroll deductions.

Payment of Benefits:

On termination of service due to death, disability, or retirement, a participant will be given a lump-sum distribution equal to the participant's vested interest in his or her accounts. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

Forfeitures:

Forfeitures will be allocated to pay plan expenses, to reduce the employers match and as a non-elective contribution. At December 31, 2017 and 2016, there were $18,169 and $0 in forfeitures respectively. Unallocated forfrietd balance as of December 31, 2017 and 2106 were not material.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value of a financial statement is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of mutual funds and common/collective trusts are valued at market prices as determined by Fidelity, the Custodian, which represents the net asset value of shares, held by the Plan at the year-end. Purchases and sales of mutual funds and common/collective trusts are recorded on a settlement date basis. Mutual funds and common/collective trusts dividends are recorded when paid. Benefits and withdrawals are recorded when paid.

Administrative Expenses

All actuarial and audit fees for the Plan are paid by the company whereas the plan administration & investment advisory fees are paid by the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, as well as disclosures of contingent assets and liabilities. Actual result could differ from those estimates.

Changes of Investment Company.

The plan changed the record keeper from ADP to Empower and the financial advisor to Merrill Lynch in May 2017.

3. Fair Value Measurements:

Financial Accounting Standards board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds: Valued at the quoted market prices that represent the net asset value of shares held by the Plan at year end.

Common/ collective funds: Valued at the quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its

valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total

Total assets at fair value	**$2,504,830**	**$623,480**	**$124,016**	**$3,252,326**

4. Investments:

The plan's investments are held in trust by the trustee. The plan's trust agreement requires the trustee to invest the plan's asset into various investment fund options as directed by each participant through web portal.

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2017.

5. Exempt Party-In-Interest Transactions

Particpants loans are also considered party-in-interest transactions. Fees paid by the plan for management services were included as a reduction of the return earned one each fund.

6. Risks and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
