NOTE 1 - DESCRIPTION OF PLAN

The following description of Castle Auto Group 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General: The Plan is a defined contribution plan covering all employees of Castle Chevrolet, Inc., Castle Buick/GMC, Inc., Castle Chevrolet - North, LLC, Castle Ford Lincoln, and Castle Subaru (collectively "the Company") who have completed 1,000 hours of service within a plan year for salary deferrals, are not covered by a collective bargaining agreement, are not a nonresident alien, are not a leased employee, and have reached 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participation in the Plan is optional. Participants may make pre-tax contributions up to the lesser of the federal statutory limit or 100% of eligible compensation as defined by the Plan. Additionally, participants who are age 50 by the end of the Plan year may make "catch-up" contributions of $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary matching and/or profit sharing contributions. Employees must be employed on the last day of the plan year and complete 1,000 hours of service during the plan year to be eligible to receive employer contributions. No matching or profit sharing contribution was made in 2017. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and Plan earnings. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances and are based on performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Earnings: Earnings include net asset appreciation/depreciation, dividends and interest earned during the year, net of investment expenses.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions, plus actual earnings thereon, is based on years of continuous service. Participants are fully vested after six years of service. A participant is fully vested upon death, disability, and reaching normal retirement age of 65, as defined in the Plan. The nonvested balance is forfeited upon termination of service.

Forfeited Accounts: As of December 31, 2017, forfeited non-vested accounts total $508. These accounts may be used to offset future employer contributions or administrative expenses paid by the Company.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect a lump-sum payment in cash, payable directly to the participant or directly to another qualified plan or IRA. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals are also permitted by the Plan if certain criteria are met.

Administrative Expenses: Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2017.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified in parts that the following data included in the 2017 financial statements and supplemental schedule is complete and accurate:

Investments	
Mutual funds	$ 2,054,222
Money market fund	210,144
	$ 2,264,366
Investment income	
Net appreciation in fair value of investments	$ 243,785
Interest and dividends	47,128
	$ 290,913

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the 2017 financial statements and supplemental schedule.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy:

Mutual funds – Valued at the net asset value ("NAV") of shares held by the Plan at year end and are classified within Level 1 in the fair value hierarchy tables below.

Money market funds –Valued at the NAV of $1 per share as reported by the trustee.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,054,222	$ -	$ -	$ 2,054,222
Money market funds	210,144	-	-	210,144
	$ 2,264,366	$ -	$ -	$ 2,264,366

NOTE 5 - INCOME TAX STATUS

The Plan operates under a standardized adoption agreement in connection with a volume submitter plan sponsored by CCH Incorporated d/b/a ftwilliam.com. This volume submitter plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Indiana Department of Revenue. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

(Continued)

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan trustee. The Company provides certain administrative services at no cost to the Plan.

NOTE 8 - SUBSEQUENT EVENTS

In accordance with ASC 855, *Subsequent Events,* the Company has evaluated subsequent events through December 28, 2018, which is the date these financial statements were issued, and have determined there are no subsequent events that require disclosure. All subsequent events requiring recognition as of December 31, 2017, have been incorporated into these financial statements herein.
