NOTE A – DESCRIPTION OF PLAN:

The following description of the Sam Schwartz Engineering, DPC ("Company") 401(K) ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan covering all full time employees of the company who are age twenty-one or older and completed 1,000 hours of service within the 6 month time period following the employee's employment commencement date. Eligible employees may enroll the first day of each month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions:
Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Contributions are subject to annual Internal Revenue Service limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants have the Roth option, where it can designate all or part of its elective 401(k) deferrals as Roth contributions. All Roth contributions are made with after-tax dollars. Also, the Plan allows employees to rollover certain eligible governmental 457(b), 401(k), 403(b) or 401(a) from previous employers to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions:
The Company match 33% of participant contribution up to the first 9% of included compensation. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Profit sharing contributions will be allocated to each participant as a uniform percentage of included compensation on a pro rata method and are subject to certain limitations. To be eligible for this contribution, employees must be employed on the last day of the Plan Year or must have more than 500 hours of service during the Plan Year.

Participant Accounts:
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are immediately 100% vested in their contributions (including rollovers from previous employers) plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 4.5%, which are commensurate with local prevailing rates determined by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions over a period not to exceed five years.

Investments
Participants may choose from a wide array of core investment options offered by the Plan. Each option is explained in further details in Plan's Fund sheets. Participants can move all or a portion of its existing balances among investment options (subject to Plan rules) and change how payroll contributions are invested. Participants should refer to the Plan document for more complete information concerning the Plan's investment options.

Payment of Benefits:
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures:
If participants terminate employment prior to being vested in their employer contributions, upon distribution of vested portion of their accounts, or, if earlier, a five-year break in service, the non-vested portion of their account is forfeited. Forfeitures may be used for future employer contributions and/or to pay administrative expenses. There were forfeitures, including interest earned on such nonvested amounts of $8,890 for 2017.

Notes Receivable from Participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Plan Administration:
First Great West Life and Annuity provides recordkeeping and certain administrative services to the Plan. Empower Retirement Advisory Services, an affiliated company, serves as an investment advisor to the Plan and offer a range of products and services offered in the retirement markets by Great West Life and Annuity Insurance Company and Great West Life & annuity Insurance Company of New York.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:
This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis; investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan inconformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates:
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition:
The Plan's investments are 100% participant directed and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value all readily available marketable securities. Investment in common and collective trust funds are valued based upon the redemption price of units held by the Plan, which is based on the current fair value of the common and collective trust funds' underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the funds' net assets at fair value by its units outstanding at the valuation dates. The Plan holds the right to liquidate its positions in these common and collective trust funds at any time, subject to a reasonable notification period. No unfunded commitments existed with respect to these common and collective trust funds at December 2017 and 2016. The Plan's trustee in consultation with the Plan's investment advisor determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:
Benefits to participants are recorded when paid.

Administrative Expenses :
Administrative expenses are paid by the Plan and the Company as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Excess Contributions Payable :
The Plan is required to return contributions to participants in the event certain non-discrimination tests defined under the IRC are not satisfied. During 2017, the Plan did not pass the non-discrimination requirements of the IRC Section 402(g) (participants exceeded annual deferral limit) as well as the Plan Limits Test (after tax limits exceeded). As a result, for the year ended December 31, 2017, a de minimis amount of contributions were refundable to certain participants. For 2016, the Plan passed the non-discrimination tests.

Plan Termination:
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Subsequent Events::
Subsequent events were evaluated through December 27, 2018, which was the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS:

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2017 and 2016:

	Fair Value Measurements at December 31, 2017			
2017	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 4,877,881	$ -	-	$ 4,877,881
Collective Trust Funds		3,744,424		3,744,424
Guaranteed Interest Fund	-	276,553	-	276,553
Total Investment at Fair Value	$ 4,877,881	$ 4,020,957	$ -	$ 8,898,838

	Fair Value Measurements at December 31, 2016			
2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 4,307,000	$ -	$ -	$ 4,307,000
Collective Trust Funds		2,245,735		2,245,735
Guaranteed Interest Fund	-	46,389	-	46,389
Total Investment at Fair Value	$ 4,307,000	$ 2,292,124	$ -	$ 6,599,124

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The fair value of the Plan's investments in collective trust funds is readily determinable as the net asset value per share as provided by the custodian/recordkeeper is published daily to the Plan's participants and forms the basis for transactions in the collective trust funds. There are no unfunded commitments for these funds, the redemption frequency is immediate and there are no other redemption restrictions.

NOTE D – GROUP ANNUITY CONTRACT WITH GREAT-WEST LIFE AND ANNUITY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life and Annuity totaling $276,533 for 2017 and $38,449 for 2016. Great-West Life and Annuity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.45 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully-benefit responsive investment contract criteria and therefore is recorded at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West Life and Annuity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations maybe affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions. (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawals from the Plan, or (4) the failure of the trusts to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE E – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED):
All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2017 and 2016, and the related net investment gain (loss) and interest and dividend income for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

NOTE F – TAX STATUS:
The Plan has adopted a Non-Standardized Prototype Plan Document sponsored by Orchard Trust Co that obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Prototype Document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE G – PARTY-IN-INTEREST
Certain Plan investments are managed by Great West Trust Company, LLC or Empower Retirement Advisory Services, are recordkeeper and investment advisor provider respectively, as defined by the Plan, and therefore, fees paid to these institutions qualify as exempt party in interest transactions. However, they are exempt from the ERISA prohibited transaction rules.

NOTE H – RISKS AND UNCERTAINTIES:
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:
The following is a reconciliation of net assets available for plan benefits on the financial statements to the Form 5500 as of December 31:
