Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ICON Central Laboratories, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with the DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Emphasis of Matter

As further discussed in Note 11 to the accompanying financial statements, on January 1, 2015, participant account balances and the net assets of the Plan were merged with and into ICON Clinical Research, Inc. 401(k) Plan. Our opinion is not modified with respect to this matter.

ICON CENTRAL LABORATORIES, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2014 and 2013

(1) Description of Plan

The following description of ICON Central Laboratories, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering all employees of ICON Central Laboratories, Inc. (the Company) who have attained the age of 18. Employees are eligible to participate after completing one month of service. Employees become eligible on the first day of the plan month immediately following satisfaction of the age and service requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401(k) Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

See Note 11 for Plan merger into the ICON Clinical Research, Inc. 401(k) Plan.

Contributions

Each year, participants may contribute a percentage on a pre-tax basis (up to 75%) of eligible compensation, as defined, up to the annual limit established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective July 2, 2013, participants may elect to have their deferrals be either pre-tax or after-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic deferral provision. Under this provision, 4% of new participants' compensation will be deferred unless the participants make a contrary election. The Company has the option to make discretionary contributions to the Plan. In 2014, the Company contributed 50% of contributions made by participants up to a maximum of 2% of eligible participants' compensation.

(1) Description of Plan, Continued

Participants' Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their pre-tax contributions plus actual earnings or losses thereon. Participants shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service. Participants are 20% vested after one year of service and 100% vested after five years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, and may not have more than one loan outstanding at any given time. Loans must normally be repaid within such period as agreed to between the participant and the Plan, up to a maximum of five years. However, if the loan is made for the purchase or construction of a principal place of residence, the repayment period may be over twenty years. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25%, which is determined at the prime rate plus 2% at the date of loan issuance. Principal and interest are paid ratably through bi-weekly payroll deductions. Any outstanding loans must be fully repaid when employment terminates.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach normal retirement age. Participants may receive either a lump-sum payment or partial withdrawals. Benefit payments are also permitted for death, disability and hardship. In service distributions are permitted; however they are subject to possible administrative limitations on timing and frequency and may be subject to early withdrawal penalties by the IRS.

Notes to Financial Statements December 31, 2014 and 2013

(1) Description of Plan, Continued

Forfeitures

Upon termination from the Company, participants will forfeit any nonvested portion of their account balance as of the termination date. Forfeitures may be used to pay administrative expenses of the Plan or to reduce employer contributions. There were no forfeitures used during 2014. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$105,590 and \$43,127, respectively.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits are prepared on the contract value basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ICON CENTRAL LABORATORIES, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2014 and 2013

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent notes receivable from participants are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses charged by the trustee are deducted directly from each participant's plan assets. Other administrative expenses are paid by the Company, including insurance premiums and external legal and audit services. In addition, the Company provides internal accounting and administrative services at no cost to the Plan. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. The Plan has a revenue sharing arrangement with the trustee and established a plan level account (ERISA account) that captures excess income collected by the trustee that can be used to pay eligible plan expenses or can be allocated to participants. During 2014, \$10,285 was used to pay plan administrative expenses. At December 31, 2014 and 2013, the ERISA account totaled \$13,476 and \$7,482, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2015, the date the financial statements were available to be issued. See Note 11 for Plan merger.

* Investment is less than 5% of the Plan's net assets available for benefits at end of year.

During 2014, the Plan's registered investment companies and common/collective trust fund (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$937,814 and \$37,826, respectively.

(4) Financial Information Certified by the Trustee

The plan administrator has chosen the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street Bank and Trust Company (State Street), the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The trustee certified the following as complete and accurate:

- The investments at fair value at December 31, 2014 and 2013.
- Notes receivable from participants at December 31, 2014 and 2013.
- Net appreciation in fair value of investments for the year ended December 31, 2014.
- Interest and dividends for the year ended December 31, 2014.
- Interest income on notes receivable from participants for the year ended December 31, 2014.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

(5) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

(5) Fair Value Measurements, Continued

Common/collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different assumptions or methodologies to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Description	Assets at Fair Value as of December 31, 2014			
	Total	Level 1	Level 2	Level 3

There were no significant transfers among investment levels during the years ended December 31, 2014 and 2013.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

The Plan uses a prototype plan document sponsored by Diversified Investment Advisors, Inc. (Diversified). The IRS has determined and informed Diversified by a letter dated March 31, 2008, that the prototype document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Notes to Financial Statements December 31, 2014 and 2013

(8) Nonexempt Transactions

During 2014, certain employee withholdings in the amount of \$6,517 were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company corrected these transactions during 2015 by remitting lost earnings to the affected participants' accounts.

(9) Related Party Transactions and Party-In-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment.

Certain administrative expenses were paid by the Plan. Administrative expenses paid by the Plan to the trustee amounted to \$22,654 for the year ended December 31, 2014.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) Subsequent Events

On January 1, 2015, participant account balances and the net assets of the Plan were merged with and into ICON Clinical Research, Inc. 401(k) Plan. Each employee who, as of December 31, 2014, was a participant in the Plan became a participant in the ICON Clinical Research, Inc. 401(k) Plan as of January 1, 2015.
