Note 1 - Plan Description

The following description of WTIA 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreements for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan established by Washington Technology Industry Association (WTIA or the Sponsor) and adopted by various participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - Participating employers have various service requirements which range from immediate eligibility up to a one year of service requirement. Additionally, there is no age requirement to enter the Plan for most participating employers; however, some employers require employees to reach the age of 18 or 21 to be eligible for participation in the Plan.

Plan Mergers - During 2017, various adopting employers merged their existing 401(k) Plan into the Plan. A summary of merged plans is as follows:

Name of Plan	Assets Transferred
All Star Directories 401(k) Plan	$ 4,514,950
AxonVR 401(k) plan	218,335
Genelex Corporation 401(k) P/S Plan	475,667
Indix Corporation Retirement Trust	253,878
Industrial Software Solutions - Wonderware, LLC Profit Sharing Plan	1,891,462
Industrial Software Solutions, Inc. 401(k) Profit Sharing Plan #1	856,636
Ossia, Inc.	645,125
Oxygen Learning 401(k) Plan	207,115
Redmond Technology Partners, LLC Employees 401(k) Plan	2,646,543
Swift HR Solutions, Inc. Retirement Trust	261,588
Transfers in - Plan Mergers	**$ 11,971,299**

During 2018, additional adopting employers merged their existing 401(k) plan into the Plan. Amounts transferred in from plan mergers during 2018 totaled approximately $21,000,000.

During 2018, certain adopting employers merged out of the Plan. Amounts transferred out during 2018 from adopting employers who ceased participation in the Plan and began a separate 401(k) plan totaled approximately $32,000,000.

Contributions - Employees may elect to defer up to 100% of their compensation as pre-tax or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible defined benefit or defined contribution plans (rollover).

Note 1 - Continued

The Plan provides for discretionary employer matching contributions which each adopting employer can opt into and set the matching formula at their discretion. Three adopting employers (All Star Directories, Inc., BitTitan, Inc., and Redmond Technology Partners, LLC) made discretionary matching contributions during 2017. Adopting employers may also make discretionary nonelective contributions. No discretionary nonelective contributions were made during 2017.

The Plan also allows adopting employers to make safe harbor matching or nonelective contributions. Four adopting employers (WTIA, Industrial Software Solutions, Swift HR Solutions, Inc. and YouScript, Inc.) made safe harbor contributions during 2017.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with an allocation of (a) employer contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in employer non safe harbor matching and nonelective contributions varies by adopting employer. All participants will become 100% vested in all contributions to their account after completing 6 years of service with the employer.

Forfeitures - Forfeitures may be used to reduce future Company contributions or pay administrative expenses of the Plan. At December 31, 2017 and 2016, there were approximately $71,000 and $44,000, respectively, in unallocated forfeitures available for the Company to use as described above.

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document.

Notes Receivable From Participants - A participant may borrow the lesser of $50,000 or 50% of his or her vested balance, with a minimum loan of $1,000. Loan terms range from one to five years unless the loan qualifies as a home loan in which case the repayment term can be extended. The interest rate is set at 2.0% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. There were no outstanding notes receivable from participants as of December 31, 2017 or 2016.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 - Continued

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits - Benefits are recorded when paid.

Investment Management and Administrative Expenses - Administrative costs for investment advisory, recordkeeping, and other administrator fees are paid by the Plan. Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts. The Sponsor and participating employers may elect to pay other expenses related to the Plan's administration.

Subsequent Events - The Plan's management has evaluated subsequent events through January 8, 2019, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Note 3 - Continued

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,190,745	$ -	$ -	$ 23,190,745

	Fair Value Measurements as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,121,024	$ -	$ -	$ 4,121,024

Note 4 - Fully Benefit-Responsive Investment Contracts

The Plan holds an investment contract that meet the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Note 5 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2017 and 2016, and investment income or loss and transactions for the year ended December 31, 2017, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by affiliates of Great-West Trust Company, LLC (Great-West Trust). The Plan also holds fully benefit-responsive guaranteed investment contracts issued by Great-West Life & Annuity Insurance Company (Great-West Insurance). Great-West Trust and Great-West Insurance provide custodial and recordkeeping services to the Plan and, therefore, transactions with such investments and fees charged by Great-West Trust and Great-West Insurance qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

The Plan paid investment advisory, recordkeeping, and third-party administrator fees totaling approximately $126,000. Fees paid to investment advisors, third-party administrators, and recordkeepers are considered exempt party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Income Tax Status

The Sponsor and participating employers adopted a Pensys Inc. volume submitter plan document. Pensys Inc. received an advisory letter from the IRS dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan provides for various investment options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statement to the Form 5500 at December 31:

	2017	2016
Net assets per the financial statements	$ 23,761,229	$ 4,530,487
Excess contributions payable	165,402	15,882

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement to the Form 5500 for the year ended December 31, 2017:

Net increase in net assets before transfers per financial statements	$ 7,259,443

Net Income (Before Transfers) Per Form 5500	**$ 7,408,963**

Note 11 - Delinquent Participant Contributions

The Sponsor determined there were paydates during 2016 and 2017 in which participant deferral contributions totaling $237,381 were not deposited by the Sponsor and participating employers as plan assets within the time limitation stipulated under the Department of Labor's regulations. These delinquent deposits are considered nonexempt prohibited transactions. The Company is working with their third-party administrator to calculate and remit lost earnings for the late contributions.
