Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Keihin North America, Inc. Pension Equity Plan (Plan), which comprise the statements of net assets available for benefits as of March 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by BMO Harris Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended March 31, 2018 and 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Board of Directors of Keihin North America, Inc., the Plan's sponsor, passed a resolution at a meeting on January 11, 2017 to terminate the Plan effective March 31, 2017, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis of accounting during 2017. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Keihin North America, Inc. Pension Equity Plan

Notes to Financial Statements

March 31, 2018 and 2017

Note 1: Description of the Plan

The following description of the Keihin North America, Inc. Pension Equity Plan (Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guarantee Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

General

The Plan was a noncontributory defined-benefit plan sponsored by Keihin North America, Inc. (Company) that covered substantially all employees who had one year of service or more and had attained age 21, and provided for retirement, death and disability benefits. Employees of Keihin IPT Manufacturing, Inc., a subsidiary of the Company, were also eligible to participate in the Plan. The Plan was subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). BMO Harris Bank, N.A. (BMO) was the custodian and trustee of the Plan. Effective September 30, 2015, BMO sold the portion of its administrative team that provides benefit plan services to OneAmerica Retirement Services, LLC (OneAmerica). BMO remained the trustee and custodian of the assets of the Plan, but recordkeeping for the Plan was transferred to OneAmerica effective October 1, 2015.

Effective December 5, 2009, benefit accruals under the Plan were frozen and did not increase after this date. Participants could continue to earn years of service for vesting purposes. Effective December 5, 2009, participants were fully vested upon completion of three years of service (formerly five-years).

On January 11, 2017, the Company's Board of Directors passed a resolution to terminate the Plan effective March 31, 2017. All assets of the Plan were distributed during the year ended March 31, 2018.

Contributions

The Company agreed to voluntarily contribute such amounts that were necessary to provide assets sufficient to meet the benefits to be paid to Plan members, as defined by the provisions of ERISA. The Plan met the minimum funding requirements established by the federal government.

Pension Benefits

Benefits under the Plan were based on employees' three-highest, consecutive compensation years during their last five years of credited service. Normal retirement age for Plan benefits was 65. Accrued benefits were payable as an annuity over the participant's lifetime, a qualified joint and survivor annuity or a lump sum payment.

Death Benefits

The spouse of a participant received a 100% survivor annuity, as defined in the Plan, upon the death of the participant. The surviving spouse annuity was equal to 100% of the participant's monthly benefit. This benefit was immediately payable to the spouse if the participant was already receiving benefits. If the participant was not already receiving benefits, payments to the spouse could commence as of the earliest date the participant would have received benefits.

Vesting

Effective March 31, 2017, upon Plan termination, all participants became fully vested. Prior to March 31, 2017, eligible employees were fully vested upon completion of three years of vesting service.

Plan Termination

On January 11, 2017, the Company's Board of Directors passed a resolution to terminate the Plan effective March 31, 2017. All vested benefits were distributed to participants or beneficiaries.

Due to the Plan termination and change to the liquidation basis of accounting, interest income on the money market fund expected to be earned during the period of liquidation of \$50,136 and employer contributions of \$2,400,000 to fully fund the Plan were recorded as of March 31, 2017. Administrative expenses expected to be incurred during the period of liquidation of \$17,721 were recorded as of March 31, 2017. The participant accounts were fully liquidated by March 31, 2018.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements are prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Mutual funds were valued at the net asset value (NAV) of shares held by the Plan at year end. The money market fund was valued at cost, which approximated fair value.

The guaranteed investment contract was valued at fair value as estimated by Transamerica Financial Life Insurance Company (TFLIC). TFLIC valued the investment contract using a pricing matrix that designated a hierarchy of sources based on security type.

Purchases and sale of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Administrative Expenses

Administrative expenses could be paid by the Company or the Plan, at the Company's discretion.

Accumulated Plan Benefits

Accumulated plan benefits (see Note 6) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- (A) Retired or terminated employees or their beneficiaries
- (B) Present employees or their beneficiaries

Benefits under the Plan were based on employees' compensation as described in Note 1. The accumulated plan benefits for active employees were based on their average compensation during the three years preceding the valuation date. Benefits payable under all circumstances — retirement, death, disability and termination of employment — were included, to the extent they were deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets were excluded from accumulated plan benefits.

Benefit payments to participants were reported upon distribution.

Plan Tax Status

The Plan obtained its latest determination letter on December 12, 2017, which the Internal Revenue Service provided a final favorable determination letter for the Plan termination.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BMO, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of March 31, 2018 and 2017
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended March 31, 2018 and 2017
- Investment information included in the accompanying schedule of reportable transactions for the year ended March 31, 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Notes to Financial Statements March 31, 2018 and 2017

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at March 31, 2017:

		Fair Value Measurements Using			
		Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
March 31, 2017					
Mutual funds	\$	11,258,932	\$ 11,258,932	\$ -	\$ -
Money market fund		13,392,637	13,392,637	-	-
Stable fund		137,230	-	137,230	-

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended March 31, 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy.

Notes to Financial Statements March 31, 2018 and 2017

Note 5: Contract With Insurance Company

The Plan entered into an investment contract with Transamerica Financial Life Insurance Company (TFLIC) and TFLIC maintained the contributions in a pooled account. The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TFLIC. The contract was subject to a market value adjustment upon termination. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract was carried at fair value. The average yields were approximately 1.32% and 1.25% for 2018 and 2017, respectively. The crediting interest rates ranged from 1.25% to 1.65% at March 31, 2017. The crediting interest rate was based on an agreed-upon formula with the issuer.

Note 6: Accumulated Plan Benefits

An actuary from Mercer Human Resource Consulting determined the actuarial present value of accumulated plan benefits for the year ended March 31, 2017, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the beginning of each Plan year was as follows:

	2018	2017
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$ 29,508,766	\$ 508,567
Other participants	-	27,079,210
	<u>29,508,766</u>	<u>27,587,777</u>
Nonvested benefits	-	298,061
	<u>-</u>	<u>298,061</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 29,508,766</u>	<u>\$ 27,885,838</u>

Due to termination and liquidation of the Plan, no actuarial present value of the accumulated plan benefits as of the beginning of the Plan year ended March 31, 2018 was determined. Management determined the benefits paid the participants during the Plan year ended March 31, 2018 approximated the present value of accumulated plan benefits as of the beginning of the year. All Plan assets were distributed and there was no remaining benefit obligation as of March 31, 2018.

Keihin North America, Inc. Pension Equity Plan

Notes to Financial Statements March 31, 2018 and 2017

Changes in the actuarial present value of accumulated plan benefits were as follows:

	<u>2018</u>	<u>2017</u>
Actuarial present value of accumulated plan benefits, beginning balance	\$ 27,885,838	\$ 27,917,358
Increase (decrease) during the year attributable to		
Change in actuarial assumptions	-	(413,844)
Actuarial losses	2,463,798	104,829
Increase for interest due to the decrease in the discount period	-	1,018,099
Benefits paid	(840,870)	(740,604)
Net increase (decrease)	<u>1,622,928</u>	<u>(31,520)</u>
Actuarial present value of accumulated plan benefits, ending balance	<u>\$ 29,508,766</u>	<u>\$ 27,885,838</u>

Significant assumptions underlying the actuarial computations are:

- Assumed rate of return on investments: 6.25% for 2017
- Discount rate: 3.70% for 2017
- Mortality basis: RP2014 Generational Healthy Blue Collar Mortality projected with projection scale MP2016 for 2017
- Retirement: At normal retirement age 65
- Asset valuation: Market

The foregoing actuarial assumptions were based on the assumption that the Plan would continue and did not reflect consideration of the Plan termination effective March 31, 2017.

Note 7: Party-in-Interest Transactions

Party-in-interest transactions included those with fiduciaries or employees of the Plan, any person who provided services to the Plan, an employer whose employees were covered by the Plan, an employee organization whose members were covered by the Plan, a person who owned 50 percent or more of such an employer or employee association, or relatives of such persons.

Fees for trust and management services paid and accrued by the Plan to the trustee and other parties-in-interest were \$31,860 and \$61,853 for 2018 and 2017, respectively.

The Company provided certain administrative services at no cost to the Plan.
