NOTES TO FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION

General

The following description of the Allied Mineral Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established for the exclusive benefit of the employees of Allied Mineral Products, Inc. (the "Plan Sponsor"). Under the terms of the Plan, employees who have accumulated one month of service are eligible for participation. The Board of Directors of the Plan Sponsor control and manage the operation and administration of the Plan. The John Hancock Life Insurance Company USA serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute a portion of their pre-tax and post-tax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code limitations. The Plan does not include a provision for employer contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's entire interest under the Plan. Each participant's account is credited with the participant's contribution as well as net gains and losses on investments and reduced by distributions from the participant's account. Plan earnings are allocated to participants based on a daily valuation of the participant's respective funds. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Participant-Directed Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may currently choose from a variety of different investment options with varying objectives and degrees of investment risk.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years or a longer term may be permitted for the purchase of a primary residence. Participants may not have more than one loan outstanding at a time. Loan transactions are treated as a transfer from the investment fund to the Participant Loan fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates are currently 5.25% for new loans. Principal and interest are paid ratably through payroll deductions.

ALLIED MINERAL PRODUCTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals for participants with vested account balance greater than \$5,000 are permitted. The Plan allows for hardship distributions to satisfy certain immediate and heavy financial needs specified in the plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ.

Investment Valuation and Income Recognition

The statements of net assets available for benefits include investments in pooled separate accounts which are presented at the value reported to the Plan by the insurance company, which represents approximate fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Accounting standards establish a framework for measuring fair value by providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1 inputs") and the lowest priority to unobservable inputs ("Level 3 inputs"). The Plan's investments in pooled separate accounts do not fall within the hierarchy described above.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Participant distributions are recognized when paid.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Some plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers other than custodian fees, are primarily paid by the Plan Sponsor and are excluded from these financial statements.

Subsequent Events

In evaluating events that may have material impact on the financial statements, the Plan Sponsor has considered activities through January 4, 2019, the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY USA

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at March 31, 2018 and 2017, and net appreciation in fair value of investments and interest for the years ended March 31, 2018 and 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company USA (the custodian of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at March 31, 2018 and 2017.

Pooled separate accounts: Valued at net asset value (NAV) per share based on quoted market prices of underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the value of underlying assets owned by the account, minus its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ALLIED MINERAL PRODUCTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

NOTES TO FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

- (c) The pooled separate accounts in this category seek the maximum current income that is consistent with maintaining liquidity and preserving capital. The fund invests at least 99.5% of its total assets in cash, U.S. government securities and/or repurchase agreements that are fully collateralized by U.S. government securities or cash.
- (d) The pooled separate accounts in this category seek long-term capital appreciation and current income with a concentration on specific market sectors. The category primarily invests its assets in U.S. and international equity securities and real estate securities.
- (e) The pooled separate accounts in this category seek long-term growth by primarily investing in common stocks of U.S. companies with large market capitalization. Investments from this category are normally from stocks within the top 70% of the capitalization of U.S. equity market.
- (f) The pooled separate accounts in this category seek a high level of current income. This category normally invests at least 80% of assets in debt securities of all types and repurchase agreements for those securities. The category invests up to 20% of assets in lower quality debt securities (those of less than investment-grade quality, also referred to as high-yield debt securities or junk bonds).
- (g) The pooled separate accounts in this category primarily invest in U.S. stocks of various sizes and styles, giving it a middle-of-the-road profile. Investments from this category typically fall between \$1 billion - \$8 billion and represent 20% of the total capitalization of the U.S. equity market.
- (h) The pooled separate accounts in this category seek long-term growth by primarily investing in U.S. equity securities of companies with small market capitalization. Investments from this category are in the bottom 10% of the capitalization of the U.S. equity market.
- (i) The pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies with large market capitalization. Investments are normally diversified across different countries and regions of the world.

NOTE 5: ROLLOVER CONTRIBUTIONS

In September 2017, the Plan Sponsor acquired Riverside Refractories, Inc. The Riverside Refractories 401(k) Profit Sharing Plan was terminated effective November 2017. All participants were given the option to have their account balance rolled into any qualified plan (including this Plan) or IRA, receive a lump sum distribution, or convert to a Roth IRA. An aggregate of \$1,840,270 was rolled into the Plan during the year ended March 31, 2018 as a result of the acquisition of Riverside Refractories, Inc., and is included in rollovers on the statement of changes in net assets available for benefits.

ALLIED MINERAL PRODUCTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: ROLLOVER CONTRIBUTIONS (CONTINUED)

In January 2017, the Plan Sponsor acquired P-G Industries, Inc. The P-G Industries, Inc. Employee Stock Ownership Plan and the Pryor-Giggey Co. Profit Sharing 401(k) Plan and Trust were terminated effective December 2017. All participants were given the option to have their account balance rolled into any qualified plan (including this Plan) or IRA, receive a lump sum distribution, or convert to a Roth IRA. An aggregate of \$2,020,103 and \$672,301 was rolled into the Plan during the year ended March 31, 2018, and 2017 as a result of the acquisition of P-G Industries, Inc., and is included in rollovers on the statement of changes in net assets available for benefits.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company USA. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$17,428 and \$10,704 for the years ended March 31, 2018 and 2017, respectively.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right at any time to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

NOTE 8: TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Entrust Financial Group, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

ALLIED MINERAL PRODUCTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 9: VARIOUS RISKS AND UNCERTAINTIES

The Plan holds various investments. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of March 31, 2018, the Plan held \$10,159,271 of John Hancock funds, which was 100% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

Re: Allied Mineral Products, Inc. EI# 31-0643264
Plan Year Ending March 31, 2018
Form 5500/8955-SSA Plan #001 and Plan #004

To whom it may concern:

We are responding to your notices dated December 17, 2018 to our client copy of which is enclosed.

Our client has 2 Plans as mentioned above. Both notices were received the same day. One notice rejected the automatic the extension for Plan #4, and the other notice approved the extension for Plan #1.

The Form 5558 Application for Extension of Time to File Certain Employee Plan Returns for both Plans (copies enclosed) were sent from our office in the same envelope. We do not understand why one extension was denied and the other one was approved.

Our client has always filed complete and accurate returns in a timely manner since Plans were adopted (one in 2002 and the other in 1967), and takes great pride in doing so.

Also enclosed is copy of Form 7004 Extension for the Corporate Return.

It is respectfully requested that no penalty be assessed for late filing of the return because of the above reasons.

Thank you for your consideration.

Sincerely

Richard Schenkelberg
