NOTES TO FINANCIAL STATEMENTS

As of March 19, 2018 and December 31, 2017 and for the Period Ended March 19, 2018

NOTE 1 - Description of the Plan

The following description of the Laurel Health Care Company 401(K) Profit Sharing Plan (the "plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

Plan Merger

Effective January 1, 2018, the plan was terminated and merged in to the Ciena Healthcare Management Inc. 401(K) Plan. All assets were transferred or distributed out by March 19, 2018.

General

The plan was a defined contribution plan established by Laurel Health Care Company (the "company") who have completed 12 months of service and are age 21 or older. The plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The plan provided for employee salary 401 (k) contributions up to a maximum of 92 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may have also made contributions to the plan in the form of a rollover of funds from another qualified plan. Due to the January 1, 2018 plan termination, no participant contributions were made to the plan in 2018.

The employer was matching contributions of 50 percent of employee deferrals up to a maximum of 3 percent of the employee's compensation. In addition, each year, the company could have contributed to the plan an amount, if any, determined at the discretion of the board of directors. No discretionary contributions were made by the company in 2018.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of the company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants could have elected to direct the investments of their account balances into various investment options offered by the plan.

Vesting

Participants were immediately vested in their contributions and related earnings. Vesting in the portion of their accounts related to the company's contributions plus related earnings is based on years of credited service. A participant vested 20 percent in company contributions after two years of credited service and 20 percent each successive year through year six, at which time he or she is fully vested.

Forfeited Accounts

Forfeitures were allocated to remaining plan participants in accordance with the plan document. As of March 19, 2018 and December 31, 2017, forfeited nonvested accounts totaled \$0 and \$3,200, respectively.

LAUREL HEALTH CARE COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

As of March 19, 2018 and December 31, 2017 and for the Period Ended March 19, 2018

NOTE 1 - Description of the Plan (cont.)

Participant Notes Receivable

Participants could have borrowed from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. These loans were secured by the balance in the participant's account. The interest rate was based on the rate available for similar loans from commercial lending institutions.

Payment of Benefits

Benefits could have been paid to the participant or beneficiary upon death, disability, retirement or termination of employment. The plan provided for in-service distributions at the age of 59 1/2 for any reason, and participants experiencing financial hardship may withdraw a portion of this account balance at any time. The distributable amount is equal to the value of the total vested portion of a participant's account balance and is distributed in the form of a lump-sum payment, installments, or an annuity as defined in the plan document.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting. Investments held by defined contribution plans are required to be reported at fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

As of March 19, 2018 and December 31, 2017 and for the Period Ended March 19, 2018

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis.

Expenses

Certain expenses of maintaining the plan were paid by the plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The plan has evaluated subsequent events for recognition or disclosure through January 14, 2019, the date the financial statements were available to be issued.

NOTE 3 - Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. Accordingly, Nationwide Financial Services, Inc., the custodian of the plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of March 19, 2018 and December 31, 2017 and the related investment activity for the period then ended March 19, 2018.

NOTES TO FINANCIAL STATEMENTS

As of March 19, 2018 and December 31, 2017 and for the Period Ended March 19, 2018

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used as of December 31, 2017.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value "NAV" and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

LAUREL HEALTH CARE COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

As of March 19, 2018 and December 31, 2017 and for the Period Ended March 19, 2018

NOTE 4 - Fair Value Measurements (cont.)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 26,007,221	\$ -	\$ -	\$ 26,007,221

For periods ended March 19, 2018 and December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 5 - Administration of Plan Assets

The plan's assets were administered under a contract with Nationwide Financial Services, Inc., the custodian of the plan. The custodian invested funds received from contributions, investment sales, interest, and dividend income and made distribution payments to participants.

NOTE 6 - Related Party and Party In Interest Transactions

Certain transactions of the plan's investments were managed by the custodian as defined by the plan, and therefore, those transactions qualified as party in interest transactions. Fees incurred by the plan for the investment manager services were included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the plan issued loans to participants, which were secured by the participant's account balances. Those transactions qualify as party in interest transactions.

Certain administrative functions of the plan were performed by officers or employees of the company. No such officer or employee received compensation from the plan.

NOTE 7 - Tax Status

The IRS has determined and informed the company by a letter dated March 31, 2014, that the plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan was designed and was being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

As of March 19, 2018 and December 31, 2017 and for the Period Ended March 19, 2018

NOTE 8 - Risks and Uncertainties

The plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2017, the plan had investments of \$17,063,136 that were concentrated in three funds.
