F. RADICH MOTORS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2018

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the F. Radich Motors, Inc. 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions:

General
The Plan was established effective January 1990 to provide retirement benefits for employees of F. Radich Motors Inc., DBA Elk Grove Honda (the "Plan Sponsor"). The plan is a defined contribution plan covering all full-time and part-time employees of the Company who are age 21 or older and have one year and 1,000 hours of service. The Plan is intended to satisfy the requirements of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Two employees of the Plan Sponsor serve as trustees of the Plan. The Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Plan Year
The Plan year begins April 1 and ends March 31.

Contributions
The Plan allows for the following types of contributions:

Salary Deferral 401(k) Contributions: The Plan includes an elective salary deferral arrangement pursuant to section 401(K) of the Code. Employees are automatically enrolled into the Plan upon eligibility. Employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code, and they may choose to opt out of the automatic enrollment.

Employer Matching Contributions: The Sponsor has a discretionary matching contribution. Matching contributions are allocated to eligible participants based upon a discretionary percentage of the employee's salary deferral. Participants must be employed with the plan sponsor on the last day of the plan year and complete 1,000 hours of service during the plan year in order to receive an allocation of the matching contribution. The plan sponsor did not make matching contributions during the year ended March 31, 2018.

Employer Non-Elective Contributions: The Plan Sponsor may make discretionary non-elective profit-sharing contributions to the Plan. Non-elective contributions are allocated to eligible participants based on eligible compensation. Participants must be employed with the Plan Sponsor on the last day of the Plan year and complete 1,000 hours of service during the Plan year in order to receive an allocation of the non-elective contribution. The Plan Sponsor did not make non-elective contributions during the year ended March 31, 2018.

Rollover Contributions: Participants may make rollover contributions from another qualified plan.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts and Allocations
The Plan allows participants the ability to self-direct the investment of their contributions into various investment options offered by the Plan. Participants are allowed to invest their accounts in any one of the funds or a combination of fund. The Plan currently offers various mutual funds as investment options to participants. Each participants account is credited with the participant's contribution, the Company's discretionary matching or profit-sharing contributions, if any, and Plan earnings (losses). Allocations are based on participant's contributions or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and/or profit-sharing contribution portion of their accounts is based on years of continuous service. The vesting schedule is as follows:

Years of Vesting Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts
Forfeitures of matching contributions are used to reduce the employer liability for current contributions of matching contributions. Forfeitures of profit-sharing contributions are reallocated as an additional profit-sharing contribution. There were no forfeitures available to reduce contributions for the year ended March 31, 2018.

Retirement
Normal retirement under the Plan is the date a participant attains age 65. There are no early retirement provisions provided under the Plan.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles of the United States (U.S. GAAP).

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liability and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable to participants for the years ended March 31, 2018 and 2017.

Payments of Benefits
Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who elected to withdraw from the Plan have all been paid as of March 31, 2018.

Administration Fees
The Plan pays all of the Plan costs, which are comprised of its annual audit fee, investment management expenses and other costs. For the year ended March 31, 2018, these costs amounted to $3,000.

Subsequent Events
The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through January 11, 2019, the date the financial statements were available to be issued and management has determined that no subsequent events have occurred that should be disclosed.

NOTE 3 – PLAN ADMINISTRATION AND CUSTODIAL ARRANGEMENTS

All Plan investments and custodian duties are with Ascensus Trust Company. Administration and recordkeeping is performed by Ascensus.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the plan's investment information, included in the plan's financial statements and supplemental schedules that was prepared by, or derived from, information prepared by Ascensus, Inc., Ascensus Trust Company, the custodian of the plan, and furnished to the plan management. The plan management has obtained certification from the custodian that the information is complete and accurate as of and for the years ended March 31, 2018 and 2017.

	2018	2017

Statement of Changes in Net Assets Available for Benefits

Dividend & Interest Income from Pooled Separate Accounts	$ 14,358	
Capital Gains from Pooled Separate Accounts	$ 94,195	

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the fill term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2018 and 2017.

- *Pooled Separate Accounts*
  Pooled separate accounts invest mainly in mutual funds both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2018 and 2017.

	Assets at Fair Value as of March 31, 2018		
	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ -	$ 2,349,658	$ -
Total Assets at Fair Value	$ -	$ 2,349,658	$ -

	Assets at Fair Value as of March 31, 2017		
	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ -	$ 2,209,941	$ -
Total Assets at Fair Value	$ -	$ 2,209,941	$ -

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - RELATED-PARTY TRANSACTIONS

The Plan recordkeeping and administration is provided by Ascensus, which is the administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. For the year ended March 31, 2018, the costs amounted to $3,000.

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter, that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of March 31, 2018 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
