NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Wynne Building Corporation 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Wynne Building Corporation (the "Sponsor") and affiliated employers, as defined therein, who were hired on or after April 1, 2009. Employees become eligible to participate in the Plan after completing six months of service, as defined by the Plan and attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions – Employee contributions are based on voluntary elections via phone or internet by the participants directing the Company to defer a stated amount from the participant's compensation. Participants may elect to defer up to 100% of their eligible compensation. New hires and rehires are subject to the automatic enrollment provisions under the Plan. Unless the new hire/rehire waives enrollment, employees are enrolled with a 2% deferral election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer may make a matching contribution that will be determined on an annual basis. Participants are eligible for the matching contribution immediately following their participation in the plan. Contributions are limited by Section 401(k) of the Internal Revenue Code (the 'IRC"). The Plan permits rollover contributions from other qualified plans; however, rollover contributions are not eligible for the Company matching contribution. For the Plan year ended March 31, 2018 the Employer made a matching contribution of approximately $45,700.

Investment Alternatives – Plan participants may direct their entire account balances in partial percentage increments to any of the various investment options offered by the Plan. Employer contributions are also invested based upon participant allocation elections. Participants may change their investment options on a daily basis.

Participant Accounts – Participant recordkeeping is performed by Ascensus, Inc. acting as agent for Ascensus Trust Company, the "trustee". For all investments that are mutual funds and money market accounts, Ascensus, Inc. maintains participant balances on a share method. Each participant's account is credited with the participant's contributions; the Sponsor's matching contributions, as well as allocations of Plan earnings (losses). Transaction fees charged for participant loans and distributions are allocated directly to that participant's account. Allocations of Plan earnings (losses) are based on participant account balances in relation to total fund account balances, as defined by the Plan document.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participants may have a maximum of one loan outstanding against their account at one time. All loans must be repaid within five years except for loans for the purchase of a primary residence, which may have a longer repayment term as determined at the discretion of the plan administrator. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits – On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals are permitted when participants reach the age of 59½, or in the event of financial hardship.

Forfeited Accounts - At March 31, 2018 and 2017, forfeited nonvested accounts approximated $1,163 and $0, respectively. These accounts will be used to offset Company matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2018.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are not reflected within the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation/ (depreciation) of the fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through January 11, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFICATION OF PLAN ASSETS BY TRUSTEE

The Plan's investments are held and administered by Ascensus Trust Company. All investment information presented in the accompanying financial statements and supplemental schedule, including investments held and net appreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the aforementioned trustee under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under ERISA.

1. The total investments as shown in the accompanying statements of net assets available for benefits are approximately $512,600 and $383,500 as of March 31, 2018 and 2017, respectively.
2. The total net appreciation in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits is approximately $40,100 for the year ended March 31, 2018.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 —Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 —Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2018 and 2017.

Mutual Funds and Money Market: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market. .

The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of March 31, 2018 and 2017

March 31, 2018:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 505,723	505,723	-	-
Money market	$ 6,906	6,906		
Total	$ 512,629	$ 512,629	$ -	$ -

March 31, 2017:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 378,872	378,872	-	-
Money market	$ 4,601	4,601		
Total	$ 383,473	$ 383,473	$ -	$ -

NOTE 5 – RELATED PARTY TRANSACTIONS

Notes receivable from participants qualify as party-in-interest transactions, but are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 –TAX STATUS

The Plan is structured and follows a volume submitter profit sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated March 31, 2014 that the volume submitter plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to examinations for three years.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION

The Following is a reconciliation of net assets available for benefits per the financial statements at March 31, 2018 and 2017, to Form 5500:
