Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ***Big Creek Lumber Company 401(k) Retirement Plan*** (the Plan), which comprise the statements of net assets available for plan benefits as of March 31, 2018 and 2017, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by T. Rowe Price Trust Company, the current trustee of the Plan, and State Street Bank and Trust Company, the former trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees held the Plan's assets and executed transactions. The Plan Administrator has obtained a certification from the current trustee as of and for the period from May 1, 2017 to March 31, 2018 and the former trustee from April 1, 2017 to April 30, 2017, and as of March 31, 2017, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held for Investment Purposes as of and for the year ended March 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of the Big Creek Lumber Company 401(k) Retirement Plan (the "Plan") provides only general information. A Plan description is available from the Plan's sponsor, which outlines all of the significant Plan provisions. Interested parties should refer to the Plan agreement for more complete information.

General – The Plan is a defined contribution 401(k) retirement plan covering substantially all employees of the Big Creek Lumber Company (the "Company") who are not covered by a union and have completed six months of employment. The Plan was organized effective March 28, 1967 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Eligible participants may contribute (pre-tax or post-tax (Roth)), by voluntary payroll deduction, up to the maximum allowed by Sections 402(g) and 415 of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees are automatically enrolled in the plan upon attaining eligibility status, at an initial deferral rate of 5% of compensation with an annual automatic escalation of 3% to a maximum of 15%, unless they elect otherwise. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer matching and profit sharing contributions are discretionary and are determined each year by the Company's Board of Directors. To be eligible for these employer contributions, the participant must be employed on the last day of the plan year and have worked a minimum of 1,000 hours. For the years ended March 31, 2018 and 2017, the Company made a matching contribution of 10% of employee deferrals in the amounts of $83,507 and $67,841, respectively. The Company also made a profit sharing contribution of $1,916,493 and $1,042,159, respectively, for total employer contributions of $2,000,000 and $1,110,000 for the years ending March 31, 2018 and 2017.

NOTE 1. **DESCRIPTION OF PLAN (Continued)**

Participant Accounts – Each participant's account is credited or debited with (1) the participant's contribution by payroll deduction, (2) a discretionary employer matching contribution equal to a percentage of the participant's contributions, (3) an allocation of the Company's discretionary profit sharing contributions based on earnings (as defined), (4) a portion of the net increase or decrease in the net value of the Plan investments which bears the ratio of the total amount of each participant's account in a fund to the aggregate of the balances of all participants' accounts immediately before the quarterly adjustment, and (5) any loans made to or repaid by the participant. The allocation of Plan earnings is determined by using the valuation of trust assets on a daily basis.

Vesting – Participants' accounts are immediately vested in their voluntary contributions plus accrued earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant vests at a rate of 20% per year beginning in year two. Participants are fully vested after six years of credited service.

Payment of Benefits – Upon termination, retirement, death, or disability, a participant or participant's beneficiary may receive a lump-sum distribution equal to the value of his or her vested account balance.

Notes Receivable from Participants – Loans are available to all participants as described in the Plan's loan policy. Participants may apply to borrow from the Plan a minimum amount of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Most loan funds may be repaid over any reasonable period, not to exceed the fifth anniversary of the date the funds were borrowed, with the exception of loans used for the purchase of a principal residence, which can be repaid over a period of up to 15 years. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus two percent as published in the Wall Street Journal on the 14th day of each month. Interest rates range from 5.25% to 6.75%. Principal and interest are paid ratably through payroll deductions.

Forfeitures – If a participant terminates employment before they are 100% vested, the non-vested portion of the participant's account is forfeited. The forfeited amounts may be used to pay Plan expenses or are reallocated to other participant's accounts. For the years ended March 31, 2018 and 2017, forfeited non-vested accounts totaled $21,844 and $12,294, respectively. Amounts used to pay Plan expenses for the years ended March 31, 2018 and 2017 were $ -0- and $ -0- , respectively. Amounts reallocated to participant's accounts for the years ended March 31, 2018 and 2017 were $21,844 and $12,294, respectively.

NOTE 2. **SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting – The accompanying financial statements of the Plan are prepared under the accrual method of accounting, which is in conformity with accounting principles generally accepted in the United States of America.

NOTE 2. **SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Interest income is recognized as it is earned and dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Expenses to administer the Plan are paid by the Plan and are netted from Plan earnings and allocated to participants in proportion to their account balance. Certain expenses, such as loan fees, are allocated to the specific participants.

Subsequent Events – The Plan Administrator has evaluated subsequent events through January 11, 2019, the date the financial statements were available to be issued.

NOTE 3. CERTIFIED INFORMATION

The Plan funds are held by T. Rowe Price Trust Company, the current trustee of the Plan, and State Street Bank and Trust Company, the former trustee of the Plan. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at March 31, 2018 and 2017 and interest, dividends, and net appreciation of fair value of investments for the years then ended were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan trustees.

The following table represents the fair value of investments that were certified by the Plan trustees at March 31.

	2018	2017
Investments at fair value:		
Mutual funds	$ 22,635,020	$ 18,311,814
Collective trust funds	1,913,167	3,327,631
Investments at contract value –		
Common trust funds	86,956	–
Total investments	24,635,143	21,639,445
Cash	–	42,782
Notes receivable from participants	845,456	673,086
Total certified assets	$ 25,480,599	$ 22,355,313

The Plan trustees also certified to the completeness and accuracy of $1,220,489 and $2,065,435 of net appreciation in the fair value of investments and $929,171 and $360,930 of interest and dividends related to the aforementioned investments and notes receivable from participants for the years ended March 31, 2018 and 2017, respectively.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the net asset value ("NAV") as provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market and the underlying assets owned by the fund are traded on active markets.

Common trust funds: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31:

	Assets at Fair Value as of March 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$22,635,020	$ –	$ –	$22,635,020
Collective trust funds	–	1,913,167	–	1,913,167
Investments measured at fair value	22,635,020	1,913,167	–	24,548,187
Investments measured at net asset value (a)	–	–	–	86,956
Total investments measured at fair value	$22,635,020	$ 1,913,167	$ –	$24,635,143

	Assets at Fair Value as of March 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$18,311,814	$ –	$ –	$18,311,814
Collective trust funds	–	3,327,631	–	3,327,631
Total investments measured at fair value	$18,311,814	$ 3,327,631	$ –	$21,639,445

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit responsive investment contract with T. Rowe Price. T Rowe Price maintains the contributions in a common trust. The T. Rowe Price Stable Value Common Trust Fund (the "Fund") is a diverse portfolio of bank, insurance company or synthetic investment contracts, short-term investments or other collective investment funds. In determining the net assets available for benefits, the Fund is included in the accompanying financial statement at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses.

NOTE 5. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by T. Rowe Price, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's management believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 6. RELATED PARTY TRANSACTIONS

Plan investments are invested in funds held by T. Rowe Price Trust Company, the current trustee of the Plan, and State Street Bank and Trust Company, former trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustees, for investment services, are included in net appreciation in fair value of investments. Fees paid to the plan recordkeeper, financial advisor and other service providers also qualify as party-in-interest transactions and amount to $28,863 and $73,601 for the years ended March 31, 2018 and 2017, respectively.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to terminate this Plan subject to the provisions of ERISA. In the event of termination, each participant, retired participant, former participant and beneficiary shall be entitled to receive any amount credited to that person's account.

NOTE 8. TAX STATUS

The Internal Revenue Service has determined and informed the Administrator that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since adoption, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2015.

NOTE 9. ADMINISTRATION OF PLAN ASSETS

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Custodial fees and certain other administrative expenses charged by third-party administrators are paid by the Plan.

NOTE 10. RISK AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and such changes could materially affect the amounts reported on the Statements of Net Assets Available for Plan Benefits.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the amounts reported in the financial statements to the amounts reported on the Form 5500:
