NOTE 1 DESCRIPTION OF PLAN

The following description of Empire Die Casting Company 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective October 1, 1988. The Plan has been amended throughout the years to comply with tax legislation. The Plan was amended in December 2010 in accordance with the HEART Act of 2008. Effective February 1, 2014, the Plan was amended changing the name from Empire Die Casting Co., Inc. 401(k) Retirement Plan and Trust to Empire Die Casting Company 401(k) Retirement Plan and Trust. At October 1, 2014, the Plan was amended to change the Plan year upon which the Plan is operated. The new Plan year-end is now the calendar year. Before October 1, 2014, the Plan year was fiscal year ended September 30. On January 1, 2017, the Plan was amended to change the entry date for nonunion employees to the first day of the month coinciding with or next following one month of service. In addition, on January 1, 2017, the Plan was amended making employer profit sharing contributions equal to \$0.35 per hour for each hour actually worked. On October 1, 2017, the Plan was amended making only leased employees and nonresident aliens excluded from eligibility and amended eligibility requirements for all forms of contributions to one month of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All full-time employees of Empire Die Casting Company (the Company) who have completed one month of service are eligible to participate in the Plan. Nonunion employees entry date is the first day of the month coinciding with or next following one month of service and union employees are eligible immediately upon meeting the service requirement.

Contributions

Deferrals of not less than 1% or not more than 100% of gross salary are tax deferred up to a maximum as established by the Internal Revenue Code (IRC). Each year participants may voluntarily defer a percentage of their eligible pre-tax annual compensation, as defined by the Plan. Participants also have the option to make after-tax Roth elective deferrals and may make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions, and any Plan Sponsor contributions made on their behalf, into various investment options offered by the Plan.

For each participating nonunion employee, the Company makes a matching contribution equal to the sum of 100% of the amount of the participants deferred compensation that is not in excess of 3% of the participants compensation, plus 50% of the participants deferred compensation that exceeds 3% of the participants compensation but not in excess of 5% of the participants total compensation. For the years ended December 31, 2017 and 2016, the nonunion employee matching contribution totaled \$73,473 and \$54,608, respectively. The Company may also make a discretionary contribution determined each year. No discretionary contributions were made during the years ended December 31, 2017 and 2016.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Effective January 1, 2017, the Company makes a union profit sharing contribution equal to \$0.35 per hour for each hour worked per week. In 2016, the Company made a profit sharing contribution equal to \$0.25 per hour for each hour actually worked, but not to exceed a total of 40 hours per week per employee. For the years ended December 31, 2017 and 2016, the profit sharing contribution totaled \$92,084 and \$63,516, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, profit sharing contribution, and an allocation of Plan earnings or losses and administrative expenses. The discretionary contribution is allocated based on the ratio of a participant's compensation to the total compensation of all eligible participants. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching, discretionary, and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after three years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 1.00%. The notes terms range from one to five years. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of an annuity (joint and survivor, or life, depending on marital status), a lump sum distribution, or installments. Distributions from participant accounts in which the balance does not exceed \$5,000 are required to be paid as a lump-sum payment. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. Forfeited nonvested accounts may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed by the Company. There was \$1,205 of unused forfeited amounts at December 31, 2017. There were no unused forfeited amounts at December 31, 2016. There were \$823 and \$381 forfeitures used to reduce Company contributions for the years ended December 31, 2017 and 2016, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

The majority of the Plan's administrative expenses are paid by the Plan. Certain officers and employees perform certain administrative functions but do not receive compensation from the Plan.

Subsequent Events

The Plan has evaluated subsequent events through January 11, 2019, the date the financial statements were available to be issued.

Effective December 28, 2018, the Plan was amended to reflect a change in trustee from Central Bank and Trust Company to Matrix Trust Company. As of December 28, 2018, Matrix Trust Company is both the custodian and the trustee of the Plan.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, the custodian of the Plan.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

**EMPIRE DIE CASTING COMPANY
401(K) RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2017			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$ 2,806,962	\$ -	\$ -	\$ 2,806,962

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Cuna Mutual Group, the Plan's third-party administrator. Cuna Mutual Group maintains the contributions in a general account. The account is credited with earnings, based on the daily balance and the interest rate in effect, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.75%. The crediting rate is reviewed at the discretion of the issuer for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Cuna Mutual Group, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle an amount different than contract value paid either within 90 days or over time.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan. As of December 31, 2017 and 2016, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Central Bank and Trust Company, the trustee. Matrix Trust Company is the custodian as defined by the Plan and Cuna Mutual is the issuer of the group annuity contract. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.
