INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Murad, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Murad, LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company (Matrix Trust) and City National Bank (CNB), the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Matrix Trust held the Plan's investment assets and executed investment transactions for the year ended December 31, 2017, and that CNB held the Plan's investment assets and executed investment transactions for the year ended December 31, 2016. The plan administrator has obtained certifications from the trustees as of December 31, 2017 and 2016 and for the years then ended, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion on the Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Murad, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Murad, LLC (the Employer) for the benefit of its employees who have completed 30 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Employer may make employer match and profit sharing contributions at its discretion. The Employer provided a match of 50% of participants' deferral up to a maximum of $3,000 for the years ended December 31, 2017 and 2016. No profit sharing contributions were provided for the years ended December 31, 2017 and 2016.

Participant investment account options - The Plan currently offers a money market account, a variety of mutual funds, a stable value common collective trust fund, and a guaranteed investment contract as investment options for participants. Participants may also purchase certain investments not offered by the Plan through an individually directed account.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5 or more	100%

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service, retirement, or reaching age 59 ½, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, participant account balances that are less than $5,000 will be automatically distributed as a lump sum. Upon the death of a participant, benefit payments are made to the beneficiary.

Forfeited accounts - At December 31, 2017 and 2016, forfeited nonvested accounts totaled $72,366 and $33,369, respectively. These accounts will be used to reduce future employer contributions. Also, for the years ended December 31, 2017 and 2016, employer contributions were reduced by $17,574 and $34,648 and plan expenses by $2,439 and $10,676, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

(2) Summary of significant accounting policies (continued)

Unit values - Individual participant accounts for the stable value common collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Employer and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping services are allocated to participants' accounts and are also included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, for the year ending December 31, 2017, Matrix Trust Company (Matrix Trust), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

For the year ending December 31, 2016, City National Bank (CNB), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

(3) Information prepared and certified by the trustee (continued)

For the year ended December 31, 2016, CNB certified its assets based on information provided by its sub-custodian, Matrix Trust Company.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market account: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

(4) Fair value measurements (continued)

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the Net Asset Value (NAV) of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage: The investment is a limited partnership in which the fair value is determined by the partnership at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,553,459	$ -	$ -	$ 12,553,459

Money market account	436	-	-	436
Total investments in the fair value hierarchy	$ 12,553,895	$ -	$ 300,240	$ 12,854,135
Investments measured at NAV [(a)]				717,201
Total investments				$ 13,571,336

	Investments as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,367,111	$ -	$ -	$ 11,367,111
Self-directed brokerage	-	-	300,240	300,240
Total investments in the fair value hierarchy	$ 11,367,111	$ -	$ 300,240	$ 11,667,351
Investments measured at NAV [(a)]				583,367
Total investments				$ 12,250,718

(4) Fair value measurements (continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2017:

Balance, beginning of year	$ 300,240
Unrealized gain relating to instruments still held at the reporting date	-
Balance, end of year	$ 300,240
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ -

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2016:

Balance, beginning of year	$ 218,148
Unrealized gain relating to instruments still held at the reporting date	82,092
Balance, end of year	$ 300,240
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 82,092

Gains and losses (realized and unrealized) included in the changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Investments	Fair Value 12/31/2017	Fair Value 12/31/2016	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value common collective trust fund	$ 717,201	$ 583,367	-	Daily	90 days

(5) Common collective trust fund

The Morley Stable Value Fund (the Fund) is a common collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts which are valued at contract value. The Fund is a stable value fund that is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Fund's investment objective is to seek preservation of capital and a competitive level of income over time. To achieve its investment objective, the Fund invests in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into a "wrapper" contract issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with plan participants are probable of occurring. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals.

(6) Guaranteed investment contract with insurance company

In June 2017, the Plan entered into a fully benefit-responsive guaranteed investment contract with American United Life Insurance Company (AUL), parent company of OneAmerica Retirement Services, LLC, the Plan's record-keeper. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting interest rate is reviewed on a daily basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(6) Guaranteed investment contract with insurance company (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meets its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(7) Related party transactions

Matrix Trust is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. OneAmerica Retirement Services, LLC provides the Plan's recordkeeping services and therefore, these transactions qualify as part-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the recordkeeper of $4,923 and $12,968 for the years ended December 31, 2017 and 2016, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA. The Employer pays directly any other fees related to the Plan's operations.

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Tax status

The Internal Revenue Service (IRS) has determined that the Volume Submitter Profit Sharing plan with CODA is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed custodian of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

The Plan has evaluated subsequent events through January 18, 2019, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Important 2017 Form 5500 Schedule C Disclosures

April 2018

Matrix Trust's Role in Assisting Plan Sponsors in Completing Schedule C

Plan sponsors are responsible for completing the annual Form 5500 filing and are tasked with identifying and reviewing the reportable Schedule C compensation paid to plan service providers. The information in this communication is being provided to help in the completion of Schedule C for the Form 5500 filing for the 2017 plan year (which would be filed during 2018).

It is important for TPAs and plan sponsors to understand that Matrix Trust Company ("**Matrix Trust**") can only provide information related to its compensation as a service provider. Matrix Trust can provide activity related to payments made to other service providers only to the extent that the compensation flows through either the trust or a fund service fee account. Investment product disclosures, annual reports and prospectuses (as applicable) should be reviewed for other components of reportable compensation under Schedule C.

Where compensation can be classified as Eligible Indirect Compensation (EIC), Matrix Trust has provided the appropriate disclosures in this document rather than a set dollar amount for each plan, as permitted under guidance issued by the U.S. Department of Labor.

Reporting Requirements

Plan sponsors of retirement plans with over 100 participants must identify persons who indirectly or directly received $5,000 in compensation during the plan year for services rendered to the plan on Schedule C of Form 5500.

Direct Compensation

Direct compensation paid to Matrix Trust by your plan is reported on your account statement or other reports provided by Matrix Trust, for example, a check register. These reports enable you to determine payments made directly from plan assets.

Indirect Compensation

Matrix Trust or an affiliate may have received indirect compensation from sources other than your plan during the past calendar year. Matrix Trust is providing a description of the formula used to calculate or determine indirect compensation so that you can report this compensation as "Eligible Indirect Compensation" paid to Matrix Trust or an affiliate on Schedule C of the Form 5500 for its 2017 plan year, if compensation paid meets the reporting thresholds.

Indirect Compensation may include:

- Fees and expense reimbursement payments from mutual funds, collective investment funds, insurance company pooled separate accounts, and other separately managed accounts in which the fees charged against the fund or account are reflected in the value of the plan's investment (such as sub-transfer agent fees, shareholder servicing fees, and 12b-1 fees);
- Finder's Fees;
- Float earnings;
- Brokerage Commissions

Please see the "Fund Service Fee Collection" section for additional information.

"Float" Earnings

Non-interest bearing general or omnibus accounts are maintained at M&T Bank and JPMorgan Chase Bank, N.A., in order to facilitate transactions of retirement plans. Matrix Trust may receive earnings for the period that the funds are held in these accounts. The earnings credited on these amounts are known as "float". The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame. This compensation varies, but a reasonable estimate based on a blend of rates is from 1.20% to 1.40%.

Float earnings are eligible indirect compensation for Schedule C of Form 5500 purposes and indirect compensation under ERISA Section 408(b)(2). Information with respect to the determination of float earnings is incorporated on page 4 of this document.

Fund Service Fee Services

Depending on your plan's investments during the year, Matrix Trust or MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), an affiliate of Matrix Trust, may facilitate the collection of revenue sharing or other administrative or service payments available from mutual funds or collective investment funds, to the extent any such fees are applicable (the "**Fees**"). The actual dollar amount of the Fees depends upon each fund's revenue sharing or commission recapture program. The amount of the Fees is typically based upon the aggregate net asset value of the funds held by your plan. The amount of available revenue sharing is subject to change at the discretion of the mutual fund company or collective investment fund sponsor.

If applicable, the amount of the Fees will be noted on your plans related fund service fee account statements. In addition, payments to parties other than MSCS Financial or Matrix Trust from the related fund service fee account statement may be reportable as direct or indirect compensation paid to those parties.

Additional Potential Indirect Compensation Related to Certain Brokerage Accounts

Where you and/or your authorized representative(s) have a pre-existing TD Ameritrade Brokerage Account and/or directed Matrix Trust to establish a TD Ameritrade Brokerage Account, after April 11, 2015, TD Ameritrade pays to Matrix Trust indirect compensation for certain services rendered by Matrix Trust, including account reconciliation services, account set-up and maintenance, related money movement of cash between the plan core accounts and brokerage firm for contribution and disbursement activity and the performance of related administrative tasks. For these services, Matrix Trust receives quarterly, in arrears, an amount equal to 1.5 basis points of the value of plan assets in TD Ameritrade brokerage account(s) during such quarter, based on the average of the plan assets held in the brokerage account(s) on the last business day of each month in the applicable quarter.

Completing Schedule C

You will need the following information to complete Schedule C:

Matrix Trust Company 717 17th Street, Suite 1300 Denver, CO 80202 Employer Identification Number: 75-3182674	MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC 717 17th Street, Suite 1300 Denver, CO 80202 Employer Identification Number: 33-1151291

For **Direct Compensation**, you will be required to provide the Matrix Trust address or Employer Identification Number.

For Indirect Compensation, Matrix Trust provided you with a formula so that you can report this arrangement as **Eligible Indirect Compensation**, and you will be required to enter the MSCS Financial and Matrix Trust names and Employer Identification Numbers or addresses.

MATRIX TRUST
FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS

I. ADDITIONAL COMPENSATION ATTRIBUTABLE TO FLOAT

Matrix Trust Company ("**Matrix Trust**) may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as "float." The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust's provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or "omnibus" bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust's services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, M&T Bank, provides all of the banking arrangements described above with the exception of certain disbursement account arrangements provided by JPMorgan Chase Bank, N.A. M&T Bank and JPMorgan Chase Bank, N.A. are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

II. CIRCUMSTANCES AND TIME FRAMES DURING WHICH FLOAT MAY BE EARNED

1. Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan's cash contribution to the plan's Matrix Trust account ("Client Account") on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan's behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A "business day" is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust's receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (i.e. stocks and bonds) generally occurs within three business days.

2. Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

3. Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to

Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

4. Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust do not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

III. RATE ON FLOAT EARNINGS

The rate at which Matrix Trust earn float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame. This compensation varies, but a reasonable estimate based on a blend of rates is from 1.20% to 1.40%.
