The plan administrator changed and the Plan adopted a new plan document that became effective September 1, 2016 and was amended effective July 1, 2017 to modify the Plan's eligibility requirements to include temporary and seasonal employees. The Plan is defined as a contribution retirement plan of the 401(k) and profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees who are at least 18 years of age become eligible for the 401(k) portion of the Plan upon the date of hire. Employees who are at least 18 years of age become eligible to enter into the profit sharing portion of the Plan when they have completed six months of service and are eligible for a profit sharing contribution if they are in an eligible class of employees, are employed on the last day of the Plan year, and have completed 1,000 hours of service in the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The 401(k) and Profit Sharing Plan Committee has retained Merrill Lynch, Pierce, Fenner & Smith, Inc. ("ML") as the administrator of the Plan. Merrill Lynch Consulting Services is the investment advisor for the Plan.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Profit sharing contributions are made at the discretion of the Company incorporating the compensation limits under ERISA. Such contributions are allocated in the same ratio that the participant's compensation bears to the compensation of all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer profit sharing contributions, investment earnings or losses, and rollovers from other qualified plans. Investment earnings or losses are credited based upon each participant's investment selection. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Vesting, continued

Discretionary employer profit sharing contributions, as well as all earnings on these contributions vest according to the following schedule:

Year of Service	Vesting Percentage
0–1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon death, retirement, total and permanent disability, and if the Plan is terminated.

Notes Receivable from Participants

Participants are allowed up to two loans at any time and may borrow from their accounts a minimum of $1,000 up to 50% of the value of their vested account balance, or $50,000, whichever is less. Loan terms range from one to five years, except for loans used to purchase a primary residence, in which case have a maximum term of 15 years. Loans used to purchase a primary residence issued prior to September 1, 2016 must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. The loans are secured by no more than 50% of the balance in the participant's account. Loans beginning January 29, 2013 and later bear interest at prime plus two percent. Loans that began prior to January 29, 2013 bear interest at 130% of Applicable Federal Rates. Interest rates on participant loans ranged from 2.23% to 9.91% as of June 30, 2018 and 2017. Principal and interest are paid through payroll withholding.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer profit sharing contributions, rollovers, and the net earnings thereon in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship or a disability.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the plan administrator. Account values will be determined as of the day the distribution is made. Once requested by the participant (or their beneficiaries), distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment.

Investment Options

Effective September 1, 2016, a participant may direct his or her contributions in percentage increments into a series of investment models offered by the Plan. Participants may change their investment options at any time. Until September 1, 2016, the selection of investments in the Plan was not directed by the participants.

Forfeitures and Workers' Compensation Reimbursement

Forfeitures that occur during the year may be used to offset the plan's administrative costs, reduce employer contributions, or be allocated to participants. In addition, the Company contributes a Workers' Compensation reimbursement, which is deposited into the forfeiture account in the current year and is transferred to participant accounts in the subsequent year. The forfeiture account totaled $855,624 and $946,124, which included a Workers' Compensation reimbursement of $348,198 and $108,333 as of June 30, 2018 and 2017, respectively. Forfeited funds in the amount of $507,426 and a Workers' Compensation contribution of $348,198 were transferred to participant accounts in addition to the profit sharing contribution for the year ended June 30, 2018 and posted on July 31, 2018. Forfeited funds in the amount of $461,417 and a Workers' Compensation contribution of $108,333 were transferred to participant accounts in addition to the profit sharing contribution for the year ended June 30, 2017 and posted on July 27, 2017. Forfeited funds in the amount of $376,374 were used to offset employer contributions for the year ended June 30, 2017.

2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

2. Summary of Significant Accounting Policies, continued

Recognition of Benefit Payments

Benefits are recorded when paid.

Expenses

The Plan paid certain administrative expenses relating to the maintenance of the Plan's records incurred by the Plan. Other expenses related to the Plan such as audit fees are paid by the Company.

Reclassifications

Certain reclassifications have been made to the prior year's balances in order to conform to the presentation in the current year. Such reclassifications had no effect on total net assets available for benefits.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

3. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017:

Money market funds: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2018 and 2017:

	Assets at Fair Value as of June 30, 2018			
	Level 1	Level 2	Level 3	Total

The Plan had no significant transfers between Level 1 or Level 2 for the years ended June 30, 2018 and 2017.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

4. Information Prepared and Certified by Trustees (unaudited)

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified as complete and accurate by the trustees as of and for the years ended June 30, 2018 and 2017:

	2018	2017
Investments, at fair value	$ 245,071,006	$ 221,761,834
Notes receivable from participants	$ 4,957,236	$ 4,388,556

Other income	$ 254,477	$ 152,522
Interest on notes receivable from participants	$ 246,374	$ 168,081

5. Party-in-Interest and Related-Party Transactions

The Retirement Bank Account and Merrill Lynch Bank Deposit Program accounts are managed by Bank of America, N.A. The balance totaling $3,630,499 as of June 30 2017 is included in the money market fund total in Note 3. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

6. Tax Status

The Plan uses a prototype plan document sponsored by ML. ML received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, distributions will be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

9. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through January 14, 2019, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since June 30, 2018 that requires recognition or disclosure in such financial statements.
