INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan Administrator of the
Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying financial statements of Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Information

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – Restatement of the Financial Statements

As described in Note 10, the Plan has discovered that previously issued financial statements included certain errors related to the amount of employer matching contributions made to the plan for the year ended December 31, 2016 and the fair value measurement classification of the common collective trust investment held by the plan at December 31, 2016. The errors in the amount of the employer matching contributions, as well as the change in fair value measurement classification of certain investments, required restatement of previously issued financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Mid Atlantic Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF PLAN

The Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") was originally established on January 1, 2007, and was designed to reward eligible employees for long and loyal service by providing them with retirement benefits.

The Plan was amended and restated to comply with the Pension Protection Act (PPA) and the Heroes Earnings Assistance and Relief Tax Act (Heart Act) of 2008. Additionally, the Plan was amended effective January 1, 2015.

The following description of the Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Monterey SD Partners, Inc., ("the Company") who are age eighteen (18) years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Internal Revenue Service has approved the Plan.

The Plan's third party recordkeeping, reporting and other administrative services are rendered by Paychex Retirement Services.

Eligibility

Each employee who is at least eighteen (18) years of age shall become eligible to participate. There is no eligibility service required for elective deferrals and matching contributions. For employer profit sharing contributions, one year of eligibility service (1,000 hours of service) is required.

Contributions

Each year a participant may contribute through elective deferrals up to 96% of pretax annual compensation as defined in the Plan, subject to the individual and average limits set by federal tax laws. Additionally, a participant may also designate all or a portion of the elective deferral contributions as Roth elective deferral contributions instead of pre-tax elective deferral contributions. Roth elective deferral contributions do not reduce total taxable income and do not reduce participant's current taxes.

Effective January 1, 2015, in accordance with the Plan's safe harbor provisions, the Company makes matching contributions to the individual account of each eligible employee equal to 100 percent of the amount the employee's elective deferrals that do not exceed three percent of the employee's compensation for the Plan year, plus 50 percent of the amount of the employee's elective deferrals that exceed three percent of the employee's compensation but do not exceed five percent of the employee's compensation. Additional profit sharing amounts may be contributed at the Company's option. During the year ended December 31, 2016 and 2015, the Company did not make any profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

A participant's account is credited with the participant's contributions and Company matching contributions, as well as allocation of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions and employer matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested in the Company's profit sharing contribution after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms can be up to five years (or longer for the purchase of a primary residence). The notes are secured by the vested balance in the participant's account and will be charged a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions. As of December 31, 2016, there were no outstanding notes receivable from participants.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. "Hardship" distributions are not permitted by the Plan. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. Benefits under the Plan shall be distributed solely from the assets of the Trust.

Forfeitures

A forfeiture is created when a participant terminates employment before becoming entitled to his full benefits under the Plan. As per Plan provisions, forfeitures may be used to reduce future employer contributions. As of December 31, 2016 and 2015, there is no balance in the forfeiture account, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or December 31, 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016, with early adoption permitted.

In July 2015, FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month end closest to its fiscal year-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and Parts I and II are to be applied retrospectively.

Plan management elected to early adopt the applicable ASUs and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31, 2016	December 31, 2015
Investment with registered investment companies	$ 735,345	$ 550,316
Interest from investments:		
Dividends from Investments	$ 7,056	
Net appreciation in fair value of assets	26,462	
	$ 33,518	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2016 and 2015. During the year ended December 31, 2016, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

Common Collective Trust - The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25157, Class 68), a common/collective trust (CCT) is based on net asset value (NAV) per share, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund

will sell the investment for an amount different from the reported NAV. The CCT invests in the MetLife Group Annuity Contracts 25157, which consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant NAV. The CCT provides for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds:	$ 297,092	$ -	$ -	$ 297,092
Total assets at fair value	297,092	-	-	297,092
Investments measured at NAV (a)	-	438,253	-	438,253
	$ 297,092	$ 438,253	$ -	$ 735,345

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds:	$ 199,378	-	-	$ 199,378
Total assets at fair value	199,378	-	-	199,378
Investments measured at NAV (a)	-	350,810	-	350,810
Total assets at fair value	$ 199,378	$ 350,810	$ -	$ 550,188

(a) In accordance with Subtopic 820-10, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in administrative fees.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PARTICIPATING RELATED COMPANIES

The Plan is a single-employer plan, not collectively-bargained, and includes the following participating related companies:

Acacia Gasoline and Car Wash, LP
Les June, LP
Monterey SD Partners, Inc.
Eastlake Petroleum, LP
Encinitas Promenade Gas and Oil
4S Ranch Gasoline and Car Wash
Pico Rivera Gasoline and Car Wash, LP
Carlsbad Gas and Car Wash, Inc.

NOTE 10 - RESTATEMENT OF FINANCIAL STATEMENTS

The Plan has discovered that previously issued financial statements included certain errors in the calculation related to the amount of employer matching contributions made to certain employees during the year ended December 31, 2016. The calculation errors in the amount of employer matching contributions required restatement of previously issued financial statements for the year ended December 31, 2016 as noted below:

	December 31, 2016	
	As previously stated	As restated
Excess employer match contributions payable	$ -	$ 19,568
Employer matching contributions	$ 64,530	$ 44,962

Additionally, in Note 4, the fair value measurement classification of the common collective trust was changed from a level 1 investment measured within the fair value hierarchy to an asset valued based on the net asset value (NAV) practical expedient.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2017 except for Note 4 and Note 10, as to which the date is January 14, 2019 the date the financial statements were available to be issued, and deemed that all necessary disclosures have been included.

INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan Administrator of the
Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying financial statements of Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Information

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – Restatement of the Financial Statements

As described in Note 10, the Plan has discovered that previously issued financial statements included certain errors related to the amount of employer matching contributions made to the plan for the year ended December 31, 2016 and the fair value measurement classification of the common collective trust investment held by the plan at December 31, 2016. The errors in the amount of the employer matching contributions, as well as the change in fair value measurement classification of certain investments, required restatement of previously issued financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Mid Atlantic Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF PLAN

The Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") was originally established on January 1, 2007, and was designed to reward eligible employees for long and loyal service by providing them with retirement benefits.

The Plan was amended and restated to comply with the Pension Protection Act (PPA) and the Heroes Earnings Assistance and Relief Tax Act (Heart Act) of 2008. Additionally, the Plan was amended effective January 1, 2015.

The following description of the Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Monterey SD Partners, Inc., ("the Company") who are age eighteen (18) years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Internal Revenue Service has approved the Plan.

The Plan's third party recordkeeping, reporting and other administrative services are rendered by Paychex Retirement Services.

Eligibility

Each employee who is at least eighteen (18) years of age shall become eligible to participate. There is no eligibility service required for elective deferrals and matching contributions. For employer profit sharing contributions, one year of eligibility service (1,000 hours of service) is required.

Contributions

Each year a participant may contribute through elective deferrals up to 96% of pretax annual compensation as defined in the Plan, subject to the individual and average limits set by federal tax laws. Additionally, a participant may also designate all or a portion of the elective deferral contributions as Roth elective deferral contributions instead of pre-tax elective deferral contributions. Roth elective deferral contributions do not reduce total taxable income and do not reduce participant's current taxes.

Effective January 1, 2015, in accordance with the Plan's safe harbor provisions, the Company makes matching contributions to the individual account of each eligible employee equal to 100 percent of the amount the employee's elective deferrals that do not exceed three percent of the employee's compensation for the Plan year, plus 50 percent of the amount of the employee's elective deferrals that exceed three percent of the employee's compensation but do not exceed five percent of the employee's compensation. Additional profit sharing amounts may be contributed at the Company's option. During the year ended December 31, 2016 and 2015, the Company did not make any profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

A participant's account is credited with the participant's contributions and Company matching contributions, as well as allocation of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions and employer matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested in the Company's profit sharing contribution after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms can be up to five years (or longer for the purchase of a primary residence). The notes are secured by the vested balance in the participant's account and will be charged a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions. As of December 31, 2016, there were no outstanding notes receivable from participants.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. "Hardship" distributions are not permitted by the Plan. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. Benefits under the Plan shall be distributed solely from the assets of the Trust.

Forfeitures

A forfeiture is created when a participant terminates employment before becoming entitled to his full benefits under the Plan. As per Plan provisions, forfeitures may be used to reduce future employer contributions. As of December 31, 2016 and 2015, there is no balance in the forfeiture account, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or December 31, 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016, with early adoption permitted.

In July 2015, FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month end closest to its fiscal year-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and Parts I and II are to be applied retrospectively.

Plan management elected to early adopt the applicable ASUs and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31, 2016	December 31, 2015
Investment with registered investment companies	$ 735,345	$ 550,316
Interest from investments:		
Dividends from Investments	$ 7,056	
Net appreciation in fair value of assets	26,462	
	$ 33,518	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2016 and 2015. During the year ended December 31, 2016, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

Common Collective Trust - The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25157, Class 68), a common/collective trust (CCT) is based on net asset value (NAV) per share, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund

will sell the investment for an amount different from the reported NAV. The CCT invests in the MetLife Group Annuity Contracts 25157, which consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant NAV. The CCT provides for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds:	$ 297,092	$ -	$ -	$ 297,092
Total assets at fair value	297,092	-	-	297,092
Investments measured at NAV (a)	-	438,253	-	438,253
	$ 297,092	$ 438,253	$ -	$ 735,345

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds:	$ 199,378	-	-	$ 199,378
Total assets at fair value	199,378	-	-	199,378
Investments measured at NAV (a)	-	350,810	-	350,810
Total assets at fair value	$ 199,378	$ 350,810	$ -	$ 550,188

(a) In accordance with Subtopic 820-10, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in administrative fees.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PARTICIPATING RELATED COMPANIES

The Plan is a single-employer plan, not collectively-bargained, and includes the following participating related companies:

Acacia Gasoline and Car Wash, LP
Les June, LP
Monterey SD Partners, Inc.
Eastlake Petroleum, LP
Encinitas Promenade Gas and Oil
4S Ranch Gasoline and Car Wash
Pico Rivera Gasoline and Car Wash, LP
Carlsbad Gas and Car Wash, Inc.

NOTE 10 - RESTATEMENT OF FINANCIAL STATEMENTS

The Plan has discovered that previously issued financial statements included certain errors in the calculation related to the amount of employer matching contributions made to certain employees during the year ended December 31, 2016. The calculation errors in the amount of employer matching contributions required restatement of previously issued financial statements for the year ended December 31, 2016 as noted below:

	December 31, 2016	
	As previously stated	As restated
Excess employer match contributions payable	$ -	$ 19,568
Employer matching contributions	$ 64,530	$ 44,962

Additionally, in Note 4, the fair value measurement classification of the common collective trust was changed from a level 1 investment measured within the fair value hierarchy to an asset valued based on the net asset value (NAV) practical expedient.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2017 except for Note 4 and Note 10, as to which the date is January 14, 2019 the date the financial statements were available to be issued, and deemed that all necessary disclosures have been included.
