IMC Companies 401(k) & Investment Plan
Notes to the Financial Statements
April 30, 2018 and 2017

A. PLAN DESCRIPTION

The following description of the IMC Companies 401(k) & Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan with an Internal Revenue Code (“IRC”) Section 401(k) arrangement which allows participants to defer current taxation on a portion of their salaries by electing a percentage of their salary to be contributed to the Plan. The Plan covers substantially all employees of Industrial Manufacturing Company, LLC (collectively known as the “Company” or “Plan Sponsor”) and its subsidiaries and affiliates (Arrowhead Products Corporation, Bijur Delimon International, Inc., Cleveland Gear Company, Inc., Columbia Gear Corporation, Flexider USA Corporation, Hellan Strainer Company, Industrial Manufacturing Company International, LLC, Penco Products, Inc., Schmidt Structural Products, Inc., and Summa Holdings, Inc), who are not covered by certain collective bargaining agreements (unless specifically permitted by the individual entity) (through April 30, 2017) or is not a leased employee (effective May 1, 2017). Each entity within the Company can determine its own service, vesting, and discretionary contribution requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan’s Administrator.

The Plan was restated effective May 1, 2017 as part of the change in trustee and custodian from Wells Fargo to Charles Schwab.

Contributions - Effective May 1, 2017, participants may make voluntary pre-tax or post-tax (“Roth”) contributions up to 90% of eligible compensation, as defined by the Plan, subject to the maximum permitted by the Internal Revenue Service (“IRS”). Prior to May 1, 2017, participants were permitted to make voluntary pre-tax or Roth contributions up to 100% of eligible compensation. The Company may make discretionary matching contributions or other non-elective contributions on behalf of the entities. Eligible participants of certain participating entities must be employed on the last day of the Plan year to receive the discretionary matching and other non-elective contributions.

The participating entities approved discretionary matching contributions related to the Plan year ended April 30, 2018, ranging from 15% of the first 10% of participants’ pre-tax contributions to 50% of the first 8% of participants’ pre-tax contributions. No other contributions were made by the entities for the year ended April 30, 2018.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s contributions, employer contributions, and Plan earnings. Participant accounts are charged an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants may direct their contributions to any or all of the investment options provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon.

Participants vest in Company contributions and earnings or losses thereon based on a three-year or four-year graded vesting schedule, as defined specifically for each entity covered by the Plan. Participants who terminate employment due to retirement, disability, or death will be immediately fully vested in Company contributions.

Notes to the Financial Statements
April 30, 2018 and 2017

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance reduced by any outstanding loan balance, whichever is less. Loan terms range from one to five years unless used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is taken based on prime. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, a participant may elect to receive either a lump sum distribution equal to his or her account balance or periodic installments over a period not to exceed the participant's remaining life expectancy at the time payments begin. If the participant's account balance is between \$1,000 and \$5,000, the Plan Administrator may make an automatic rollover of the vested account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan Administrator directs the trustee to make a lump sum distribution. Participants terminated for reasons other than death, disability, or retirement, are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's vested account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeitures - Unvested amounts forfeited by terminated participants may be used by the Plan for payment of Plan expenses or may be allocated to participants as non-elective contributions. Any remaining forfeitures attributable to matching contributions will be used to reduce employer matching contributions. During the year ended April 30, 2018, \$65,413 of forfeitures were used to pay Plan expenses.

Subsequent Events - Subsequent events have been evaluated through January 23, 2019, which is the date that the Plan's financial statements were available to be issued.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of April 30, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Notes to the Financial Statements
April 30, 2018 and 2017

Administrative Expenses - Administrative expenses consisting of custodian fees are paid by the Plan. All other expenses of maintaining the Plan, including third party administration fees and investment advisory fees, are paid by the Company. Investment related expenses are included in net appreciation of fair value of investments.

C. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Charles Schwab and Wells Fargo, the current and former custodians.

Wells Fargo has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of April 30, 2017. Charles Schwab has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of April 30, 2018, and for the year ended April 30, 2018.

Charles Schwab has certified as to the completeness and accuracy of the schedule of assets (held at end of year) for the year ended April 30, 2018.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") guidance in these financial statements are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

IMC Companies 401(k) & Investment Plan
Notes to the Financial Statements
April 30, 2018 and 2017

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust ("CCT"): The fair value of the CCT is estimated based on the NAV derived from the fair value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2018 and 2017:

E. EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions needing to be returned due to failed non-discrimination testing as promulgated by the IRC and the earnings thereon are recorded as a liability with a corresponding reduction to contributions and earnings. The Plan distributed the excess contributions to the applicable participants in July 2018.

F. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Charles Schwab, the custodian of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

Charles Schwab provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and Charles Schwab. Charles Schwab receives revenue from mutual fund service providers for services Charles Schwab provides to the funds. This revenue is used to offset certain amounts owed to Charles Schwab for its administrative services to the Plan.

If the revenue received by Charles Schwab from such mutual fund service providers exceeds the amount owed under the SA, Charles Schwab remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or in the event that the excess exceeds the Plan administrative expenses, the amounts may be allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Charles Schwab. for administrative expenses not covered by revenue sharing.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant would have a non-forfeitable right to his or her total account balance as of the date of termination.

H. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the prototype sponsor by a letter dated June 19, 2014, that the document is designed in accordance with applicable sections of the IRC. Although the Plan has not obtained a determination letter, the Company and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

IMC Companies 401(k) & Investment Plan
Notes to the Financial Statements
April 30, 2018 and 2017

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
