1. DESCRIPTION OF PLAN:

The following description of the York Affiliated Companies 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of CareWorks of Ohio Ltd. and affiliated adopting companies (collectively, the Employer) who have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2017, the Plan was amended and the Plan was renamed from the CareWorks Family of Companies 401(k) Plan and Trust to the York Affiliated Companies 401(k) Plan and Trust. The amendment also changed certain provisions, as noted in Note 1.

Effective April 3, 2018, the Employer approved a Plan merger with York Retirement Savings Plan, and eligible employees immediately began participating in the York Retirement Savings Plan. All Plan assets were transferred to the York Retirement Savings Plan as of April 3, 2018.

Contributions

Eligible participants may elect to have a minimum of 1% up to a maximum of 75% of eligible compensation, as defined by the Plan, withheld from their pay as a contribution to the Plan each pay period throughout the year, subject to annual contribution limitations set by law. The participants' elective deferrals are not taxed as compensation in the year of deferral. Effective January 1, 2017, newly eligible participants are automatically enrolled at 2% of eligible compensation if the Plan administrator does not receive a signed enrollment form electing a different percentage or a signed form where the participant declines participation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who reach age 50 may elect to make catch-up contributions.

The Employer may elect to make discretionary matching and discretionary profit sharing contributions. Participant must have one year of credited service, as defined, to be eligible for Employer contributions. During 2018 and 2017, the Employer matched a rate of 50% of the employee's contribution, subject to a maximum employee contribution amount for match calculation purposes of 6% of employee eligible compensation. There was no discretionary profit sharing contribution for 2018 or 2017.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Employer's contribution and Plan earnings or losses thereon. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. The Plan's investments are participant-directed.

Vesting

Participants are immediately vested in their elective contributions. After three years of credited service, participants are fully vested in discretionary matching and profit sharing contributions.

Payment of benefits

Upon termination of service, death, disability, or retirement, a participant (or beneficiary, if applicable) may receive a lump-sum amount equal to the vested value of his or her account. A participant may also receive the vested value of his or her account upon attainment of age 59 ½ or in the event of hardship, as defined by the Plan.

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of participant notes receivable, distributions, or other transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Participant notes receivable

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Note terms range from one year to five years (or longer for the purchase of a primary residence) and a participant may only have two outstanding notes at a time. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator at the time of granting the participant note. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts

Forfeited nonvested accounts may be used to pay Plan administrative expenses or to reduce future Employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits

Benefits are recognized when paid.

Participant notes receivable

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through February 4, 2019, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements as of April 3, 2018 and December 31, 2017 and for the period ended April 3, 2018 and the year ended December 31, 2017 was obtained from data that has been prepared and certified to as complete and accurate by Nationwide Trust Company, FSB, the custodian of the Plan:

Investments
Net appreciation (depreciation) in fair value of investments
Interest and dividend income

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017.

- *Mutual funds:* Valued at the net asset value of shares held by the Plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- *Self-directed brokerage account:* Valued at observable market quotations for identical assets and are priced on a daily basis. The account primarily holds common stocks, mutual funds and a money market fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

Assets at Fair Value at December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 70,259,964	\$ -	\$ -	\$ 70,259,964
Self-directed brokerage account	<u>81,087</u>	<u>-</u>	<u>-</u>	<u>81,087</u>
	\$ <u>70,341,051</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>70,341,051</u>

5. FORFEITED ACCOUNTS:

Forfeited nonvested accounts were \$0 and \$54 at April 3, 2018 and December 31, 2017, respectively. During the period ended April 3, 2018 and the year ended December 31, 2017, \$5,392 and \$25,887, respectively, of forfeitures were used to reduce Employer discretionary matching contributions.

6. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

7. TAX STATUS:

The Employer adopted a prototype plan which obtained its latest opinion letter on March 31, 2014. In that opinion letter, the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by Nationwide Trust Company, FSB, the custodian of the Plan. Therefore, transactions involving these investment contracts qualify as party-in-interest transactions.
