NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of Pinnacle PEO Corporation 401(k) Plan (the "Plan") are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Income Recognition: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds (registered investment companies) are carried at fair market value (net asset value), as determined by quoted prices in an active market. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are included the net appreciation (depreciation) in the fair value of assets in the statement of changes in net assets available for plan benefits.

Investments in guaranteed interest contracts (a common collective trust) are carried at contract value which represents net contributions plus interest at the contract rate. The contracts are fully benefit responsive.

Participants' Notes Receivable: Participants' notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. If a participant ceases to make a loan payment and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Benefit Payments: Benefit payments are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Other related expenses, consisting primarily of recordkeeping, administration fees, and custodian fees are paid for by the Plan are included in administration expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Concentration of Credit Risk: Concentration of credit risk with respect to mutual fund is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of the financial statements in conformity with U. S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - DESCRIPTION OF THE PLAN

The following description of the Pinnacle PEO Corporation 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Pinnacle PEO Corporation (the "Company"), a professional employer organization ("PEO"). A PEO provides a comprehensive, bundled outsourcing solution, including payroll, human resources, benefits, and workers' compensation to its clients. To reflect the co-employment relationship among the Company and its adopting affiliated companies, the Company deemed it advisable and in the best interests of the employees that the Plan qualify as a multiple employer plan. Employers in a multiple employer plan may have different benefit formulas for their participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer.

Eligible employees of the Company and its adopting affiliated companies may enter the Plan on various entry dates coinciding with or following the date on which those employees meet the eligibility requirements as outlined within their respective employer adoption agreements. The Plan covers employees of participating employers, except union employees (unless otherwise agreed to by the union and the Company) and nonresident aliens who receive no earned income constituting U.S. source income, from the Company. Entry dates can be immediately upon employment, monthly, quarterly, or semi-annually. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may make contributions from their pretax annual compensation, as defined in the Plan document, not to exceed annual limitations specified in the Internal Revenue Code (the "Code"). Participants may also make Roth 401(k) deferrals if the participating employer has elected this option in the employer's adoption agreement with the Plan. Participant contributions are recorded in the year in which the employer makes payroll deductions from the participant's earnings. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions to various investment options offered by the Plan.

An employer, at its discretion, may make matching contributions equal to a specified percentage of the amount of employee contributions made by the Plan's participants, and/or may elect in the adoption agreement to make safe harbor contributions intended to meet the requirements of Section 401(k)(12) of the Code. If an employer has elected to make a safe harbor contribution, the employer shall provide each participant with written notice of the participant's rights and obligations under the Plan. Employer contributions are recorded in the year for which the contribution applies.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the respective employer's contributions and (b) Plan earnings and (c) charged with an allocation of investment related expenses that are paid by the Plan. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions and any safe harbor matching contributions made by their employer, plus actual earnings thereon. Other employer contributions made on behalf of participants, and earnings thereon, vest in accordance with the schedule specified in each employer's adoption agreement.

NOTE B - DESCRIPTION OF THE PLAN-continued

Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant may receive distributions from the Plan in an amount equal to the vested value in the participant's account. These distributions may be in the form of a lump sum payment, a rollover into another qualified plan or individual retirement account, or in annual installments subject to the required minimum distribution rules. Participants who attain the age of 59 ½ years may apply for an in-service distribution of any portion of his or her vested balance. Additionally, a participant may receive a "hardship" distribution from the Plan if qualifying under provisions prescribed by the Internal Revenue Service. Hardship distributions are made in the form of one lump sum payment.

Forfeitures: The forfeiture balance totaled $20,550 at December 31, 2016 and $17,639 at December 31, 2015. The Plan allows for the forfeiture balance to reduce future employer contributions and pay the expenses of the Plan.

Termination of Plan: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested.

Participants Notes Receivable: Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the vested balance in the participant's account, and bear interest rates as determined by the Plan Administrator. Principal and interest are repaid through salary reductions each pay period according to an amortization schedule based on the life of the note.

Fidelity Bond: The Plan was not covered by a fidelity bond for the years ending December 31, 2016 and 2015. A fidelity bond is required by ERISA.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments and participants' notes receivable at December 31, 2016 and 2015 and the related investment earnings and interest on participants' notes for the years then ended, were certified and held by Reliance Trust Company and State Street Bank and Trust Company, the trustees, respectively, and were not audited by the independent auditor.

NOTE D – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by the trustee, therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates and, if paid by the Plan Sponsor, are excluded from these financial statements. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE E – INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is not subject to tax. The Plan has been amended since it determination; however, the Plan's administrator believes it is operating in accordance with applicable IRC regulations. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE F - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The mutual funds included in pooled separate accounts are reported as Level 2 investments. There have been no changes in methodologies used to estimate fair value. Following is a description of the valuation methodologies used for various types of investments measured at fair value:

Mutual Funds: Valued at the net asset value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
December 31, 2016:				
Mutual funds - pooled accounts	$ -	$ 710,351	$ -	$ 710,351
Investments, at fair value	$ -	$ 710,351	$ -	$ 710,351
December 31, 2015:				
Mutual funds - pooled accounts	$ -	$ 610,216	$ -	$ 610,216
Investments, at fair value	$ -	$ 610,216	$ -	$ 610,216

NOTE G – GUARANTEED INTEREST CONTRACT

The Plan has a fully benefit-responsive guaranteed interest contract with MassMutual with a contract value of $129,876 at December 31, 2016 and $135,994 at December 31, 2015. MassMutual maintains the Plan contributions in this investment in a general account. MassMutual is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the plan. Accordingly, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. For example, premature termination of the contracts by the Plan, Plan termination, bankruptcy, mergers, and failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any event which would limit the Plan's ability to transact at contract value with participants is probable of occurring.
