INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Paradise Chevrolet Cadillac 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Paradise Chevrolet Cadillac 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which is certified by Principal Life Insurance Company and Principal Trust Company (collectively, the Custodians), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the Custodians as of December 31, 2016 and for the year then ended, that the information provided to the Plan administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matters

The statement of net assets available for benefits as of December 31, 2015, as derived from unaudited financial statements, has been included for presentation purposes only and we did not audit or review this statement and accordingly, do not express an opinion on this statement. The Plan did not require an audit prior to the year ended December 31, 2016.

The supplemental schedule of assets (held at end of year) as of December 31, 2016 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2016 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – PLAN DESCRIPTION

The following description of the Paradise Chevrolet Cadillac 401(k) Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan which was established on October 1, 1998 and most recently restated on October 1, 2015. The Plan is sponsored by Paradise Chevrolet Cadillac (the Company). Generally, employees of the Company and an affiliated company who have reached the age of 21 and have completed one year and 1,000 hours of service are eligible to participate in the Plan. Employees may enter the Plan immediately upon which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company. Among other duties, it is the responsibility of the administrator to interpret the Plan, decide on questions of eligibility, determine the amount and manner of benefit payments and maintain administrative records of the Plan. All Plan assets as of December 31, 2016 were held by Principal Life Insurance Company and Principal Trust Company (collectively, the Custodians).

Trustee

The trustee of the Plan is the Company. The primary duties of the trustee are to authorize investments and monitor payment of contributions and benefits as directed by the Plan administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company or affiliate's contribution, when applicable, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants – The Plan permits each participant, at the participant's option, to elect to contribute a dollar amount or a percentage of annual pre-tax compensation as a basic contribution or after-tax compensation as a Roth contribution, not to exceed the Internal Revenue Service (IRS) limitations. For the year ended December 31, 2016, the maximum pretax and Roth salary deferrals were limited to $18,000 and $5,500, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common/collective trusts, pooled separate accounts and a group annuity contract as investment options for participants. Participants are fully vested immediately in their contributions plus actual earnings thereon.

Employer – The Company may make matching and profit-sharing contributions, at the discretion of the Company. No matching or profit-sharing contributions were made during the year ended December 31, 2016. In order for a participant to share in employer contributions, the participant must have been employed on the last day of the Plan year. Total contributions for each participant are subject to certain IRS limitations. Employer matching and profit-sharing contributions vest according to the following schedule:

Years of Service	Vesting %
1 year	10
2 years	20
3 years	40
4 years	60
5 years	80
6 years or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time of borrowing, as determined by the Plan administrator. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Participants may receive distributions from their accounts upon attainment of age 59½, retirement as a result of disability, incurrence of a financial hardship (as defined), termination of their employment with the Company, death, or termination of the Plan. The participant may elect to receive a lump-sum amount equal to the vested value of the participant's account balance or the participant's vested balance paid out in installments. For eligible participants receiving a required minimum distribution, the vested balance will be paid out in installments over a period not to exceed the participant's assumed life expectancy.

Corrective Distributions

Corrective distributions paid during the year ended December 31, 2016 due to failure of certain 2015 compliance tests amounted to $38,676. In March 2017, corrective distributions of $39,742 were paid to participants due to the failure of certain 2016 compliance tests.

Forfeitures

Forfeitures are created when a participant terminates employment before becoming entitled to 100 percent of the amounts derived from the Company's contributions. Amounts forfeited are used to fund administrative expenses or future Company contributions. During the year ended December 31, 2016, no forfeitures were used to reduce employer contributions or pay Plan administrative expense and as of December 31, 2016, there were no forfeited amounts available for future utilization by the Plan.

Plan Termination

Although the Company has not expressed any intent to discontinue the Plan, the Company may do so at any time subject to provisions of ERISA. In the event of termination, participants will become fully vested in their Company contributions, and assets of the Plan will be allocated to all participants and distributed in lump sum payments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting. Contributions by the employees (participants) and the employer are recognized in the period the participants' wages are earned (accrual method of accounting), but withdrawals from the Plan for employee distributions are recognized when amounts are paid to the participants (cash basis of accounting), except for cases where refunds are due to participants in order for the Plan to conform to Internal Revenue Code provisions. Therefore, these financial statements are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined by the Custodians, except for the fully-benefit responsive investment with Principal Life Insurance Company (Principal Life). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net increase in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. No allowances for credit losses have been recorded as of December 31, 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Plan investments are subject to certain investment fees based on a percentage of invested assets. Such fees are included within the net increase in fair value of underlying investments in the accompanying statement of changes in net assets available for benefits. Fees incurred for the administration of the Plan and participant requested services are reflected as administrative expenses on the accompanying statement of changes in net assets available for benefits. The Plan pays the majority of its administrative expenses.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through the date of the auditors' report, January 29, 2019, which is the date the accompanying financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Financial Accounting Standards Board's *Accounting Standards Codification (ASC) 820* are described as follows:

a. Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

b. Level 2 Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

c. Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies during the year ended December 31, 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of units of pooled separate accounts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sold) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 160,162	$ -	$ -	$ 160,162
Total assets in the fair value hierachy	160,162	-	-	160,162
Common/collective trusts (a)	-	-	-	1,367,263
Pooled separate accounts (a)	-	-	-	17,835
Total investments at fair value	$ 160,162	$ -	$ -	$ 1,545,260

(a) In accordance with *ASC 820*, investments that were measured at NAV per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts	$ 1,367,263	n/a	Daily	1 Day
Pooled separate accounts	$ 17,835	n/a	Daily	1 Day

NOTE 4 – TRUST CERTIFICATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the Custodians, which has certified that the following data included in the accompanying financial statements and supplemental Schedule I are complete and accurate:

a. Fair value of mutual funds, pooled separate accounts and common/collective trusts, contract value of the group annuity contract and notes receivable from participants as shown in the statement of net assets available for benefits as of December 31, 2016.

b. Investment and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

c. The schedule of assets (held at end of year) as of December 31, 2016, as shown on Schedule I.

NOTE 5 – GROUP ANNUITY CONTRACT WITH PRINCIPAL LIFE

The Plan has entered into a fully benefit-responsive group annuity contract (Principal Fixed Income Guaranteed Option) with Principal Life. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate.

As discussed in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer or all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than one percent or more than three percent. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodians, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net increase in fair value of the investments. During the year ended December 31, 2016, the Plan paid fees of $4,374 to Principal Life for administration services, which have been included within administrative expenses on the accompanying statement of changes in net assets available for benefits.

NOTE 7 – TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been restated since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – NON-EXEMPT PROHIBITED TRANSACTION

During the year ended December 31, 2016, the Company inadvertently failed to deposit $8,925 in employee contributions within the timeframe required by the DOL. These amounts were deposited beyond the earliest expected date on which assets could be segregated from the Company's assets. The DOL considers late deposits to be prohibited transactions. The Company remitted the lost interest for these late deposits to the Plan during the year ended December 31, 2018.
