General

The Plan is a defined contribution plan covering all employees, regardless of hours and/or years of service, of Emergency Medicine Associates, P.A. (the “Company” or “EMA”), an Alteon Health Managed Company (Alteon). EMA entered into a management services agreement with Alteon effective May 15, 2017. Senior management and the board of directors of the Company controlled and managed the operation and administration of the Plan through May 15, 2017. Effective with the management services agreement, the plan oversight is performed by the Alteon Retirement Plan Committee. Charles Schwab Bank (“Schwab”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Eligible employees can elect to contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Participant salary deferrals may be traditional 401(k) (pre-tax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Under the profit sharing part of the Plan, each Plan year the Company board of directors will determine the amount of the profit sharing contribution, if any, for that year. Employees completing two years of service are eligible to participate in the profit sharing portion of the Plan. Employer contributions are allocated as defined in the Plan document. For the year ended December 31, 2017, the Company recorded a \$4,689,275 profit sharing contribution to the Plan. On August 10, 2018, \$4,005,865 of the profit sharing contribution was funded. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a self-directed brokerage account as investment options for participants. Through the self-directed brokerage option, participants are able to invest in a variety of securities including stocks, bonds, mutual funds and government securities in accordance with the Plan document. Participants can change their investment allocations daily.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings (losses), and charged with benefit payments and transaction fees related to notes receivable from participants, distributions and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately and fully vested in all parts of their accounts.

Emergency Services 401(k) Profit Sharing Plan
Notes to Financial Statements

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1.00%.

At December 31, 2017, outstanding loans bore interest rates of 4.25% to 5.50%. Principal and interest is paid in accordance with Plan document requirements through bi-weekly payroll deductions.

Payment of benefits

Upon termination of service, participants whose vested accounts do not exceed \$1,000 will receive a lump sum distribution as soon as practicable, while others may elect to withdraw balances or postpone payment until their normal retirement date. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship or after the participants reach the age of 59½ years.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee (see Note 3). Life insurance held by the Plan is valued at the respective policies' cash surrender values.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Notes to Financial Statements

Subsequent events

The Plan has evaluated subsequent events through January 29, 2019, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets;
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable;
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy.

There have been no changes in methodology used between December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Self-directed brokerage accounts

Accounts primarily consist of stocks, bonds, mutual funds and government securities that are valued on the basis of readily determinable market prices.

The following tables, set forth by level within the fair value hierarchy, represent the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 59,214,332	\$ -	\$ -	\$ 59,214,332

Emergency Services 401(k) Profit Sharing Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The life insurance policies held by the Plan are excluded from the fair value hierarchy as they are valued at the respective policies' cash surrender values.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following information as of December 31, 2017 and 2016 and for the year ended December 31, 2017 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2017</u>	<u>2016</u>
Investments at fair value	<u>\$ 125,666,718</u>	<u>\$ 100,537,204</u>
Notes receivable from participants	<u>\$ 731,611</u>	<u>\$ 714,471</u>
Net appreciation in fair value of investments	<u>\$ 13,350,787</u>	
Interest and dividends	<u>\$ 3,148,416</u>	
Interest income on notes receivable from participants	<u>\$ 31,942</u>	

5. Exempt Party-In-Interest Transactions

Expenses related to individual participant investment accounts are charged to the respective participants, in addition to their share of any other expenses that are properly chargeable to the Plan. The amount paid to Schwab, the trustee to the Plan, was \$45,074 for the year ended December 31, 2017. Additionally, the Plan engages West Financial Services ("West") as an investment advisor. The amount paid to West was \$44,192 for the year ended December 31, 2017.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Internal Revenue Service (the "IRS") has determined and informed the Company by letter dated January 23, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Emergency Services 401(k) Profit Sharing Plan

Notes to Financial Statements

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2017 financial statements to Schedule H of Form 5500 as of December 31:

	<u>2017</u>
