We were engaged to audit the accompanying financial statements of the MPG Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of April 16, 2018 and December 31, 2017, and the related statement of changes in net assets available for benefits for the period from January 1, 2018 through April 16, 2018, as well as the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the "Basis for Disclaimer of Opinion" paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of April 16, 2018 and December 31, 2017, and for the period from January 1, 2018 through April 16, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Disclaimer of Opinion

Because of the significance of the matter described in the "Basis for Disclaimer of Opinion" paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary Information

The supplemental schedule of delinquent participant contributions for the period from January 1, 2018 through April 16, 2018, referred to as "supplementary information", is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the "Basis for Disclaimer of Opinion" paragraph, it is inappropriate to, and we do not, express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Merger

As described in Note 1 to the financial statements, the Plan's sponsor decided to merge the Plan into other plans sponsored by the Plan sponsor, effective April 16, 2018. All Plan assets were transferred to the other plans on that date. Our report was not modified with respect to that matter.

MPG RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

APRIL 16, 2018 AND DECEMBER 31, 2017 AND

FOR THE PERIOD FROM JANUARY 1, 2018 THROUGH APRIL 16, 2018

1. DESCRIPTION OF THE PLAN

General — The following description of the MPG Retirement Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for more complete details of the Plan’s provisions. Copies of the summary plan description are available from the Human Resource Department of American Axle & Manufacturing, Inc. (the “Company” or “AAM”).

The Plan, established October 16, 2009, has been a defined contribution plan covering eligible employees at participating employers within Metaldyne Performance Group, Inc. and subsidiaries (“MPG”). Employees have been eligible to participate in the Plan immediately upon employment, unless otherwise stipulated by a collective bargaining agreement. The Company could amend, modify, suspend, or terminate the Plan to the extent not precluded by the applicable agreements. No amendment, modification, suspension, or termination of the Plan could have the effect of providing that any amounts then held under the Plan could be used or diverted to any purpose other than for the exclusive benefit of members or their beneficiaries. The Plan has been subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Mergers — As of April 16, 2018, the Plan was amended so that the Plan’s participants who are classified as hourly associates, and the net assets related to those participants’ account balances, were transferred to the American Axle & Manufacturing, Inc. Personal Savings Plan for Hourly-Rate Associates (the “AAM PSP”), while the Plan’s participants who are classified as salaried associates, and the net assets related to those participants’ account balances, were transferred to the American Axle & Manufacturing, Inc. Salaried Savings Plan (the “AAM SSP”). The AAM PSP and the AAM SSP are defined contribution plans sponsored by the Company. The amount of net assets transferred was \$299,637,900.

Contributions — The Plan provided for each participant to contribute up to 100% of his or her eligible earnings on a pre-tax or after-tax basis, unless otherwise stipulated under a collective bargaining agreement. Participants over age 50 were eligible to contribute an additional \$6,000 as a catch-up contribution. Certain limitations existed as defined in the Plan agreement as to maximum contribution amounts. Associate participation was voluntary.

MPG RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

APRIL 16, 2018 AND DECEMBER 31, 2017 AND

FOR THE PERIOD FROM JANUARY 1, 2018 THROUGH APRIL 16, 2018

1. DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (continued) — The Plan provided for discretionary employer matching and profit sharing contributions, which were subject to certain limitations in accordance with Plan provisions. The matching contribution was equal to 50% of the first 6% of employee deferrals for participants who were not members of a collective bargaining group. Company-matching contributions could be made to members of collective bargaining groups if specified in the applicable collective bargaining agreement. Certain members of collective bargaining units were also eligible to receive employer non-elective contributions in accordance with the collective bargaining agreement. There were no profit sharing contributions in 2018.

Vesting — Contributions made by participants vested immediately upon allocation to the participant's account. Each participant's employer matching contributions became fully vested upon receipt for all non-bargaining employees. For participants in the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union ("USW") and USW Local 1533-5, employer matching contributions became vested at 25% each year and became fully vested after four years of service. For participants in the United Automobile, Aerospace, and Agricultural Implement Workers of America ("UAW") and UAW Local 155 and the USW for the Jernberg locations, employer matching contributions became vested at 33% each year and became fully vested after three years of service. Upon merger of the Plan with the AAM PSP and the AAM SSP, the AAM PSP and AAM SSP were amended to incorporate the vesting provisions of the Plan for these bargained employee groups.

Assets representing Company contributions which have not been vested prior to a participant's withdrawal or termination of employment have been applied to reduce subsequent Company contributions and to pay Plan expenses. Forfeitures applied against Company contributions totaled \$84,908 in 2018. As of December 31, 2017, the remaining balance of the forfeiture account was \$74,350.

Investment Options — Participants could direct investments to be split among any of the investment fund options available.

Notes Receivable from Participants — The Plan allowed participants to borrow against their account balances with repayment through payroll deductions. Loans could range from a minimum of \$1,000 to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever was less.

MPG RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) APRIL 16, 2018 AND DECEMBER 31, 2017 AND FOR THE PERIOD FROM JANUARY 1, 2018 THROUGH APRIL 16, 2018

1. DESCRIPTION OF THE PLAN (CONTINUED)

Hardship Withdrawals — The Plan provided for early withdrawal of savings in the event of a participant's financial hardship. A financial hardship is considered to be those amounts necessary to prevent an eviction from, or mortgage foreclosure on, the participant's principal residence, extraordinary medical expenses for one or more members of the participant's immediate family not covered by insurance, post-secondary tuition for one or more members of the participant's immediate family, or the purchase or construction of a principal place of residence. A financial hardship exists only when funds are not reasonably available from the participant's other sources, and the amount withdrawn must not exceed the amount needed in the situation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General — The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Valuation of Investments — The Plan's investments, except for the fully benefit-responsive investment contracts, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The shares of registered investment companies are valued at quoted market prices that represent the asset value of the shares held by the Plan at year-end. The units of money market funds are valued at closing quoted prices reported in active markets. Self-directed brokerage accounts include various investments in publicly traded securities which are valued at the closing quoted prices reported in active markets. Life insurance policies are valued at fair value based on the cash surrender value of the policies. The units of collective trust funds are valued at their estimated net asset value, which is based on the values provided by independent pricing sources, or other methods approved by the trustee of the collective trust funds, for the underlying investments held by the collective trust funds.

The fully benefit-responsive investment contracts are stated at contract value, as described in Note 4.

MPG RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

APRIL 16, 2018 AND DECEMBER 31, 2017 AND

FOR THE PERIOD FROM JANUARY 1, 2018 THROUGH APRIL 16, 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Income — Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on sales of securities are based on average costs. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include gains and losses on investments bought and sold, as well as held, during the period.

Notes Receivable from Participants — Notes receivable from participants are recorded at cost plus accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant note receivable balance is reduced and a benefit payment is recorded. A valuation allowance for credit losses is not considered necessary as of December 31, 2017.

Fair Value Measurements — The Plan has used fair value measurements in the preparation of its financial statements, which utilize various inputs, including those that can be readily observable, corroborated, or are generally unobservable. The Plan has utilized market-based data and valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Additionally, the Plan has applied assumptions that market participants would use in pricing an asset or liability, including assumptions about risk.

The measurement of fair value includes a hierarchy based on the quality of inputs used to measure fair value. Financial assets and liabilities are categorized into this three-level fair value hierarchy based on the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable inputs.

The various levels of the fair value hierarchy are described as follows:

- Level 1 — Financial assets and liabilities whose values are based on unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access
- Level 2 — Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable for substantially the full term of the asset or liability

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (continued) —

- Level 3 — Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement

The use of observable market data, when available, is required in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of increases or decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events — The Plan's management has evaluated subsequent events through February 11, 2019, the date that the accompanying financial statements were available to be issued.

3. INVESTMENTS AND FAIR VALUE (UNAUDITED)

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements, that was prepared by Fidelity Management Trust Company ("Fidelity"), the Plan's trustee. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

3. INVESTMENTS AND FAIR VALUE (UNAUDITED) (CONTINUED)

As of December 31, 2017, the Plan held the following investments with various parties-in-interest:

Investments managed by Fidelity:	
Registered investment companies	\$ 79,104,904
Money market funds	651,179
Self-directed brokerage accounts	<u>50,236</u>
	<u>\$ 79,806,319</u>

4. INVESTMENT CONTRACTS

The Plan entered into a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (“Mass Mutual”). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The life insurance contracts are individual life insurance contracts issued by Metropolitan Life Insurance Company (“MetLife”). MetLife maintains the contributions in a general account for the benefit of the participants named by the contract. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MetLife is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

FOR THE PERIOD FROM JANUARY 1, 2018 THROUGH APRIL 16, 2018

4. INVESTMENT CONTRACTS (CONTINUED)

Interest has been credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest rate has been applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates have been reviewed on a semi-annual basis for resetting. When establishing interest credit rates for this product, MetLife has considered many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer’s general account. The minimum guaranteed rate under the contract as of December 31, 2017 was 1%.

Generally, there were no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There were no events that allowed the issuer to terminate the contract and which required the Plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Contract value, as reported to the Plan by Mass Mutual and MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

5. PLAN TERMINATION

The Company reserves the right to terminate the AAM PSP and the AAM SSP, subject to the provisions of ERISA and any applicable agreements. In the event of termination of either the AAM PSP or the AAM SSP, each participant would have a nonforfeitable right to his or her total account balance as of the date of termination. Company contributions and earnings thereon which were not vested at the time of termination would be credited ratably to the accounts of all participants.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain investments held by the Plan as of December 31, 2017 are managed by Fidelity, the trustee of the Plan. Such investments fall within the investment guidelines of the Plan and are considered parties-in-interest. See Note 3 for investments held by the Plan with various parties-in-interest.

FOR THE PERIOD FROM JANUARY 1, 2018 THROUGH APRIL 16, 2018

6. TRANSACTIONS WITH PARTIES-IN-INTEREST (CONTINUED)

Fees for legal and auditing services were paid by the Company on behalf of the Plan, and fees for recordkeeping and trustee services were paid by participants through revenue sharing. The fees paid by the Company and participants for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

7. INCOME TAX STATUS

The Plan obtained its latest determination letter on December 28, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan was required to operate in conformity with the IRC to maintain its qualification.

The Company submitted a filing under the Voluntary Fiduciary Correction Program ("VFCP") with the U.S. Department of Labor ("DOL") with respect to the late funding of certain 2017 participant contributions.

The late funding of certain 2016 participant contributions, as reported in the supplemental Schedule of Delinquent Participant Contributions, was recently identified by the Company. The Company expects to submit a VFCP to the DOL with respect to the late funding of the 2016 participant contributions.

Aside from the matters discussed above and the matter discussed in Note 8, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. In addition, the Plan administrator was not aware of any unrecognized tax benefits as of April 16, 2018 or December 31, 2017. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. NONEXEMPT TRANSACTIONS

Effective December 1, 2016, three defined contribution plans sponsored by affiliates of MPG were merged into the Plan. Accordingly, all participants and related account balances were transferred into the Plan on that date.

8. NONEXEMPT TRANSACTIONS (CONTINUED)

One of the plans that merged into the Plan on December 1, 2016 (the “Predecessor Plan”) did not permit any participant to borrow from the plan when it was first established. Over a number of years, the sponsor of the Predecessor Plan acquired several unrelated manufacturing companies, some of which sponsored 401(k) plans. One of the acquired companies sponsored a plan that permitted participant loans, while the other plans sponsored by the acquired companies did not. Effective December 31, 2007, the plan that permitted participant loans was merged into the Predecessor Plan. However, the Predecessor Plan continued the past practices of the other acquired plans with respect to not permitting participant loans. In 2009, the Predecessor Plan was amended to allow certain non-represented employees to participate in the Predecessor Plan and to take participant loans. The Predecessor Plan language that explicitly permitted certain employees of some affiliates to borrow, but did not permit borrowing by any other employees, was included in the plan document as amended and restated effective January 1, 2010. The January 1, 2010 amended and restated Predecessor Plan document received an April 27, 2012 favorable determination letter from the IRS. Effective December 1, 2015, the Predecessor Plan was amended to allow all participants to borrow.

As of April 16, 2018 and December 31, 2017, there were 27 and 34 Plan participant loans, respectively, with outstanding balances totaling approximately \$36,000 and \$98,000, respectively, that were initiated after December 31, 2007 and prior to the December 1, 2015 amendment. These participant loans have been included in the transfers of net assets to the AAM PSP and the AAM SSP.

MPG became aware that the loans initiated under the Predecessor Plan from January 1, 2008 through November 30, 2015 could potentially constitute prohibited transactions under IRC Section 4975(e)(2) and nonexempt transactions under ERISA Section 406(a)(1)(A) because loans were not made available to all plan participants on a reasonably equivalent basis during that period.

The Company’s counsel initially engaged in discussions with the DOL regarding correcting this issue. However, the Company’s counsel has concluded that, while the loans do constitute nonexempt transactions under ERISA Section 406(a)(1)(A), the loans do not constitute prohibited transactions under IRC Section 4975(e)(2). Each of the existing loans will be paid off according to the terms of each original loan agreement and will continue to be reported as nonexempt transactions until paid in full or deemed distributed.
